Crimson Tielle St. Clare

Book 1 of the Red Panty Diaries.

Three friends, three blazing-hot pairs of panties...and one wicked, wicked wedding gown.

Cait has had it with men who happen to be cops - too arrogant, too dominant...too sexy. But when the borrowed wedding dress she's wearing falls off in front of Rain, her resolve to stay away from cops vanishes.

Rain attends a fundraiser under duress, but his evening is looking up when he finds himself alone with Cait. One moment she's wearing an ugly wedding dress, the next, nothing but a pair of crimson panties. He's fantasized about her often, but she's dated his best friend Tanner, which makes her off limits.

Tanner knows Rain and Cait would be perfect together, but he still wants her all to himself. Until she stands before them naked except for her panties. Suddenly Tanner is willing to share...

This book was good/ok. I liked the way this was written and was totally into it, up to a point. There were emotions, good friends, and great written heated scenes. As for the lower rating, I'm not a fan of more than two in a 'couple'. Other than that fact I really enjoyed the book. If this had only one or the other of the guys this would've a really good book. I like my people monogamous. Overall, well written and gripping but a little too much for me. Good Luck

4 Huge Stars

This book was brilliant. I loved every second of it. It really was different and Tielle St. Clare can write a sex scene like no other. I absolutely adored the characters and the "jinxed" wedding dress was a pretty great part of the story. It was funny, interesting, and just plain hot. The only reason I did not give it five stars is because I am still trying to figure out if the dress on fell off for Rain or was it when Tanner was around too because I do not remember a time where Tanner affected it!

Great Book and I will definitely read book two!

This was a smoking hot, sexy, quick, fun read! Heavy on loving, light on plot. At the first mention of the cursed wedding dress, I found myself rolling my eyes, but that was short lived and it added a unique fun twist to a sexy ménage read!

I enjoyed the characters and liked the HFN ending, thank goodness there was no insta-love. These three were mature enough to realise great sex doesn't equal love!

This is one freebie that didn't disappoint (me).

This is basically pure erotica. I didn't realize that going in. There isn't really anything going on except sex. I'm not rating this book. It wasn't bad for what it was, but I wasn't in the right mindset reading this book to fairly rate it.

Ambrosia says

Erotica with menage and light BDSM. If you're looking for well-written sex scenes with a silly but not lame plot device to string them together, then this is a good story for you. If you want actual romance and a real plot, then skip this book. I admit that I need more romance and plot to pique my interest in the sex scenes, so I ended up skimming this book. The 3 stars is because it is well-written without noticeable mistakes.

Hot ménage. A wedding dress cursed to fall off when meeting your true love falls off for two besties! I loved it! One injured and unsure of himself the other his best friend who has supported him since he was shot. There's cops are hunky and dominant yet sweet. Some light BDSM added some good sex to the story. Really enjoyed this!

if u r into menage de trios n kinky genre.. then this book is a MUST read!! ^_^

Chalice says

Not a bad book, but way too short for me. I liked the MCs and the cursed dress angle was creative. Wish it had been MMF and not MFM. If I can borrow the others, I might read the rest of the series.

Katherine says

Pretty good m/f/m story. Sexy times w alpha and beta male and their colleague. Very short. I liked the fact that the story ended w a HFN on the way to a HEA. No insta-love, thankfully.

There are times when I have mixed feelings about a book and this is one of them. I would say it is barely a three star rating, but definitely better than a two star rating. As I finished it, I was struck with the thought that it is just a slice of a story, and I think it describes this book aptly. We as readers are thrown into the story, where the characters have histories with each other, but we don't get much in the way of details on that history. Each character has something going on with them, but we again don't get to see much of that developed. It was definitely erotic, but without a lot of background details, that's all this book has going for it. I like the premise of the dress, but there are too many questions in my mind surrounding it. Based on the lack of details in this book, I would be willing to bet that the subsequent stories also suffer from this lack and

will not be continuing with the series as well as considering removing this from my Kindle and Amazon Cloud. I just don't think it will be worth re-reading.

4.5 funny, sexy stars!

This is one freebie that didn't disappoint me. Hot ménage. A wedding dress cursed to fall off when meeting your true love falls off. Cait is a cop who likes two men but is unsure about how they feel or even if she wants them to feel anything for her. Rain is cop back on duty after a case that went wrong left him injured and side lined for the better part of a year; and Tanner his friend, is desperate to get Rain back into the land of the living. He knows Rain is into Cait and although he wants her himself, he is willing to sacrifice for his friends happiness. But what happens when they all realize they can have what they want hot steamy sex.

Berls says

Meh. I wanted something sexy and light and fun ... this sort of lived up to that. But it was just too far out there. The main character borrows a wedding dress for a party where you're supposed to wear old wedding or bridesmaid dresses and it's apparently cursed to fall off whenever she encounters the person she's meant to be with. So the dress keeps falling off around these two guys, leading to sexy encounters that are only somewhat sexy honestly. I think it would have been better if the situation leading up to sex hadn't been so ridiculous. I know I won't be continuing with the series, just want for me.

Tabatha says

This one was a cute read for sure. I thought all the characters were great, and it packed a whole lot of heat. I thought the idea of a cursed wedding dress was a quirky fun twist, and it made for some funny and sexy entertainment. With it being a short story, I'm glad we got a happy for now ending, because I find it hard to work a believable lasting menage relationship into something so short.
