Passion-1 P.A. Jones

A chance meeting between Emma White, a wanna be actress, and Gavin Phillips, Private Detective and secret Billionaire, leads to an instant and undeniable attraction. But Emma's past throws her life in a different direction.

This is a journey of two people through their personal and professional lives, and seeing where the sparks fly as they collide with each other in unimaginable ways.

Earlier Called as Betrayal, Re-Edited for the grammar issues.

Brittany's Book Bumbling says

ARC provided by author in exchange for honest review

It was really hard to finish this book, but since I promised to review it, I felt I had to. The idea behind the story was okay, but it was executed very poorly. As a writer, I really try not to edit books as I read them. But it was impossible here. There were so many errors that it was actually confusing; it took rereading a sentence or scene a few times to figure out what was actually going on. And even then, some things just didn't make sense.

In several places it felt like a scene or part of a scene was chopped out, and vital information that was removed wasn't inserted elsewhere. For example, they walk into a bar and on the next page she's pretty much naked. Are they still in the middle of a bar? What?

It all just felt very forced. Nothing about this book felt like real people talking and living their lives. The conversations were stiff and I just didn't feel any real chemistry. I don't even understand why it's called Betrayal, because even the big twist/cliffhanger didn't really involve anyone being betrayed.

Kim says

Emma a shy timid new college student starts her new life in LA., which is a big cry from her small hometown of Santa Anna. She has high hopes and big dreams like everyone else that is looking for a fresh new start in a new city....away from a dark past that follows her. Emma and her roommate Holly try to make her first weekend memorable by going to a club but when the can't get In there hopes diminish until a mystery man comes to there rescue and gets them In. But.....Emma recognizes his manly voice bad then the cologne....she knows the mystery man....Gavin. A man that rescued her from a party a year ago in her hometown but add such an impression on her that she never forgot him !!

Gavin couldn't believe his eye's....his Emma was here in his town...LA. How, Where, When and Why was she here, he has dreamed of her ever night fur the past year and she is here....right here....

But can they find the love the both dreamed of each other over the last year of will here dark past haunt her from finding love and will his family hurt his chances if making Emma his ?

I received this ARC fir my honest review....I loved the story line and with a few bumps in the writing it all comes together.....I can't wait to see what happens !!

Pasqualina DiVito says

I just finished the book and started it late last night, I could not put it down. I loved how the book flowed and could not put it down until it was done. I loved how the characters and cannot wait till the next book comes out.

Emma is a college student who wants to be a actress. Gavin is a Private Investigator who is a billionaire. They met each other at a party and then she leaves. They don't see each other for a year but they can't stop thinking about each other. They found each other and things are going great. She opens up to him about her past and family and then the bomb falls. Love can be a tricky thing. I truly recommend this book it is a great read.

Nicole says

I received an ARC for a honest review of this book.

DNF @ chapter 4

I feel so bad reviewing it so low, but I couldn't do it. I know it takes a lot of courage, effort and time to write a book and share it with the world. However, I have to say that I've never disliked a book so quickly and I've never quit that early in. The book is not even that long, I just could not force myself to keep reading. I felt like I read those first 3 chapters 3 times to try and make sense about what the hell just happened.

Honestly, (and I know I'm not the only one bothered by this), how did they go from stopping for a drink one page to almost having sex on a couch in that bar the next page?!?! I don't understand. Literally. I probably switched back and forth between those two pages ten times to try to figure out if I missed something in there to help me figure it out. You just met this man very briefly, you leave in a taxi and something about him draws you in so you go back? Okay, fine. But minutes later you're stripping off your clothes in the corner of a packed bar and receiving oral sex? We're not talking discreet hand in skirt here people, it said her tits were out and his mouth was on her core.

Example of one of the more creepy scenes I read in the three chapters I survived:

"Are you ok, baby? Are you ready for it?" his deep male voice echoed in my ears.

"For what?" I asked dreamily.

He looked at me with hesitation. "Don't tell me you are below eighteen?"

"nope, I turned nineteen last month."

He relaxed on his seat. "Thank God."

"Why?"

"I was asking you about the sex. I said are you ready for it?"

Huh? "Below eighteen" and "asking you about the sex". WTF?

