## **Fears in the Dark: A Darkest Needs Novel S.H. Timmins**

I was always searching for something - something I couldn't name. I didn't fit the mold I was born into. There is a secret place I harbor that is restless and hungry. I thought I had found someone to feed the darkness lurking inside of me.

But I was wrong.

While I was searching for a potential mate, he was searching for potential prey. Bound and naked, I am now in the clutches of a man with hungers that extend beyond what I could have fathomed, yet true fear eludes me.

Why am I not afraid?

Maybe because for the first time my own demon can be free. Maybe because I haven't been searching for someone to feed my darkness, but for someone I can feed theirs.

\* Warning - This book has mature content. \*

# **From Reader Review Fears in the Dark: A Darkest Needs Novel for online ebook**

**Ri says**

## **4.8 dark and twisted stars**

If you have triggers then move along. This book is not for the soft hearted. There are not rainbows and unicorns in this story. While there are dark horrors going on there is still an underlying message going on that is important. Whether you condone it or not is entirely up to you. For myself, having lived a tumultuous childhood, I understood and appreciated it.

This is a first time author for me but it will not be the last.

**I just cant... trigger warning now!!**

Gahhhh!!!! It's hard to find the words to describe this without spoilers but I'll give it a go. Blake and Julia have had a horrific life. Filled with rape, abuse and murder. Blake's obsession leads him to kidnap Julia and her best friend Kyle. They all learn that secrets never really stay buried and you never know someone as much as you think you do.

I absolutely FLOVED this book! It has it all, blood, gore, savagery, Alpha-males, boy/boy(good and bad), Alpha-female, murder and let's not forget the burning smexy chemistry. I couldn't put it down once I started and I'm jumping up and down waiting for more!

---

**Kate Downs says**

I enjoyed this book so much, when I was done with the series, I contacted Timmins on FB to let her know how great I thought it was. It's vibrant, engaging, and disturbing. The characters are interesting and their peculiarities are deeply entertaining. I hope there's more to come from this Timmins.

---

**Di says**

Dark and Twisted!

So glad I read book one. It is recommended, as the storyline starts in book one, with Loki and his associate Blake.

Blake and Loki trust no one, not even each other. They know the others darkest secrets. They know what each other are capable of, and respect that darkness.

Book two Fears in the Dark.

Blake has demons no one can imagine. In Julia he finds a kindred darkness. Can she help calm his demons? Will her relationship with her friend and roommate, Kyle, cause Blake to go too far?

Be warned this is not for the faint of heart. This is dark. This is twisted. This is a must read.

---

### **Nicole Johnson says**

I highly suggest you read the first book in this series before diving in to this one. A character from the first book makes an important appearance and reading this one first will spoil your reading experience of book one. This book is just as dark as the first, if not more so. It's bloody, violent, and everything is written explicitly. It is a DARK book with DARK themes. There is an incredible arc and love story that takes place with Julia and Blake throughout. I loved this book, the characters, and the evolution of their relationship. Great book! Can't wait for the third one!!

---

### **Tiffany says**

I thought I had read dark romances before but this one blows those out of the water.

Blake is a man with a past, a man with secrets, a wounded soul searching for healing and justice. A man who has always believed he wasn't worth being cared about.

Julia is a woman who has known tragedy all of her life. But even she has demons, a darkness that hides deep within her curves.

Kyle a man who hides who and what he is. But eventually all things must come to light one way or another. Sometimes it helps, sometimes you just wish you bury yourself deeper where no one will ever find you. Or find out the secrets you keep.

This book is gripping, the characters are unforgettable. This book deals with love, lust, cruelty, violence, redemption, forgiveness. Everyone craves love and acceptance from another human being but this book shows us that first we must do this for ourselves.

This book is not for the faint at heart. It does have triggers.

But when all is said and done I am glad I read this book and look forward to more in this series.

#### **Amazing**

This Author gets better with every book this one not only keeps you flipping the pages but blows you out of the water with how Blake, Julia, Loki do things, Julia will make your jaw drop on how strong she is and how she handles information she learns what a roller coaster you will take with this book. Just amazing.

## **Isabel Roa says**

I believe that Kyle was made to look like a bigger asshole than Blake. Julia was just confusing, she knows Kyle longer and he confesses that he had loved her for awhile but doesn't act on it because he was giving her time, he didn't want to push anything to mess up their friendship so he tells her that he is gay to be able to live with her and not scare her or whatever, he explained all of this to her.

Blake makes Kyle rape Julia by threatening to harm her if Kyle doesn't do it so Kyle does but she is mad at Kyle and not at Blake, at that point I was like fuck all of this nonsense. Blake kidnaps both of them and bites Julia on her breast until she bleeds and makes Kyle suck his dick to keep from harming her but somehow Kyle was wrong for what he did; her reason being that he was eager to fuck her, mind you, Blake tells them that he has put a drug in Kyle's food to make his dick stay hard so he could be able to rape her.

She chooses Blake because he gets her.

### **Good read**

OK first I gave it three stars because of some seriously shitty editing, made parts of this book hard to follow. Leaving it "to be continued", with no idea of what the next book would be called is also a load of crap. We cannot follow if you do not guide. Julia has deep secrets, demons and darkness inside her innocent, shiny act she put on. Kyle is gorgeous, gay, and the best friend but, he also has some massive dark secrets. Then enters Blake, a hulk of a man, scarred but, Julia sees more than scars. Blake isn't who or what she thinks and the first date he shows her. The secrets are forced out, the shininess turns cloudy and then it gets brutal. It is a good read, I hate some parts of it. I hate Kyle was taken from being Julia's hero to what he was. I hate Blake went from monster to hero. I very much like that Julia does NOT need a hero, she is her own hero. The brutalities both Blake and Julia suffered in their childhoods is very hard to read. If you have triggers stay away from this book.

---

## **Kelli says**

Holy heck, If you love Dark reads like I do, this is the book you want! This book has everything, blood, sex, kidnapping, and stuff I will not giveaway. I sure do hope that there are many more books like this one to come. I couldn't stop reading it!

---

## **Stephanie Furlan says**

### **\*Shrugs\***

I wanted to know why if Blake was so obsessed with Julia, why he'd want to destroy her? I don't buy that Kyle loved Julia. And I don't think Kyle deserves his own book. Unless Loki, Blake, Beth and Julia hunt

him. Other than that...meh..

I sort of didn't care in this installment. Probably why it took me a week to finish it.

### **Cbailey0 says**

#### **A good read.**

This was a good and fun read. The pacing and character development was good. I will look forward to the next book in this series.

---

### **Helena Gant says**

THIS. BOOK. WAS. FREAKING. AMAZING! S.H. Timmins has quickly become one of my favourite dark authors. After reading her first book in this series, Sins in the Night, I couldn't wait to read this one. I was not disappointed. S.H. Timmins has this outstanding talent which transports you into her books.

Fears in the Dark is a dark erotic twisted story, about love, friendship and keeping secrets. It's best to first read Sins in the Night, book 1 in this series, since there are returning characters in this one. If you are a dark lover, then this book is definitely for you!

---

### **Michael Campbell says**

#### **Dark: check, Thriller: check, Arousing: check**

While this was no masterpiece, it was an entertaining read. Copy editing could have been better. The climax arrived late, but the story concluded nicely so that I could imagine reading the next one.

---

### **Christy Fields says**

#### **Dark and addicting!**

I enjoyed every word in this book. Took you from the bottom to leave you at the top. Love the characters capturing something spectacular in each and every one of them keeps you coming back!
