Brian Dunaway says

They didn't stick to my computer very well. But they did stick to my friends license plate tag very well. Also, it's grumpy cat.

James says

I had to enter the ISBN just to see if this would be on Goodreads. Yes, this 4 page page turner is indeed a book of stickers featuring the cat mentioned in the title. It features very little writing and what is available is sarcastic...which means it accomplishes exactly what it should. If you like Grumpy Cat and things that will adhere to things, this may be the best 4 page book ever. Matter of fact, I will say that it is the best 4 page book I have read in the past 2 years. My apologies to my students.
