Act of Passion

Mandy M. Roth

Act of Passion Mandy M. Roth

Paranormal Shifter Military Special Ops Romance. Book five in the bestselling series PSI-Ops!

Paranormal Security and Intelligence operative and lion-shifter Malik "Tut" Nasser's past is about to catch up to the ancient Egyptian.

When he agreed to help test a drug that could help supernaturals with control issues, he never thought it would have the opposite effect on him. So when he finds himself fighting the urge to lay claim to a human woman, he's far from prepared for what happens next.

Winning an all-expenses-paid trip to Egypt felt like a dream come true for Brooke Larner. Everything in her life is lining up perfectly—even the handsome new man she's found herself attracted to. Before long she's handing over more than just her heart, thinking it just might be for keeps. When it doesn't go as planned, Brooke finds herself running right into the hands of madmen bent on creating super soldiers. And she soon realizes that creatures from stories and nightmares are altogether too real.

After five years of searching for Brooke, Malik has finally reached his breaking point. Already the obsession to find her left him shifting into a lion in a very public place before being forced on mandatory leave. Still, he can't get her out of his mind. The suppression drugs have been out of his system for years. The burning desire for Brooke should have gone with them.

It didn't.

So when chance leaves their paths crossing once more, he realizes destiny is at play. The only problem is, she doesn't trust him and she has a secret she's willing to die to protect.

As demons from their past resurface, they find themselves in a battle to save everything they hold dear.

Jan Janus says

I have to say out of all the books from this series, this one is by far my favorite so far! This is Malik and Brooke's story and let me tell you it is a whopper of a story line. We have our usual characters and boy does Striker finally meet his match in this one. What do I want to say that won't give a spoiler? This: prepare yourself for the laugh of a lifetime with the meeting of Edee and our wild man Striker. Tut, well he's just all up in arms over a human and has no idea why, he blames other things instead of the straight out truth of the matter. We have of course lots of action packed scenes that will have you on the edge of your seat and of course a nice little twist of fate that gets all the Ops in a twist, just wait for it, and make sure to have your imaginary camera in hand for the a\$\$hole award photo shoot of the year, this one has nothing on Lil' dude and duke :-) Grab your copy to day and start reading. Enjoy

I voluntarily received an ARC copy of this book for review.

itsmeesahara♥? says

4.5 ?????

Malik and Brooke

A good way to start a story ?"kaboom" ? then some of my questions about Malik were answered too... I can perfectly say that they are perfectly match and hey this is not a quick read either ?

The Immortal Ops Universe keeps getting better and better w/ Brooke and Malik's story and them being powerful. Action-packed, funny and tear jerking story is what I also got.

Some new characters were also introduced so we can expect that the I-Ops Universe will still keep growing.. Cant wait to read the other stories ?

Definitely a book to read ?

Mandy M . Roth does it again!

Once again she gave us an amazing book!!!

I love love love her series but this one is a bit closer to my heart.

It was time we had Tuts story and wow!

There was action and tears and laughter and awwwww moments through out the book!

As always the comedy between the men is amazing!

Heat, passion and anything else you may need is in here!

I might say that this book is in my top 5 so far of the PSI -Ops/I-Ops books!

I was given a complimentary copy of this book and this is my honest review.

Pam Louis says

Malik Nasser is a PSI agent (paranormal security and intelligence) and an ancient. He and his team are sent to a mission in Egypt that doesn't go well but back at the hotel he meets the women of his dreams. The one his cat purrs for but that can't be right she smells human?

Brook and her best friend Edee just finished collage and are set to get the jobs of their dreams. A travel agency called telling them they won an all paid trip to Egypt. Odd since they did not remember entering but their names were on the tickets so they went. It's a chance of a lifetime. . . she meets the guy of her dreams BUT Yea there is always that but this one is a major one. I can't tell you it will give the story away. It's full of action, betrayal, intrigue, mystery, evil guys, hot guys, twists and turns that don't stop. I love the group camaraderie. These guys are great. The action will have you at the edge of your seat. I loved it. Voluntarily reviewed a copy and I honestly loved it.

