??????? 1 [Konya mo Nemurenai 1] Kotetsuko Yamamoto , ?? ???

[illegible]

Shy freshman college student Rikiya knows he likes guys, but has never been in a relationship, only able to look on without expressing his feelings. Living on his own for the first time he decides to try and change his life and joins a gay dating site. Everything seems perfect until he finds himself about to be attacked with nowhere to turn yet desperately hoping for help, when a guy crawls through the wall and says, "There's no helping it. What's your wish?"

**Daesy says**

I just love them, nothing more to add.

---

**Shan(Littleirishbookcat) says**

**Trigger warning** Attempted rape.

This little Manga was brilliant and so much better than I expected. One thing I loved was that our main character- Rikiya, states at the very beginning that he is gay and that's written on page. His ( hopefully) love interest- Eundo is also bisexual( written on page). On top of that we have a side of supernatural as Eundo is a demon who saves Rikiya, when Rikiya accidentally summons him.

So far this volume is just taster but I'm excited to see were the story takes us.

Do tread lightly when reading because there is an attempted rape scene. Rikiya meets a guy online who's not who he seems and while Eundo does save him, it's still a horrible scene.

3,6/5 Sternen

Das war wieder ganz nett aber irgendwie haut es mich nicht vom Hocker. Der Story merkt man an, dass sie inhaltlich etwas komplexer als viele andere sein wollte. Trotzdem fand ich es teilweise etwas langweilig. An sich würde ich schon gern wissen wie es mit dem Hauptcharakter weiter geht, da ich ihn sehr sympathisch fand. Er hat noch keine homosexuellen Erfahrungen und ist schüchtern. Daher versucht er über ein Dating-Portal jemanden kennenzulernen. Dabei hat er aber wirklich mehr als Pech und bei einem dieser Treffen muss er um Hilfe rufen und ein Dämon kommt ihm zur Hilfe. Dieser Dämon ist wirklich ne Marke für sich und war unterhaltsam.

Der Zeichenstil war auch ganz gut.

Alles in allem, denke ich, werde ich der Reihe noch eine zweite Chance geben.

## **Honya says**

So, for a short (3-volume) yaoi manga, I found Konya mo Nemurenai to be pretty cute and interesting. It's one of those odd instances where I don't find anything particularly original in it . . . like, I feel like all the major story elements are ones I've encountered elsewhere. But Yamamoto-san pieces these elements together skillfully and sweetly such that the story feels comfortable, familiar, and cozy rather than boring or repetitive. I know it's technically yaoi, but it's one of the most pure-hearted and innocent of the genre I've seen—there are only a few sexually-related scenes in the whole story, although do be warned that there's one near the beginning that's pretty bad and scary. The characters really make this story shine: Rikiya's sweet and shy and accommodating in the extreme, while Endo is, well a demon although in the tamed-down manga sense. He's unpredictable, relatively amoral, doing what he wants without regard to how it inconveniences others—but at the same time he's capable of some pretty passionate defense of the things and people he cares about, which is pretty cool. Plus there are a number of other interesting characters who show up as the story goes along, just to stir things up. The art's nice, expressive and attractive but not too overdone either—it suits the story. I guess I'd mostly only recommend Konya mo Nemurenai to those who enjoy shounen ai/mild yaoi manga, but for that group, I think this is a great read that will be much enjoyed.

## **Enya says**

Very funny :D

---

## **Emily Dones says**

I'm so glad Endo saved him before things ended badly. This is a very realistic manga which is very uncommon in the yaoi genre of course I'm talking about the online dating part.

Rating: 5 happy stars

Guess who's having another manga reading obsession again.

I bought a few new mangas today and I was pleasantly surprised by this one. Not only is it a LGBT+ themed manga, it is without oversexualized content as it mostly is with two male main characters.

Hiriki defo has a lot of growing to do, to become a person I would identify with, but he was cute and his banter with Endo was soo damn funny. I love Endo, btw. He's my perfect antihero.

(And don't forget respectable Mark :D ) This manga is so fluffy and funny, there was no way I wouldn't have loved it.

Now I need to get the sequels.

### **Sherry says**

This was lovely. I really liked it - it's funny and interesting and even tugged at my heart strings a little bit. the art is lovely too although I have to get used to Endos face \*laughs\*

I'm looking forward to the next volume.

---

### **Sophie says**

The manga itself is really cute. I really like Yamamoto Kotetsuko's style - both when it comes to drawing and writing. The translation is really good - apart from two or three bits which read a bit odd I have no complaints -and they even managed to use slang without sounding unnatural, which is a rare feat indeed.

---

### **Krasimir says**

Not what I expected but it was quite entertaining. I can already sort of see where the story is going, nevertheless I can't wait to read what happens next. The main character reminds me of someone in my life, it's strange when I think about the similarities. I think he is way too trusting and naïve for his own good.

---

### **Mayu says**

Quería leer esta serie por su aparente comicidad, por su peculiar fantasía y por su supuesto romance yaoi. Pues todo eso ha sido un engaño y es una obra de cero absoluto.

Os cuento por qué en:

RESEÑA

**Clara says**

Ayer algo hizo que lo empezase y lo he acabado leyendo del tirón (los tres tomos). No termino de creerme la historia de "amor" entre los dos protagonistas y menos los sentimientos de Endo pero no ha estado mal para pasar el rato y la verdad es que el estilo de dibujo es bastante agradable a la vista. Probablemente leeré el spin off de Verde y Sakamoto.
