Lynette Eason

Hide and Seek Lynette Eason

SHE WON'T GIVE UP

Erica James has spent the past three years as a skip tracer, hunting down others and hoping one day it will lead to her kidnapped daughter. Now she has a new suspect—Max Powell's missing sister. Max, a private investigator, has found evidence that connects the two missing girls, and together, he and Erica search for answers. The closer they get to finding answers, the stronger their feelings for each other become. But the kidnapper will stop at nothing—including murder—to keep them from finding Erica's daughter.

Suze says

HIDE AND SEEK

Very good suspense, although a lot of it didn't seem realistic. I guessed the kidnapper very early in the story, but still enjoyed the book very much.

Cathy Daniel says

So powerful!! I cried at the end. Definitely one of the best LIS I've read. If you like LIS and romantic suspense, you must read this one.

Sarita says

I enjoyed this romantic suspense from Lynette Eason. The mystery around Molly's disappearance and Lydia's possible involvement was intriguing. I figured out the kidnapper 50% of the book, but there was a few other suspects thrown into the pool which gave me some doubts about my suspicions, but was not surprised when the kidnapper was revealed.

The ending was realistic given the circumstances.

All in all an enjoyable romantic suspense.

Charlene says

3.5 stars. raising to 4 stars.

First book I've read by this author. Book group choice. I enjoyed reading, thought I knew who kidnapper was, a couple of red herrings thrown in.

Clean romance. Faith and prayer mentioned often, fine with me. The story and the characters were the focus, and well done.

Vera Maslow says

A quick read. Great suspense, while I had a strong suspicion of who it was early on, it didn't take away from the story at all. I feel like there could have been more in depth with some of the characters, but it wasn't completely lacking either.

A "clean" romance happens and it was done pretty well. While it is one of those instant love/like things, it didn't feel completely forced and out of place either. It is a christian fiction and done in a very nice way. Still has most of the elements everyone would look forward to in a romantic suspense.

Alyssa says

I am so sad! I have read of few of Lynette Eason's books and have LOVED them! This I was disappointed by. I knew who did it; I didn't know the motive, but I knew who it was. It was also really annoying that Max kept thinking that he really wished he could take Erica in his arms. There wasn't really anything stopping him! I also found it confusing when the story flipped between Erica's and Max's points of view. I did really like the action and the way the romance progressed. I'm not sure if I'll continue with the series though.

Wendy Sparks says

#1 Family Reunions

When her child was went missing 3 years ago Erica James became a skip tracer so she could spend time helping other families with lost children as well as focus her skills on finding her own little girl.

So *Finding the Lost* was started, and has been very successful at finding children ~ just not her own.

A new clue has just been found.

Erica is going to leave no stone unturned in the hunt for her daughter. Even when the threats arrive telling her to back off.

Private Investigator Max Powell turned his cops badge in for a PI license so he could find his sister. It seems that his sister could be linked to the missing Molly ~ but how. She wasn't involved...was she?

Definitely more of a darker cloud hanging over this story, and I think that has a lot to do with the fact that a child has been kidnapped. There was also a lot of jealousy in this one which I found harder to deal with, but overall was pulled into the story.

#2 #3

Rebecca McNutt says

Much better than I thought it'd be, *Hide and Seek* is a captivating mystery and family reunion story about a courageous woman hoping to find her lost daughter. With the help of a detective, they might be able to bring her back.

Angela says

I tend to stay away from Christian-fiction for my own personal reasons but I will not go into here, but after reading the blurb for this one I must admit to being intrigued. So, I thought "what the heck, why not?" and must admit it was an emotional story with lots of family drama concerning a child's kidnapping, drug addiction, and a family that doesn't speak to each other anymore. There were parts I didn't like, but more that I did although I did figure out who the kidnapper was very early into the story. All in all, it was a very clean romantic suspense. I'm glad I gave it a try.

Thanks to Netgalley for the ARC.

Dorel says

This book's story line was okay. This story was very slow but got better towards end. I liked Erica's character. My heart broke ? for Erica. I liked Max's character. My heart broke ? for Max. I liked ending.

JoAnn says

I like Lynette Eason's writing, because it's not slow paced, but I have to say, this book was a bit too fast paced for me. But other than that, I liked the story line, the characters and the ending.

Hsiau Wei says

Erica has never given up hope in looking for her missing daughter despite that it happened more than 3 years ago. Molly was kidnapped during a school trip at the age of 3. A new lead indicated that Molly's shirt and finger print was found in an abandoned house. She went there in the hope that she would find Lydia, a drug addict whom she believe have a connection to the kidnapping of Molly. Upon her arrival, she heard Lydia's scream and saw she was being attacked. Following her to the house is Max, Lydia's stepbrother and a P.I. It was there that both Erica and Max met and the start of an informal cooperation to find the truth behind Molly's kidnapping. Contrary to what Erica think, Max doesn't believe that Lydia is involved in the kidnapping but he did acknowledged that she is in deep trouble. He wanted to find her before it is too late.

This book tells a story of full of dramatic suspense, action and faith. It is also a story of perseverance and positive thinking. I admired Erica for her belief and her determination to find her daughter despite she have missing for 3 years. Though it is a happy ending in the end, I find it disturbing and feel sorry for Erica. Overall, I enjoyed reading this book despite that it is a story of missing child, a subject that I find it disturbing to my peace of mind in view that I am a mother myself.

Hannah says

4.5 stars

A very good mystery about a mother who simply can't believe her kidnapped daughter is dead—so much so that she becomes a private investigator of sorts, specializing in missing people, in order to give herself a better chance of finding her precious Molly. I really liked this feature of Erica's personality.

Max is trying to prove his little sister isn't guilty of the kidnapping, despite the dark shadows in her life. He's been trying to prove he can overcome his bad childhood for years, and surely he can't have failed Lydia that badly...

I liked this couple, and I also really liked how they came to the defense of their accused siblings. It made it very easy to root for them.

Sherry Cross says

Twists & turns

Hid & Seek revolves around the kidnapped daughter of a woman who would never give up on finding the daughter who was taken @ 3 years of age and who had been gone for three years. In the search she meets Max, who is hunting for his sister Lydia--the same Lydia that Emily is seeking as a suspect in the kidnapping. Max & Emily team up & in the process of the search they fall in love. Putting aside reality helps a bit when reading this book. But its a quick read and i would recommend it for light reading.

Patricia M. Marston says

Great story!

This book kept my interest on many levels - family dynamics, trying to solve the mystery, and Christian values. I didn't want the story to end.
