Ruby M says

Is there a shark in these waters?

The ending for this chapter was a bit too dark for me. I don't know if I like the direction this story is going, it feels as though it has jumped the shark a bit. The illustrations were beautiful as always.

I will probably see how the next couple of chapters go but I'm seriously considering not reading this story anymore until Black Butler ends as a manga.

K. Lynn Cullipher says

Chapter 135 of "Black Butler" by Yana Toboso is exactly what I wanted. The art is beautiful, the story is heartbreak...everything that led up to this moment was well worth the wait. Now, now we shall see what truly happened to the Phantomhive twins when Sebastian was summoned for the first time!

What a great way to start off the new year for me.

Annie says

Not liking the whole twins thing, what do you mean Ciel isn't Ciel????? Too much angst is killing me - Book of Atlantis was enough thank you.