I don't want to be mean, but I feel like the person who wrote this does not speak English as their first language. I seriously have no problem with that, but if that's the case, pay an editor. Do that even if it is your first language. It needs editing so badly, so very badly. I hope for the writer's sake, they get an editor before they release this book.

Jody Bradley says

I received an ARC for my honest review.

I wanted this story to be something it wasn't. I wanted it to be awesome and I know it has potential to.

At the start of the book it took me a couple of attempts to read it to actually understand what was happening between Gavin and Emma in the bar. Throughout the book everything happens way too quickly and I don't think it flowed as great as it could have.

The conversation between the characters was slightly boring and most of it was consumed with thanking each other which did get on my nerves.

Throughout the story I noticed quite a few mistakes with spaces between letters, full stops in the wrong places and with speech marks not where they should be. I think the author should re-read what they have written to correct the mistakes.

However, I did like the storyline. I liked how there is a mystery behind Emma which is revealed within the story of why she doesn't want to take things further with Gavin. The ending was left of a cliff-hanger which was good and always exciting for the next part of the story.

Patricia says

Two strangers meet while at a club that is being raided. The attraction is instant and they spend one night of passion after which Emma runs out on Gavin. A year later when Emma goes to LA to go to school she runs into Gavin again. The attraction is still alive and well along with intense heat. After a few date Emma shares a dark secret with Gavin that makes being intimate difficult for her. Gavin has secrets of his own he hasn't shared. But you can't hide things to long or they will find a way to reveal themselves. This story has a lot of dark details and is told from both characters point of view. I found myself unable to put this book down.....it took me less than a day to complete. I can't wait for the second book to continue where this one left off.

? Recieved ARC .(??•??•? ?).

...: All through out, couldn't peel my eyes away, couldn't put my phone down! Page turner .(✿????)?

She: an inspiring actress. Too innocent for her own good. Pure. Passionate. Barbie Doll. Smart. Reserved. That is, until Gavin came along. If there's one thing she dislikes, billionaires!

He: a Detective. Secret billionaire. Handsome hunk. knows what he wants. Emma. Well, he was her savior - twice! Oh, make that thrice! Smitten with her beauty. Couldn't keep his hands off her. What stopped him from coming after her in Santa Ana was her innocence..

and yet after one year, they meet again...if there's anything, their attraction, passion grew stronger..oh man, Gavin is so sweet. so damn sweet. Seing her happy, all that matters. It scares him. She was his first date. Real date. my contemporary knight in shining armor ♡♡♡

[τ?????a?????κ?? ??o??u??]

Truly can't wait to get my hands on book 2 (Passion #2). This sure is one of my top favorite books!?

Dana ~ The Dirty Smut'atter says

I received this book from the author for an honest review.

This book captured my attention right away, but I was left wanting so much more from it. I guess that is to be expected with a book of this length and I am hoping the next book answers some of my questions.

Emma is a bit of a mystery when we first meet her and her encounter with Gavin leaves you hanging. She moves to begin a new stage in her life and luck brings Gavin back into her world. Once we learning about her past brings her character comes full circle and the draw these two experience is primal. What pissed me off the most was that things seemed rushed and could have been given more details to explain. I did enjoy reading from both Emma and Gavin's POV, as that is always a nice treat.

I hope book 2 picks up with the major cliffhanger we are thrown at the end of their first real date!!

P.J. Fiala says

DNF - This book has far too many errors to read. The conversations between the two characters, Gavin and Emma is stilted and awkward. So many sentences that just do not make sense, "I asked you for drinks, not you." What???? This book needs to be edited.

Margie 'CSR' Fite says

I have enjoyed this book so far.. Emma is a kind girl, with a sad and hurtful past... actually, her entire family has suffered in ways that are very heartbreakin.. her sister Sarah, she was left at the alter to be married.. heartbroken! even the parents are struggling.. I won't share all the family drama!! (spoiler) Emma meets a very attractive, man, Gavin one night and they are drawn to one another immediately.. Emma was on a date with 'the wrong kind of guy' and bumped into Gavin, she felt as if the place and the date she was with was shady.. after the bar was busted by the police, Gavin helps her get out of there and they end up together. Gavin can not get enough of Emma (and Gavin does NOT date nor does relationships) but he doesn't know anything about Emma nor she about him.. they are just attracted to one another... it becomes to much and she runs off, and doesn't see him again...

