3 Sleuths, 2 Dogs, 1 Murder

Maggie Pill

3 Sleuths, 2 Dogs, 1 Murder Maggie Pill

When Retta's "gentleman friend" is accused of murder, the Sleuth Sisters take on the case. Winston Darrow is a charmer, but his secrets create trouble that spills onto Retta, Barb, Faye, and even police chief Rory Neuencamp. Someone is out to get Win, someone he claims is the real killer. While Retta admits Win is less trustworthy than her daffy Newfoundland dog, she insists he's not a murderer.

Dogs become an issue when Faye rescues a mutt she finds hurt on the road. Though Barb isn't a fan, she can't refuse Faye's request to keep the homely, ill-tempered Buddy. Retta, though doubtful about adopting strays, is determined that Faye's dog and her Styx will be great friends. The adjustment isn't easy, since Buddy sees Faye as the only worthwhile being in the world.

As the sisters conduct their investigation, mysterious men interfere, each more threatening than the last. What do they want with them—and with Winston?

When the situation turns dangerous, the sleuths hide Win at Rory's cabin, reachable in a Michigan winter only by snowmobile. In the frozen wilderness, Barb and Retta must ignore their differences and work together to stay alive. Back at home, Faye faces a deadly enemy with only Buddy and a couple of horses for backup.

If the Sleuth Sisters live through this, it will be due to family solidarity, doggie instincts, and loyal friends. But really, who would ask for more?

3 Sleuths, 2 Dogs, 1 Murder Details

Sarina Rose says

A charming book not only about murder but about the relationship between sister, something close to my heart. Pill has written a few twists and turns in the plot that kept me awake and reading. A good book.

Lynn Demsky says

I enjoyed this cozy - particularly liked how the dogs, horses played important role and weren't just "pets". Also really enjoyed how the three sisters, being so totally different did manage to work together to get a job done - the story was well-written, well-plotted and just plain fun to read like a cozy should be!

Mary says

Plenty action and excitement in this cozy mystery. Only annoying bit was Barbara having to correct grammar that she spotted on notices. Seemed pointless to the story. Good mystery and the main characters, including the dogs, were really good. The secondary characters added plenty to the story as did the weather! A very pleasant read.

Cyndi says

Two sisters have become private detectives after the kids move out. When their little sister finds out the guy she's been dating is not only married but accused of murdering his wife she joins with her sisters in proving him innocent.
Lots of excitement in a good mystery.

Rachel says

Wonderful!

I couldn't put it down. There is one grammatical error. "Are the book still there?" It should say, " Are the books still there? " otherwise, it was very well-written. I loved it.

Kris Schmidgall says

I loved this book! I listened to the audiobook, which is done by 3 narrators for the 3 sisters' point of view,

and it was so good! I immediately bought the first book in the series (this was my first Maggie Pill), and will buy the next one when it comes out. This is my favorite type of mystery - not too violent or upsetting, but it still draws you right in and gets you interested in all the characters. Then you have to keep up with the series to see what happens to the people involved. I also appreciate that the sisters are a little bit older - not in their twenties.

The writing is excellent and the narration and production were also. Just great!

Donna says

I loved this book as much as I loved The Sleuth Sisters. The book is well written, flows easily, and is fast-paced. I like the fact that the sisters are middle-aged instead of drop dead gorgeous twenty-somethings. Each sister is a fully developed character with nuances and quirks. Supporting characters are well developed, too. The sisters have realistic relationships--they can drive each other crazy but love always triumphs. I can't wait to read the next book in the series.

Beth Kaminske says

Sleuth Sisters

I think it sounds better than Smart Detectives. Good story. The ending was no surprise, but I liked the way the sisters worked out all the details in the middle. Proof they are some pretty Smart Detectives.

Misfits farm says

This is one of those "Cozy" mysteries that you either love or hate. Some of these ones, I really haven't enjoyed through lack of substance, however this one is different. Take that one of the sisters does "Correction exercises" which consists of correcting anonymously the grammar of others (hope this is correct!!) Anyone who can write that into a mystery has my respect!

There is a laugh in most chapters and a decent storyline. Characters are mostly developed, the ones that aren't get better as the story continues (ie. The chief suspect appears a bit "thin" to start with but then we learn more about his background which is only to be expected given the story line).

A light hearted, enjoyable read

Guylou says

This is the second book in a series called "The Sleuth Sisters Mysteries". This is a fun series about three sisters of mature age which joint hands to defend the innocents and fight crime. This book is full of adventure, great plots and intelligent solutioning. I love how the sisters interact... they complete one and another. This is a light reading; perfect for the beach or a road trip. I recommend you read the first book before starting this one so you can get to know the characters.

Diana Hershberger says**Confused,yes I am**

3 sisters, alternating chapters written in the first person. I never straightened them out. Good, but could have been better.

ChrisGA says

Fun cozy mystery

Marg Siegler says**Golden girls...**

I love the sleuths sisters. Three retired sisters, each with a different life story, start a PI agency. Each sister is well defined. The plot and characters are well thought out. I haven't read the first book in the series, so I am off to find it. TA TA

Rebecca says

I like the sisters... especially Barb. the POVs are marked clearly and kept straight, so it works pretty well.

Doreen says

Just when the sisters think it couldn't get worse, it does. Winston, wimpy coward, drags them into a messy situation that even he isn't fully aware of. Thugs keep coming and it's hard to tell good guys from bad. Add some romance, an injured stray dog and an overly friendly Newfoundlander to the mix and this story keeps you reading.
