Great story. I'll admit that at first I was worried the ending would be a bit anticlimactic, but it wasn't. I do wish we had gotten to hear a bit more about the six month gap in their relationship though. I mean we go from the hospital to the ending without any real details Bout the in between. Still a good book though and I'm looking forward to reading the next book.

Another fun mystery in the Cattlemen Crime Club series!

Tyler O-Brien is out working the family ranch and stumbles across an ATV accident scene. He finds an unfamiliar woman trapped and comes to her aid. She has a head injury and can't remember who she is, so he stays by her side and gets her medical attention. Eventually she figures out who she is ... but the name she gives the next time he sees her, and the guy sitting by her side don't add up to the way she's acting!

Jessica Davidson is pretending to be her twin sister Jennifer, and the man who is insisting she is his fiancée is obviously up to no good! She gets Tyler to help her get away from him and tells him the truth and gets him to help her search for Jenn, who she thinks must be in trouble since she hasn't heard from her! The twists and turns this mystery take leave you guessing who the guilty parties are until the end.

Good story

The story was a good one, but it sometimes lacked fast read because of type-is and fancy words. Will continue reading this series

Pam says

Good read in the Romantic Intrigue Suspense style. The twists kept it interesting.

Paula Legate says

I really enjoyed this book. It had everything that makes up a great book. It had action, romance, and suspense.

Jessica agreed to switch places with her twin sister Jennifer. She has helped her sister out before, when her sister got herself into sticky situations. This time, she had no idea what she had agreed too, and neither did her sister. Jennifer is being set up. There is a priceless necklace missing, and everyone thinks Jennifer know where it is. This makes both of the twins a target.

Tyler is out working on his ranch, when he stumbles across a ATV accident. He thinks at first that the mystery lady must be dead. He is startled when her eyes open. She hit her head, and she can't remember who she is, or how she got there. When she does remember, she tells everyone she is Jennifer. Tyler nick named her red, because of her beautiful red hair.

Tyler is always there to help anyone that needs his help. It's just the kind of person he is. He stays by reds side throughout the story, helping her to find her missing sister. I love the twist, and turns along the way.

Great book, Loved it!

I am a huge Barbara Han fan. And although Delivery Justice was a very good book it's not my favorite of hers. I am enjoying the Cattlemen Crime Club series and will continue to read the other books. It was an excellent mystery of trying to figure out what actually happened; was her sister involved or was she a victim. I just didn't connect with the characters like I did in the first book - Stockyard Snatching.

I received this book free of charge from the author in exchange for my honest review.

Barb Han know how to write intrigue!! This was just packed full of danger, secrets, murder, romance....it has it all.

Jessica has taken her twins place again. But breaking up with another boyfriend for her flighty sister is the

least of her worries. What has Jenn gotten herself into this time? And when Jessica is almost murdered she begins to see her sister in a while new light.

Tyler has never been able to refuse a damsel in distress and when he finds this beauty he names Red unconscious on his property he will do all he can to help. Little does he know how dangerous things are about to get.

With a priceless necklace missing, along with her twin sister they must unravel this tangled web of lies and people to discover who has it and where. And how to find and keep her sister alive.

Along with the circumstances grows an attraction that seemingly has no bounds. Will these two be able to work their way through it all to have a happy ending in every way??

The pacing in this book was spot on. It wasn't all action but the tension kept me on the edge of my seat the entire time.
