## Say You'll Never Leave Chelsea Maria

If I tell you how I feel, will you keep bringing out the best in me? - Sade

Her

He gave me love. The sweetest taboo my lips ever tasted. He opened my eyes to see that if I gave him the sweetest part of me, he would keep on loving me. So I gave until the wells of my water ran dry. Now I'm empty and he's ready to replenish. The echo of my beating heart reminds me that he left us because he was afraid. Unwilling to change my name from Worthy to Secret, I said goodbye.

Him

She said I Do and eloped her soul to me when she moaned my name. Time and time again, I gave her an open door. A chance to run and not be chained to me. But in the end, it was me who snuck out through the back door and cowardly walked away without so much as a goodbye.

Her

We promised each other forever. I won't allow him to hurt me again.

Him

I need her to trust me with her heart again. The quiet storm called "Us" is brewing, and it never felt so hot.

### **KeelahAsaya says**

#### **Whew chileeee the hero!!!!**

Let's start with I love this author! She has the ability to go so in debt with her characters in each book. She'll have you thinking the book is longer than it is. One of my favorite authors. And I read a lot like 1-2 books a day.

Now the characters. Let's start with Gavin, the hero. Wow just wow. Nothing like a take charge man! And that's exactly what he was. He was persistent, determined, loyal, alpha, and lovable. All wrapped in one man. He made a mistake. (It's not cheating! I know I like for people to clarify when I read reviews) Time past and they were apart. But when the heroine (Samiyah) came back, oh he was not playing. He made sure she would be in his life. So he would have the time to get her to forgive him and give him a second chance. That man did not give up. Even when she denied him at every turn. He was not put off. Even when he did throw the ball in her court, he was still not giving up. He was a 6 out of 5 stars!

Now the heroine, Samiyah. I loved her she was strong even when she was weak, she loves hard, was hard working, and had a backbone. I can't stand heroines with no backbone. She was scared to trust him again but she loved him. I liked how free she was with her personality. She was unapologetically herself.

Okay the concept of the story. They fall in love but he is a close family member of her best friend. So the problem is, one not wanting to come out in the open about them. For fear of reactions. So in the others person's mind they weren't put first. So they separate for a couple years. Samiyah moves back in state. The rest of the book is Gavin giving his all to get her back. The love they had for each other was amazing. This is what I love most about this author. The ability she has for you to feel the love from the pages. Specially with her hero's. Because the norm now seems for them to be closed off or not express their love. It's okay for a man to be in touch with his feelings guys!

Anyway I definitely recommend this books. It will definitely be in my list of rereads!

#### **Gavin can stalk me whenever he wants**

Samiyah and Gavin's story was beautiful. I loved their connection and Gavin's stalkerish ways. The love they had for each other could be felt with each page I read. I would love to read more about them in the future. Great book

### **Constance says**

#### **SPOILERS!!**

Wow. That story was not all what I expected.

But was there a prequel to this story?

But I really liked Samiyah. I like her vulnerability, yet so strong. I also really liked Gavin. I appreciate the way he loved that girl. BUT, He's a little too violent for my taste. Too quick with the hands. It doesn't matter

what Ebony did, he should never put his hands on a woman. He literally choked her at least 3 times. Once in public.

And I didn't think 8 years apart was such a big deal for me. I'm 28 and I would totally be open to dating a 36 year old.

It took so long for the characters to finally encounter one another (all the way in chapter 7).

#### **When love is meant to be!**

Yasss Gavin! Say You'll Never Leave was overflowing with love and passion. Samiyah and Gavin's love was meant to be. Not age, years apart or anybody could stand in between them. The way Gavin loved on Samiyah and the lengths he went to get her and to put a smile on her face was so adorable! I loved everything about this book Chelsea Maria!! Great 5 star read, and I highly recommend it to all readers

---

### **K. Evans says**

#### **Gavin!!!**

This book was amazing. I could literally feel every emotion through the pages from Samiyah and Gavin physically making love to Gavin expressing his love through words. This right here got me, "I overdosed. Overdosed on Samiyah Jones. Test me for drugs right now, and you'd find heavy doses of her running throughout my bloodstream." OMG, I love Gavin!! I wasn't ready for the ending, I wanted to see more from the couple. The author is beyond talented and truly has a gift. I honestly wish I could give more than 5 stars!!

---

### **Terry Young says**

#### **Loved it**

Great story. Loved the chemistry between the two main characters. I also loved Ashley. She reminds me of my big sister. Keep on writing these dope books. Until next time♥

---

### **Jazmen says**

I judge books by their characters, not by their covers--and these characters, these characters I'm not so sure about.

Samiyah is dragged back to her hometown by her best friend-- the problem is she goes back kicking and screaming, and ready to go. She vowed never to return, not after the love of her life kept her a secret and broke her heart. But, she's back--but she's only back for herself, that man, he can stay far away from her.

Gavin made a mistake, a mistake that cost him the love of his life. He vowed that if he ever saw her again,

he'd never let her go, everyone else's opinions be damned.

NOW, I am here for the man going back and getting the woman he never should have let go, but if it means dealing with a "do as I say," temperamental kind of man--I'm going to have to give it a hard no. Gavin was giving me abusive, controlling man vibes. If any man at any time gets angry enough to put his hands around a woman's throat, whether she's an enemy or not, red flags go off, like an SOS in the sky. Blink twice for help. Run for your life. Abort mission.

