## Just a Bit Wrong Alessandra Hazard

*An earlier alternate cover version of ASIN B015EL9ZKK can be found here.*

Zach Hardaway is one of the best physiotherapists in Europe.

Tristan DuVal is a young soccer star with a groin injury.

They despise each other from the moment they meet.

As far as Zach is concerned, Tristan is a rich, spoiled brat who is too used to getting his own way.

As far as Tristan is concerned, Zach is a bossy, presumptuous jerk. Tristan hates Zach. He does. The problem is, he also wants to shove Zach against the nearest wall and climb him like a tree.

Note: explicit MM content, minor D/s undertones.

## From Reader Review Just a Bit Wrong for online ebook

### wesley says

Best book in the series, by far. Who knew a relationship centered on hate would turn me on so much? I don't even think having this pegged as an enemies-to-lovers trope would be adequate because up until the end, Tristan and Zach were still hating each other.

And don't get me wrong. This was so fucked up but I still enjoyed it. So. Much. The emotions that this story incites are completely foreign to me. One moment I'm annoyed, the next moment I'm flushed and turned on by the turnaround of events. It was so confusing and exciting at the same time and indeed, just a bit wrong.

But trust me, you won't be able to put this down until you reach the very end. Before you know it, you're already sucked in by all the aggression, hating, retorting, and spanking. Did I mention spanking? Yeah, there's spanking. And hot, smoking sex powered by unresolved sexual tension.

The only reason I'm not giving this 5 stars is because I don't approve of the bareback sex. Zach was in a relationship when he met Tristan, and an open one at that. And for crying out loud, he's a physiotherapist for athletes. He should know, among all people, the dangers that unprotected sex entails with a person you don't trust. And Tristan pretty much said it himself that he has a strict condom policy at the start of the book. But both of them just went on ahead and did it without protection during their first sex? Maybe they can plead for temporary insanity during the first time. But not the ones after that.

#### 3 Loving a Spoiled Brat STARS

"When you love someone, you don't love them for their good personality traits and actions. You love them because you love them, with all their flaws and ridiculous insecurities."

De toda la serie este libro fue el más divertido.

Tristan es tan caprichoso e inmaduro, pero al mismo tiempo es como un niño perdido. Lo ame demasiado.

---

### Elise X a.k.a Ryder's Pet X says

## ??????\*Disliked the main character\*??????

I didn't enjoy this one. So far in this series this book is my least likable book. As we met the young soccer star **Tristan DuVal** (21, turns 22) in the previous book, I already knew that I didn't like him. And not once did I actually change my feelings for him. I just couldn't stand his face. The thing is, if his POV was written a little more personal, like making us know him more deeply, then I might have liked him, but as I could only see a brat, I just couldn't enjoy this book. I did like **Zachary 'Zach' Hardaway** (30), who is one of the best physiotherapists in Europe. That was the only redeeming quality of this book.

*Zach sighed and kissed him again. "Brat," he said against his lips.*

*Tristan grinned. "Always."*

### **Quick basic facts:**

**Genre:** - (Adult) Contemporary Romance (M/M)

**Series:** - Series (Standalone?), Book Four.

**Love triangle?** - (view spoiler)

**Cheating?** - (view spoiler)

**HEA?** - (view spoiler)

**Favorite character?** - Zachary 'Zach' Hardaway.

**Would I read more by this author/or of series?** - Sure.

**Would I recommend this book/series?** - Sure.

**Will I read this again in the future?** - No.

**Rating** - 2 stars.

• \* ° \*•••**Gwendolyn**•°\*\*\*★°\*\*\*★ says

This is one of those books that everybody loved but me. I liked it. I waited for this book, I adored the previous book's. And I wanted more.

The intro of the book was grand. I loved it.

The writing style was awesome, I moved pages fast, I love that.

I also loved the return of Gab and Jared they remain to be my favorite couple. I was so tickled pink that they were in this book.

There was touch of BDSM-like bits in this book, and it was **HOT!** If you are not a hardcore BDSM lover, you will love it like me. If you are a hardcore BDSM lover you may feel cheated and feel the BDSM term should not have even been used.

The terms of endearments were so freaking **cute**. I normally hate the chosen ones for this book but they worked for about 75% of the book. Yes, I needed it to transition to more of a serious added endearment' at the end.