Miamigirl007 says

Malik is the Man, The King Has Returned!

Haven't read the PSI-Ops books yet? You're missing out! If you love sexy alpha-shifters, spirited heroines, steamy action, and snarky humor this is the series for you. I can't wait for the next PSI-Ops book! We get to see some of favorite PSI operatives in action and get to meet some new alpha-males, who we can only hope Mandy has plans for in the future!

Malik Nasser, is back in action with his team coming off a forced leave, after losing control of his animal in public. His control is still hanging on by a thread, he is obsessed with finding a woman he met 5 years ago, Brooke Larner. Although believing Brooke is human, Malik is instantly drawn to her and ultimately claims her as his mate. Fearing for her safety around his shifter side, Malik chases Brooke away. Only he chases her right into the arms of the enemy. Once he realizes she's been abducted he is hell bent on finding her.

Brooke Larner, got more than she bargained for when she won a trip of a lifetime to Egypt. While on her trip she instantly falls for Malik, a mysterious hottie who comes to her aid. After an unforgettable night with Malik, Brooke is snatched by the Corporation, that's when she finds out that there is more to her than she knows. Fearing Malik is dead and after months of being experimented on, Brooke finally escapes. 5 years is a long time to constantly keep looking over her shoulder for the Corporation, but Brooke is determined to keep the precious gift of her one night with Malik safe and protected at all costs. Brooke is not the same naïve girl she was when she was taken, now she has some incredible weapons in her arsenal to keep all she holds dear protected.

When Malik stumbles across Brooke's path, the 5 years he's spent looking for her melt away. He is determined to step up and keep her safe from all harm, however Malik doesn't realize Brooke might not be quite the damsel in distress he remembers. As secrets of their past come to light, can Malik and Brooke get past them to keep everything they hold dear safe?

I received this as an ARC in exchange for an honest review and I couldn't put it down!

Heather says

HOLY COW!! This is now my favorite I-Ops book! It was full of the comedy we expect from the I-Ops, oh the A-hole of the Week award is a doozy. A suggestion, DO NOT eat or drink while reading. I might have gotten a green bean in the nose when I choked and this was only in Chapter 1 and it got funnier. It was also full of the heat we expect when the mating lust hits these guys. There are also some unexpected oh hell moments. I stayed up way too late reading this one because there was just no good point to put it down. No good stopping point. Ms. Roth drew me in and had me hooked from the very beginning. The Corporation is still out there causing issues for everyone. But, don't mess with a mate!

I voluntarily reviewed an ARC of this book.

Vashti says

This book has a ton of 5 star reviews and while it started out at 3 stars for me at the beginning, it soon went to

5 stars then took a huge nosedive to 1 star as it revealed something that really did not gel with me and took my enjoyment out of this book. I did not buy the book either.

Sue Me says

5 years ago.

We find most of the team 5 PSI (Paranormal Security and Intelligence) Operatives in Egypt on a mission to find dangerous weapons that are particularly dangerous for supernaturals, like them. This is the Team 5 that we have followed along with for years and loved. Malik Nasser, otherwise known to his teammates as TUT for his ancient Egyptian heritage is with them for this mission, as are a couple operatives from London's team 7: Garth and Rurik.

Meanwhile, two rather naive young girls, just graduated with their master's degrees have somehow won a contest for two weeks at a deluxe hotel in Egypt, for a contest that they cannot remember ever entering. They are dressed for hot weather as they would have in the USA... not smart girls. They have been best friends since elementary school. Our heroine, Brooke Larner and her crazy sidekick, redhead Edee. The limo driver takes Brooke's hand to help her out of the car. He feels cold and empty, just as he did at the airport. Odd. Edee also took his hand and her gaze briefly narrowed. Men from the resort took their bags. Something felt 'off' to Brooke. There were some tall, rich-looking, well-dressed men looking at them. They looked too flashy, especially the man dressed all in white with rings on every finger. He looked like a 'pimp'. One of the men touched his ear and Brooke realized he had an earpiece, like the type security men used.

