## **The MacKenzies: Happily Ever After** Liliana Hart

Dear Readers,

Thank you so much for loving the MacKenzies and asking for more. The stories in *The MacKenzies Happily Ever After* are all secondary epilogues that occur after *The MacKenzies*. They're meant as a thank you to fans of the series, and should be read after the first stories in the series as characters are reoccurring.

A *Happily Ever After* conclusion to the original MacKenzie Brothers. It's recommended for readers to start with *The MacKenzies* before purchasing *The MacKenzies Happily Ever After*.

### **DANE: A Christmas Wish**

Dane MacKenzie has made mistakes, but despite them all, he's reconnected with the woman he's always loved and the son he never knew he had. But things haven't gone the way he hoped. Charlotte still hasn't set a wedding date, and he's a stranger to his son. The only thing Dane wants for Christmas is for them to be a real family.

A carefully planned seduction, an old legend, and a family that never gives up on each other will give Dane the chance to get his Christmas wish.

### **THOMAS: To Catch A Cupid**

After ten years of marriage, Thomas MacKenzie loves his wife more than ever. But since she retired from being one of the world's best cat burglars, he's noticed the spark that once burned hot between them is barely a flicker. He's determined to do whatever it takes to save their marriage, even if it means he has to do a little thieving himself.

### **RILEY: Fireworks**

Maggie MacKenzie wants nothing more than to hold her own child in her arms. But after three years of marriage, she and Riley have yet to conceive. The heartbreak of disappointment is almost more than she can stand.

Riley MacKenzie has been given the opportunity of a lifetime. The only problem is his wife is the one occupying his thoughts—not his career. The sadness in her eyes is his undoing, and he realizes what they need is to get back to basics and remember their adventurous side. Though a trip to Egypt and a long lost treasure wasn't exactly the adventure he'd been thinking.

### **COOPER: The Ties That Bind**

Cooper MacKenzie lives for the job. At least he did before his marriage. But doing the occasional undercover job for his cousin and keeping it secret from his wife isn't settling well in his gut. Claire has come a long way from being a shy librarian, but she's no one's fool. She knows her husband is keeping something from her. Loving and trusting a man who serves and protects is harder than she realized.

**Andrea Akers says**

**Mackenzie #2**

I love the Mackenzie series and all the books were super full of suspense and romance. I was disappointed in Cooper: Ties That Bind. It was extremely short and left you hanging. There was no closure for that book. Everything else was very good.

**The MacKenzies: happily ever after**

These set of books are the novellas. Almost like a companion or part W to each book. Delightful storylines and of course this family keeps the drama, angst, passion and loyalty going. Great reads.

**And the family grows**

Good to catch up on the son's of John Mackenzie. These 4 stories are all continuations of the original stories about each brother, Dane, Thomas, Riley & Cooper. This book is not intended to stand on its own.