The female's persona was very well done. She will be forgetful. The open relationship was **creative** in a

book and I think the concept was book wise for this writer. I truely loved the way it worked out. (view spoiler) which seem's like a trademark for this writer. And, I'm okay with that in this because of the way the relationship was written.

Another reviewer said this book was soft in the middle. IMO, the storyline is very soft in the middle as well as the end. **And....I call bullshit.** (in the spoiler).

The middle and end; what I call soft. As well as bullshit: (view spoiler)

---

The end, HFN, cute. But, me personally....I liked it, but I needed more.

## **T says**

**YAY! FINALLY A RELEASE DATE!**

Merged review:

**"What are you doing?"**

**"My job. I need to examine your groin."**

LOVED this installment to the series. "Just a bit Unhealthy's" Gabe and Jared still hold the top spot (loved seeing glimpses of them), but Tristan and Zach's hate me/fuck me relationship in addition to their flirty banter stole a piece of my heart.

**"All you ever do is criticize me."**

**"Ever?" Zach said, his gray eyes flashing with humor. "We met half an hour ago."**

Much like Gabe, Tristan is a spoiled, attention-starved man child. Unlike Gabe, who demanded every ounce

of Jared's love and affection, Tristan prefers things to be much more casual. That is, until Zach comes along and gives him a good spanking :) Don't let that deter you from this story. There is no BDSM sex. Just one bad boy not following his physical therapist's orders. READ ON, PEEPS.

**"No matter what he told himself, it wasn't okay to start kissing Tristan's thighs during a sports massage. It wasn't."**

4.5 stars

### **Virginia Books says**

Me ha encantado. El mejor libro, por ahora, dentro de esta serie.

Super ameno, me lo he leído enseguida. Una vez que empecé a leer, no pude dejarlo. He dormido tan poco...

No tiene desperdicio, no le sobra nada. Y, personalmente, creo que esta es una de las mejores cosas que se pueden decir sobre un libro.

Al principio tenía mis dudas porque la presentación de Tristan en "just a bit unhealthy" lo mostraba como un tipo despreciable y no tenía claro qué pensar de él. Pero, la verdad es que en ningún momento del libro me ha caído mal. Es insoportable, sí. ¿Insufrible? Del todo. Pero en ninguna ocasión su actitud me ha molestado. Es más, he entendido sus motivaciones en todo momento.

Zack, por su parte, es un gran personaje y ambos te cautivan desde su primer encuentro. Sus diálogos son rápidos y divertidos, la tensión sexual entre ambos inmensa y el drama corto y sentido.

Muy recomendable. Voy directa a por la historia de James y Ryan.

### **Jan says**

\*\*\* 4 Stars \*\*\*

This was great. The guys had a "hateful" banter that was very entertaining, not to mention the wild sex moments - as in growls- but I am a little pissed regarding the way things went down for Tristan at the end. I think he had had more than enough in life.

Thanks Rosalinda and Vir for tempting me with this series!

---

### **Shin Mon Thway says**

Ok .. I like this DuVal brother's story way more than the previous one. ? The first one almost made me stop reading the series and thanks the God that I didn't do that. Otherwise, I'd have missed my favorite novel in

the series Just a bit ruthless. ? While Gabriel's story made me frustrated to no end, this was actually a very pleasant story. And I really enjoyed reading this one. ?

Tristan DuVal, the sweetheart of English football fan. Charming, confident and irresistible on the outside, insecure, scared and have a very low self-esteem on the inside. As a famous English footballer, he has no choice but to live his life as a closeted gay guy. And to make the things worse, he has very deep insecurity and commitment issues. And he always gets what he wants however vulnerable he is on the inside, by charming or by being a brat. And things didn't go as he planned for the first time when he met Zach as his physiotherapist. ?

As the most esteemed physiotherapist in Europe, Zach was used to catering to very spoilt clients who usually throws temper tantrums when they don't get their way. But nothing prepared him to handle the two-faced brat Tristan as he's one of the most spoilt and manipulative boy he's ever met. And for the first time in his life, his body doesn't seem to listen his brain. ? No matter how his brain is alarmed by that cunning and manipulative brat, every time he gets close to him, he sees stars, rainbows and galaxies. ? And you know the worst thing? He's getting married in 3 months.