A different group of men arrived, dressed in black from head to toe with long hair. They managed to make the 'suits' look ugly. One man had a scorched shirt, but the skin beneath it was smooth and blemish-free with a tattoo. They all looked really badass!

What a ride! I LOVED this story! Lots of surprises and possibilities of more stories to come from that masterful storyteller, Mandy Roth. I received this book as an ARC, but the choice to read/review was left to my discretion. I was PLEASED to write this review.

Kathy Tozzi says

Act Of Passion
Mandy M. Roth

The story of Malik Nasser Lion Shifter or Tutt as his crazy, hilarious colleagues call him and Brooke Larner a human who has become the focus of all Malik's thoughts.

Malik and his team of crazies are on a mission in Egypt (his native land) when a beautiful woman just pops into his path. A vision of loveliness needing saving.

One night together and Malik falls hard for Brooke but is confused because she is human. His Lion tells him she is their Mate but he thinks it is because of test drugs he is using.

Brooke and her best friend win a trip to Egypt but don't remember ever signing up for one. She doesn't understand why, but she is drawn to Malik and falls for him as well.

The morning after a beautiful night, Malik is confused. His lion defies him and is convinced that Brooke will

be with them as one.

Malik loses control of his Lion and Brooke is whisked away before she can witness his change. The next thing you know she and her friend go missing.

Fast forward 5 years. Malik has never given up on finding her. Driven by anger and pain knowing she was abducted is slowly killing him.

All of a sudden he catches her scent, realizing she is in fact alive and close he is on the hunt.

Much has happened in the 5 years they have been apart. Brooke thinking he was killed when she was abducted. When they finally realize that they are both very much alive trouble starts all over again.

We get to catch up with all our old loveable friends from previous books and meet some new ones along the way.

I have read every book in this series and have always found the new one as the best. This one without a doubt is my favorite! You will laugh, cry and yes even shout along with them all. There are so many favorite parts it is impossible to pick the best.

Mandy has really outdone herself this time. Easily the best of this incredible series. A series that I hope has no end!

I was provided a copy of this book in exchange for an honest review

Nikki Brooks says

The enigmatic, master of patience, Malik is getting his shot at love!

Malik (Aka Tut to the rest of the team) has taken well to the modern world. Unlike some of his luddite shifter teammates he can google with the best of them. But he has a couple of deep, dark secrets he'd rather his teammates didn't know about. But when some R&R after a mission in his home country leads him to a top resort he didn't expect trouble to follow him. When will he ever learn that with Striker about that will ALWAYS happen!

Brooke and her friend don't remember entering any competitions to win a holiday but as struggling Grad students they'll take it anyway. Malik immediately is pulled towards her. But it can only be the meds he's testing right?? Brooke is human as they come. But after a hot and passionate night when Malik all but proposes to her, he kicks her to the kerb, not realising he does to to protect her from the shift that is forcing on him. Later Malik tries to find her only to find out that she and her friend were taken.

Fast forward 5 years and Malik is still searching for Brooke every chance he gets. He keeps smelling that unique scent of hers nearby and it drives him nuts. But not as nuts as when he realises just where she has been and who she has been hiding these last couple of years!

As with any I-Ops/Psi Ops books the vein of humour is large! I love these boys hard. Striker continues to be my favourite (well he is a fellow Scot!) but they all have a home n my heart! Evan Corbin! The A-hole of the Week award is still going strong but what happens when half the team is in the same photo (hint...there is a tea party involved!!!) . As usual I had to read it all in a oner...no quitting for me! Edee is giving Striker a run for his money in the innuendo stakes and I really hope we see more of her! The Corporation are still causing headaches galore for the good guys. No spoilers from me but there are tears at points and I did get a bit

irritated by some of Maliks assumptions! But a great book in a fab series!

