**Unexpected** Amy Marie

*This is an alternate cover edition for B00LT9HI2O*

At twenty-seven Erin Decker has the perfect life; a thriving career, a dream home she shares with her best friend Noelle, and a secure relationship with Robert, her handsome and faithful boyfriend. Or so she thinks.

When her visions of a marriage proposal are met with the ultimate betrayal, Erin finds herself in the arms of sexy and strong-willed distraction, Walker Prescott.

Her summer becomes life changing as she realizes Walker has left her with a tiny piece of himself and no way to find him...until he suddenly shows up and turns her world upside down.

Can she let go of her past to make way for a future she never saw coming?

Can Walker be exactly what Erin needs?

Will he give her the perfect life she so desperately craves in the most unexpected way?

**Warning:** *This book is intended for readers 18 and Up. Strong language and explicit sexual scenes.*

## From Reader Review Unexpected for online ebook

### ?Tonya? says

Oops I mistakenly put my review in the comments....duh moment

---

### Erika says

3.75 stars

For me, this was a better than average contemporary/new adult romance. Had some things I really liked; some I didn't. There were a lot of sweet, romantic scenes and lots of sex scenes. I liked all of that!! And Walker had some wonderful moments; he was really devoted to Erin.

What I didn't like? Some of the OW drama that popped up here and there. All of it was resolved quickly but it still was annoying to me. Also, sometimes the overall vibe and style in which characters talked/thought didn't work for me. It just felt .... half New Adult/half chick lit, which are not my favorite genres.

Overall, I think most readers will enjoy this romance. The hero and heroine stay faithful to each other during the time they are separated. And there is no cheating -- well, except Erin's BF, who cheats on her at the beginning.

---

### Rachel says

[ absolutely not between the two main characters (hide spoiler)]

---

### Diane says

I received an ARC of this book in exchange for an honest review. This author did a fantastic job on her debut novel. I am thoroughly impressed with her writing style. It pulled at my heartstrings and brought tears to my eyes more than once. This love story between Erin and Walker was so good that I had to read it all in one sitting and am now anxiously awaiting the next book. The next story of Noelle and Trent is going to be just as amazing. I just know it! I highly recommend this book as it is well deserving of 5 stars in my opinion.

---

### Venus Windmiller says

I was offered an ARC for an honest review of Amy's first book. Let me just say I would have purchased this book. It was absolutely AMAZING! Walker is the vision of what all women look for in a book boyfriend. He

is alpha, demanding, sweet, and caring. Erin is sort of messed up when she meets Walker. She is trying to put her life back together after a major upset. Erin and Walker's relationship is perfect. Then you add in her bestie, Noelle, and her saltiness and the whole book is great. There were even some points when I was giggling out loud!

Amy, congrats on your first novel! I CAN'T wait for book two.

“Embrace the Unexpected”.

**Wow, just wow. I that's the words that have been going through my head since I reached chapter 2 in this sweet sexy read. Amy Marie took me for a romantic spin through some funny and sexy but so very sweet interludes between Walker and Erin. I really can't say enough that this book was just what I needed. A sexy , honest and loyal hero who stepped up to the plate and never once faltered..never once wavered. I adored Walker and let's just say that Erin is one lucky heroine.**

**I have to always find the secondary character that steals a piece of my heart. The character that did that here is hands down Noelle, Erin's best friend. She was sassy, funny and just all around a riot. I adored her. You never knew what was going to come out of this chick's mouth. But you could always guarantee it would be something worth remembering for sure.**

**Walker and Erin's love story was something that proves that you can have a sexy and fulfilling romance without all of the angst and misunderstandings that a lot of books tend to have lately. I laughed and even teared up a few times all because of sweet emotions..not tear my heart out angst. I'm a sucker for a man that loves his kids as deeply as his woman..and this was a perfect story about the most perfect kind of love.**

**I really enjoyed this book so much and will be following this author from here on out.**

*Can Walker be exactly what Erin needs?*

*Will he give her the perfect life she so desperately craves in the most unexpected way?*

**It was a very sweet read, and I devoured it, however it was too sweet. Erin, our 27 year old heroine/math teacher finds her boyfriend of 5 years doing his married secretary doggy style, and breaks it off with her basically calling her boring in bed. Erin then has a one night stand with a hot stranger and the next day flees... a couple of weeks later she finds out she is pregnant..then a couple**

months later the new teacher turns out to be her one nighter..she tells him she is pregnant and HE is the sweetest guy ever. Doting on her and his unborn baby since day one. Too sweet right? Walker seemed too perfect, I kept waiting for the other shoe to drop. Maybe I am just jealous that she has this perfect specimen that wants all of her, but I was hoping for some angst, and some problems.. either way it was fun, and I loved both characters!