**The banter between Tristan and Zach was hilarious. It was really funny and witty. I love the relationship flow between them. It was effortless, natural and erotic. And who am I kidding! I'm a sucker for GFY themes. And UST before they finally pounced on each other? Man, that was one hell of a freaking hot smut. ? Unlike Gabriel, I feel sympathetic and sorry for Tristan despite the fact that he's a diva. He had a terrible childhood and his emotional scars ran deep. ? It's a good thing Zach is a patient and understanding lover who's willing to cure and protect Tristan. I'm not a big fan of how Tristan got his career-ending injury .. I wish Tristan came out not because he couldn't play football anymore but because he loved Zach even more than his career. ? All in all, loved the storyline and plot twists and as usual, the smoking-hot smut! ? I'm kinda sad that there's only one book left to read in the series now. I hope Alessandra Hazard comes out with a new book soon. ?**

**Favorite excerpts from the novel: ???**

*“Millions years of evolution and humans were still no better than animals. Mindless animals driven by base instincts. He didn't like the guy one bit. Zach had quickly replaced his brother as the person Tristan couldn't stand the most. But it didn't change the fact that a part of him wanted to turn around, shove Zach against the wall and climb him like a tree.”*

*“Love is something people invented to excuse their idiotic behavior and to dress up lust with hearts and flowers.”*

*“Was it really love if one was capable of wanting someone else so much?”*

*“Because when you love someone, you don't love them for their good personality traits and actions. You love them because you love them, with all their flaws and ridiculous insecurities.”*

**4.5 sexy doctors and bratty diva stars**

### **Nazanin says**

#### **5 Stars**

I liked Tritan in the previous book and knew I would enjoy his story but I didn't think I love it this much! I loved Tristan so much. He wasn't really perfect; hell he even was so annoying! He was mean to everyone, a tactless brat, someone who drives people crazy all the time... The only person who doesn't treat him with kid gloves is his new physiotherapist. Zack always criticizes him, and in this case, Zack is the one whose attitude makes him crazy! Tristan is not perfect but deep down he had a soft spot, just waiting for someone to find it! He thinks he doesn't deserve to be loved, he thinks he's good for anything but love. But Zack shows him how he's wrong...

Told in multiple POV, 3rd person. Well-written, full on angst and an emotional read. It's the fourth installment in the "Straight Guys" series with character crossover but it can be read as a standalone. Overall, loved it so much and hope you enjoy it as well!

**First read on September 17, 2015.**

**Re-read on December 17, 2015.**

**2nd re-read on May 30, 2016.**

That's how I feel right now...all giddy and happy))))

What a perfect mix of sexy, angsty, funny and sweet!

Alessandra Hazard outdid herself with this one.

---

## **Sabrina The Trash Queen says**

4.5/5 stars ?

Okay! WHAT THAT HELL IS THIS SERIES.

Why isn't this series more popular?

Is so good! Every book I read so far was great. I don't remember ever reading a series that follows different characters every time that maintain the same greatness.

***"Tristan said with a smile, "Bite me."***

***Zach's eyes darkened. He lunged forward and bit Tristan's lip savagely.***

***They both froze. Their breathing meshed together."***

I'm reading this completely out of order and is working perfectly. I definitely recommend it to everyone who likes a fast, interesting, romantic, sexy read about amazing couples and characters.

Okay, now about this book, I almost started reading with this one but one thing led to another and I ended up reading this one after several others.

Overall this was a fantastic read that I will definitely reread it soon.

The writing, characters, story, relationships and the vibe of the books its just what I like.

Is not too much drama and angst. But it doesn't mean that both these things aren't present.

Like every book in this series, it involved

This

And this

And this

And this

OMG SOMEONE HELL ME. I'm Addicted TO GIF's. Lol.

I don't know when to stop.

---

## **Dani says**

OMG, I NEVER THOUGHT THIS DAY WOULD ARRIVE. I'm giving **5 stars** to a book from the weirdest series I've ever read.

**Seriously, I'm shocked.**

This one is so different from the previous books that for a moment I forgot that it was from the same series. It had a major improvement in the plot and even the writing was a bit different. God, it was awesome.

I hated Tristan on the last book, he is an **insufferable bastard** and he's not very different in here but we get to know why he's that way and **I LOVE HIM**. He has a bunch of issues because he's orphan and he's dad was a dick and shit, he hasn't had things easy. Though that shouldn't be an excuse to be such a prick but Tristan owns a piece of my heart now so I forgive him.