Robin says

Ms. Roth does it again for me. I love her PSI-OPS world of supernatural characters. She writes in a way that gets me involved with the overall story line and the mini story line for the characters involved in this case it is Malik the hidden Egyptian God who could have been king as well as being a cat shifter who discovers his mate a resort. Bethany won a trip to Egypt along with her best friend Edee. She is more than she appears and I loved how Ms. Roth brought these two characters together.

I highly recommend this series as they are full of actions and fated mates coming together under unusual circumstance. There is enough love, action, passion and drama to keep you enthralled from start to finish. I voluntarily read an advance copy and have not been compensated in any way for this opinion. Judge it for yourself I dare you not to fall in love with the hot sexy men of the PSI - OPS teams.

Sue Riley says

Act of PassionAct of PassionAct of Passion Mandy M. Roth

Reviewed by SFF Dragon*

This totally awesome PNR is sexy, steamy, sad, funny and all action from beginning to end. I absolutely loved it.

Oh wow! What an absolutely fantastic addition to Mandy Roth's PSI Ops, part of her Immortal Ops World. 'Act of Passion' is the fifth book in the PSI Ops series and one of the best so far. I absolutely loved it and devoured it in two days which is pretty good going for me, I usually take at least three or, more often, four days to read a book this length, but I just couldn't put it down. This military based paranormal romance was action packed from beginning to end, had my emotions in a stranglehold and me gripping the edge of my seat with my adrenaline pumping and cheering the good guys on. It was sexy, steamy, funny, sad, a tad bloodthirsty in places, has a terrific happily everafter and was absolutely wonderful.

I'm not going to give spoilers which limits what I'm prepared to say because, whilst the story is easy to follow, the book simply has too much going on for me to pick things out. Brooke Larner and Edee, her best friend since starting High School have just graduated with Masters Degrees and are on an all expenses paid luxury trip of a lifetime in Egypt, which is great, except neither of them remembers actually entering to win it. But they've worked really hard and are going to enjoy their good fortune before starting their respective careers and the next chapter in their lives. But their first day there changes everything in ways that are completely unexpected and will become obvious as the book progresses. Fresh from being blown up and singed taking down a gunrunner's warehouse, Malik Nasser's life also changes on the same day when he rescues Brooke from an arrogant scumbag, dripping in gold rings, wearing a white pimp suit, surrounded by muscle in designer suits and trying to drag her away. Okay, I'm not going to say anymore, you'll just have to read the book.

Filled with wonderful and diverse supernatural characters including shifters, vampires and fae from previous Immortal Ops World books as well as a few new ones, I felt like I was on a journey with old friends, although for those who haven't read the previous books, there's tons of background so you won't feel like you've missed anything, it can easily be read as a stand alone and there's a handy reading order and series helper at the beginning of the book to help identify who's who in their world. Although the book is written with Mandy Roth's usual humour, there are some seriously funny bits that had me laughing out loud, including drunken singing and a tea party that will stay with me for years. There were also some bits so sad they had me crying but I absolutely loved the story and wouldn't change a thing. I really wish I could give it a lot more than the 5 stars I'm limited to.

Gizzie says

This book was action packed clear until the end. It had humor along with burning love. No, Elvis wasn't in the house, but there were several hunks to take his place. Loved the book!

Fran Zoch, LSoR says

Brooke and her best friend are human and won a trip they didn't even know they had signed up for and while there she meets Tut, he is with the Immortal Ops and is drawn to her, after one night shared he pushes her away and she is taken he searches for years for her and what happens will take your breath away.

Sonia says

I think this is best in series so far. Lots of laughter, emotional, secrets on both sides, kick *ss action, and sexy moments that are great. Wanna see if Striker and Edee are a match, they both are hilarious and both have secrets.