---

### **Amber Boyd says**

I loved this story! Erin and Walker together are combustible in the best possible way! Walker is pushy and demanding, attentive and sweet, sexy and well did I mention sexy? He's everything Erin never knew she wanted or was missing from her seemingly perfect life. They find out together that sometimes the unexpected encounter brings the most unexpected happiness. Great read! Funny, sweet and sexy.

---

### **Raj says**

3 stars

The story's okay, not that exciting but it's good. I was kind of disappointed when the guy ended up swooning when he learned that she got pregnant with his baby, I kind of expected that typical guy reaction which is to run for the door!

He's sweet and he's a good person, and sooo protective..

The writing style is okay, I skipped quite a lot but in a way that I was still able to understand the story.

[No (hide spoiler)]

---

### **Jensi says**

Great romance! Walker is the sweetest man I've ever read in a book, very impressive for being 23. He was just what Erin needed when her ex turned out to be a jerk and an otherwise difficult situation became romantic and sweet. Great job, Amy!

---

### **Rachel says**

So surprised by this book! So it may have been insta love but honestly whenever Walker would talk I got over it. He was hot and I love how he had a little alpha personality. The way Walker was with Erin was so cute. No stupid unnecessary drama, just a feel good book that was also hot.

---

### **Taylor Freeman says**

[ But there is cheating from past relationships (hide spoiler)]

---

### **Pamela says**

Let me just start off saying that I deserve a pat on the back for reading this piece of craptastic fluff from start to finish. I change my mind. I deserve a medal. And before you ask, yes, I skimmed thru the last half. I've read a lot of novels that are sickly-sweet, but this one takes first prize. Remember the scene in "Ghostbusters" where Bill Murray gets slimed? Well that's me only I got slimed with a barrel of water mixed in with a ten tons of sugar. Everything (except for the cheating boyfriend) is so fucking perfect. Need an example? (view spoiler) The list goes on and on and that doesn't include Erin and how wonderful she is. By the end I was having dry-heaves. Some women may say that he's the type of guy they want. Who wouldn't? I love romance, gifts, being loved and cherished, etc. But this? Come on now. This is just so over-the-top ridiculous it's asinine. Definitely not continuing with the series. I better go shower before the sugar-coating hardens.

---

### **B.E.Love says**

4 1/2 stars, This was just the book I was looking for. If you love an over protective possessive hero you will love Walker. Yes this book is what some may call over the top HEA but I really liked it, from the very beginning I was hooked and I didn't want to put this book down. It was just plain and simple a fun book that leaves you happy, and their was noting anyone could find in Walker not to like. Erin was a great heroine and I love that the people who do wrong in this book gets whats coming to them. I read a lot of books some dark some heavy and some light and this change of pace was just what I needed.

What Erin thought was the worst day of her life the first day of summer break, catching her boyfriend cheating on her turned out to be the best thing for her. After seeing her boyfriend cheating Noelle her friend books them a trip but also vows to get Erin out of her funk. Going out dancing and finally having fun end up with Erin drunk and in a room with the most glorious guy she had ever scene. And after a night she will never forget Erin walked away knowing she shouldn't. Weeks later during her trip Erin's world changes when she realizes she is pregnant with Walker's baby. After trying and failing to find Walker Erin has accepted that she will be raising this baby on her own. Then on her first day back at work after summer break Erin see's the new teacher is none other than Walker.

Neither can believe that their seeing each other, and after finally accepting that she would be a single parent Erin finds herself telling Walker everything. What shocks her most is that Walker regrets her leaving and is ecstatic that they have found each other and more so that she is pregnant, and he wants them to be together. But after finding her ex cheating Erin isn't sure she can trust any an ever agin. Agreeing to go on a Date soon Erin finds herself falling in love with Walker. But another teacher at school wants Walker and when Erin thinks it can't get any worse Erin see's Walker with the person she never wants to see again. Now Walker will have to set everything right to have the life the love of his life while at the same time they will both learn what matters most.

The last several books I have read I have really liked but I still felt in a funk and I'm not sure why but this book brought me right out of that funk. It was just what I needed. I didn't want to sleep or do anything else but read this book. Yes it was sugary sweet but it was also perfect. Amy Marie did a great job with this book not only with the story and main characters but also with creating amazing side characters, and creating a whole world for us. I'm not sure how I feel about Erin's best friend yes she loved Erin but I couldn't live with someone who treated me like a child and told me what to do, but on the other I see book two is about her and that is one of her issues. Their is sad in this book but Ms. Marie really uses that sad to show Erin and Walker what really matters in life and I loved watching them come together after the loss in this book. I highly record this book to anyone who loves a possessive hero, or anyone who loves a book with a pregnant heroine, but more so to anyone who just need a refreshing change of pace in their reading.
