### Rachel says

This was possibly my favorite book out of the entire series! This is the book where grown-up Mabel meets a man in her life who will change her forever. As with all of the books in this series, I laughed and was captivated through the whole book.

### Tirzah says

This is perhaps my favorite of what I like to call the "second" *Grandma's Attic* series. There are lots of challenges Mabel and Sarah Jane face that help them mature into strong, young women. Each have their own school and experience the life of a schoolteacher while Mabel finds herself faced with a duo of romantic suitors. As always, Mabel's story is a comical, inspirational read!

### Hannah says

This was probably my favorite book of the series! The loved story of Mabel and Len was darling!

### Jessie says

I am wavering on how many stars to give this one. Cute simple story set in my favorite time period. I really wished there were a little more "moments" between Len and Mabel. I also felt the book could have used a little more embellishment overall on detailed stories to bring out personality and variety. However, I really liked how respectful Len was on Mabel and her current relationship.

I did not realize this was book#2 of a series. I think I will read book #1 and #3 for sure.

### Annalise says

I decided to go back and reread some of the Grandma's attic books. I have always loved the Grandma's attic series, but this one is by far my favorite. What I appreciate about it most is that is a true story with great humor, fun characters, and a little bit of romance that all takes place in Michigan. :)

### Elizabeth says

This is book six of the 10-book Grandma's Attic series. While these later books are perhaps an idealized historical fiction of the author's grandmother, they are a lovely insight into rural life in late 1800s Michigan. These books are charming, simple, and very quick read for an adult. I read this one in about an hour. I love

this series!

Note: This book was originally released with the title, "Eighteen and On Her Own."