Year later, she Emma is accepted into a college in California and she has a roommate, Holly... and a friend, Tristin - he is one of Emma's bff from back home who now lives there.. Ironically enough, Emma runs into Gavin again only to run out on him one more time.. until she tells him her secret and they (as Emma believes) begin to bond and she begins to trust him!

There are so many twists and drama and I was just waiting to find out when the bomb was going to go off.... it is like he is almost too good to be true.

But, there is something between Emma and Gavin - I can not believe how it ends, I soooo was NOT expecting that ending!! i can not wait for the next book!!

really enjoyed this book... kept me turning the pages and I just kept guessing.. boy was I wrong!!!

Stefanie says

I received this ARC in exchange for an honest review.

This book had so much promise and potentially but just didn't work as a whole for me. It took me forever to finish reading it although it's relatively a short book. The storyline didn't really work for me and I needed more character development. Emma comes off as being this sheltered, innocent and naive girl that's really never experienced what the world has to offer yet she was in college before coming to LA. Example who hasn't ever had Italian food especially at the age of 20? The conversations between Emma and Tristan, Holly and or Gavin seemed very stilted and awkward. The book wasn't edited properly and there are tons of mistakes throughout the book.

Jen says

This was a DNF for me, and in all fairness because I didn't finish, I won't rate this book. However, I do want to explain why this was a no go for me. Within the first few chapters I knew I was going to have a problem with the book. The couple meets and the hero takes the heroine for a drink. During the time they are in the bar, the reader gets a description of how hot he thinks she is..then all of a sudden; the chapter ends and the next chapter they are in a secluded cabin where they begin to screw each other. Uh...hello?? What did I miss??? And that is exactly what went through my head. There was no getting to know each other at the bar. For that matter, they didn't even say much in the cabin..So, we have two strangers basically going at it, and they don't even say "Hey, how you doin!!" LOL To make matters even worse...Emma starts to have these major feelings of love towards this dude..By that point..I had to stop..I am sorry..I usually am not able to NOT finish a book; but this one absolutely needs more depth to it. I know it is meant to be a serial series; but

there are plenty out there that are able to get plenty of information across in a short story. This was just way too rushed, and really confusing.

Received an ARC from author in exchange for an honest review.

Krissy says

I received this book as an ARC

The main character, Emma, has a heated encounter with an unknown stranger after a night of pure adrenaline. Did I say VERY HEATED? But oh too soon, she runs out and never sees him again, leaving neither knowing much of the other.

The story then develops as we learn more about the life of the main character. While I enjoyed learning about the character, I felt anxious to hear more about the strange man. Patiently waiting until he appears again, a year later.

As they meet again in another chance encounter, things become heated again...except the story now moves very fast and we see the courtship begin.

I love Gavin, the male lead. He's romantic and honest, a bit of dangerous, yet gentle and caring... Plus he's hot too! I couldn't help but wanting to hear more of him. And just when you are hooked, and are unable to put this book down...a creative twist stops you dead in your tracks.

I would recommend this book. Honestly, I can't wait for book two. There are a few grammatical corrections needed but it's a story that will hook you. I did think the beginning started strong, the middle lingered a bit too much - with so much going on - but then it hooks you once more. Though it felt like it ended too soon.

With that said, I can't wait to read book two and I am enticed to read more from this author.

Sherry Hoernig says

I really enjoyed this book. I was pulled in from page one, & once I started reading, I didn't want to put it down. Ms. Jones does a wonderful job of introducing us to the characters; explaining their backgrounds in such a way that you can feel the emotions that they (the characters) are experiencing. The book has lots of romance ranging from soft, tender sweet moments to OOOHHHLALA HOT, HOT PASSIONATE romance, along w/action, humor, "Passion" (she named it well!!) & surprises. Speaking of surprises, I did not see the ending coming. It left me w/my mouth hanging open, & wishing I had the second book in the series so I could get started on it. (Sleep? Who needs sleep?). I can't wait to read the next book in the series. Definitely a great read. If you haven't done so already, & you like your romance STEAMING, do yourself a favor & buy it!!! Definitely worth it!!!