**Zach is the straight one in this story.** He's responsible, focused and he has always taken care of his siblings so that helped him to know how to handle difficult patients. I liked that he doesn't let Tristan get away with his shit. He's in an open relationship and he's about to get married but somehow he's drawn to Tristan.

Tristan has a particular way to get under Zach's skin that drives him crazy. It was refreshing that Zach didn't panic about being with a guy. But he's always been so practical that when Tristan pushes all the right (and wrong) bottoms, he kinda loses his shit because he doesn't get why he's so out of control when he's around him. Zach hates him until he finds out why Tristan is the way he is and he just falls head over heels in love.  
\*sigh\*

I loved Tristan and Zach together. I liked their chemistry. Their similar personalities make their relationship so explosive and so hot (they're both stubborn and they always want to have the last word). This book has the best sex so far, it's **rough** and **dirty**. I don't know but there's something compelling about being attracted to someone you despised. Weird, right?

This story has everything that the other first 3 books didn't have. The banter was good and the girlfriend wasn't a pain in the ass.

What else can I say? I liked bitchy Tristan and snarky Zach so much.

Oh, did I mention there's spank? Hell yes!

Nothing better than a bit of kink to make this book way more interesting.

---

### **Dre says**

\*Re-read:

I did notice a couple of inconsistencies the second time through, but this is still my fave of the series, and I LOVE the will-they-won't-they tension, and the enemies to lovers aspect. Tristan is such a little shit, but when you find out why, you really can't help but feel badly for him. He really tugs on my heartstrings, and the fact that Zach sees the good person Tristan can be and sticks up for him and loves him when seemingly no one else does, I just can't help but love Zach all the more for that.

\*Originally Read 9/18/15:

This one was my fave so far. I hated Tristan in the previous book, but this book changed my mind about him. I truly felt sorry for him, and I understood why he is the way he is. Zach was perfect for him; Tristan needed someone to stand up to him and not just allow him to do whatever he wanted because of who he was and because of his fake, public/nice personality. I'm such a sucker for enemies to lovers. It really is a thin line between love and hate, and these guys did both so well.

I'm very intrigued to see where the next book goes. I'm hoping Jamie figures out the Tristan thing, and I'm interested to see what happens from there.

---

### **Wendy says**

I recently finished book 1 in this series (which I liked) and for some reason jumped straight into this one..book 4. I just couldn't help myself because the blurb sounded really interesting and I'm known for reading books out of order ;)

I'm very happy that I decided to read this one, because I loved it !! I liked book 1, but this one was so much better. The story felt more complete and it had an epilogue..thank god.

So....Tristan is a famous soccer-player. He's Gabe's brother (from book 3). He has a groin injury and needs physical therapy, so he can start playing ball again. He's gay but he's not out. Being gay in the soccerworld wouldn't do him any good. His brother is in a relationship with the teams doctor (jared) and he isn't out for the same reasons.

Zach is a well known physical therapist, and he's been hired by Jared, who is a close friend of his, to help Tristan with his recovery.

When these two meet...they don't get along...at all. It's pretty much hate at first sight. Zach is straight and has been in an open relationship for 10 years. He's about to get married and become monogamous.

Hate very quickly turns into lust..yummy..and Tristan and Zach get it on !!

Now Tristan is a bit of a brat. He always gets what he wants and he knows he's pretty. He can be quite an asshole...but there is a reason for his facade. I actually really liked him.

When things heat up and feelings chance...they both have to make choices, especially Zach, who's about to be married.

I really liked this book, it wasn't too long or too angsty...but I did feel sorry for Tristan on more than one occasion. His selfworth wasn't all that...I loved the steamy parts and the banter. I would have liked Zach being the bottom for once, but just like in book 1, we get a bottom and a top.

There is some Jared and Gabe from book 1, but it isn't necessary, to read it to understand the story. It can be read as a stand alone and after seeing Gabe in this one, I'm not sure I want to read his book. He seemed like a selfcentered little bitch in this one. Maybe Tristan was an ass in book 3, I don't know, but that's always the problem with reoccurring characters....Once they piss you off, it's hard to start liking them again.

4,5 stars from me ;)