At no point is this attractive, and whether or not the anger is directed at me or someone else, it is a RED FLAG. Granted, Gavin is fictional, but because of his abusive and controlling ways, I found it hard not only to like his character but to connect with the romance that involved him. I can't romanticize abusive patriarchal men who in an effort to get what they want from a woman forget the importance of respecting her, and her decisions--which is what I felt Gavin did. He stalked her, it was innocent--but still questionable. He forced his way into her spaces which I normally find kind of endearing but for some reason when Gavin did it, it felt like a father coming into the space of a child---if that makes sense at all.

I had no qualms with the way it was written, or the pacing, or any of the general things that make a book a book, but Gavin was not it for me.

Samiyah, she was okay. I admired her spirit, and I loved that she was a budding entrepreneur out here getting coins in these streets, but her flip-floppy ways did at some points make me want to shake her up.

The love they had was difficult, it was at times hard to understand, and even love but it does end happily, so there's that.

Emotionally there was a lot of trepidation about what could go wrong, and it kept the characters apart, though most of the hesitation came from Samiyah--and for some readers, hard-headedness is their least favorite, and she was definitely that. I didn't mind it too much, though again like I said I could have shaken her up some of the time. All in all, it's a decent read but with a semi-abusive man at the helm, I could've said no to this one.

Recommended to readers who like head-strong men, and second chance romance.

#### **AM I WORTH THE SACRIFICE**

Yaaaaassssss honey! Tell me why I'm over here at 4 o'clock in the morning twerking, singing "Say you'll let me go" in my Beyonce voice. LOL! Chelsea Marie, you have earned yourself a top 3 position of favorites for me. Stop reading my mind with your words lady. I swear you take them from me and I love it. I KNEW Gavin was sumn special when you introduced is to one another. He got me over here switching from POP to

GOSPEL. Now, I'm singing "You Waited" by Travis Green. Chile, it was a must that I finish this book tonight, well this morning. "I Want To Dedicate This Book To All The Lovers In The World Tonight....." Awesome job Buttercup !

---

### **Theresa says**

#### **Breathtaking**

OMG this book was so ?????... From the first few pages until the last I was engulfed into a whirlwind romance that took my breath completely away. Talk about love and passion lifting off the pages and into my soul that is what this book has done to me... all I can say is Gavin!! Lawd have mercy on me and my emotions...Once again Chelsea has made it to the top of best book ever read list definitely ????? all the way

---

### **S says**

#### **Page Turner**

Gavin though very much in love with the woman of his dreams, in the beginning wanted to keep it secretive. This causes a breakup for several years. Events take place and now she returns. Though some of his aggressive behavior at times became alarming, he fights to make round two last forever.

---

### **Sybil Pun says**

#### **WOW!WOW!and WOW!bravo?????????**

Every time I get a book from MS. Maria I swear it feels like the first time reading her. I always get blown away! This story was so good and clean and fun and romantic and wow! Everything.

Gavin was it for me. I so wish I had a Gavin... His acceptance of all his faults and how he tried to do it better this second time around was so sweet and so beautiful, I wish that this is how it happens in everyday life when the man is at fault and is looking for redemption.

Samiyah on the other end, she was getting a little bit on my nerves. Man Gavin had me as soon as he came to her rescue. Right then and there she needed to stop tripping, turn around and get her man back, but nooooo she had to act like the young thang that she is and looking immature and down right like the eight years difference that they had between each other. But it all worked out because she realizes that she is loosing more than she bargain for.

Ashley was the bomb and Ebony and St. Claire got exactly what they deserve; specially St. Claire.

The only downside of this story was the fact that it was a short story and I was still waiting to read more of Gavin and Samiyah's story with all of the babies that Gavin wanted. I also wanted to read a little bit more of Samiyah's life in Arizona and her interaction with her family which we didn't have a clue about them, whether they were alive or dead!

But in any case, grab yourself a copy, and enjoy this with a nice tall hot chocolate or a glass of red wine!!!

## **AMarie says**

### **That was nice..**

I just needed a little more. It seemed like it ended so quickly. I like Gavin and his authority but I know there is more to the story. Based off the p.s.s I'm going to cross my fingers for the future. Especially with Ashley. Lol All in all when you read this, though short you will still enjoy. Chelsea was a little more laid back with this book. At least I felt she was but it's still good nonetheless.

---

## **Lakimbac says**

First off.. where can I find Gavin AKA (southern cooking muscle)..I'll make him hot sauce, collard greens, sweet potato pie, and homemade lemonade every Sunday ??

Another great job Chelsea!! I enjoy reading books about black love and you definitely delivered. I always look for hidden life-messages in everything that I read. In this book I got, everything will come in God's timing. Samiyah thought was ready from her first dose of Gavin but she wasn't. Neither of them were at the point where God wanted them to be. An 8 year age gap is huge but if once both of them became spiritually and mentally mature it was a beautiful thing.

Oh and how can I forget the mentioning of Capone and Luciano ❤️?❤️?

---

## **Shanelle Shamblee says**

### **FIGHTING FOR THAT ONE TRUE LOVE**

This was a beautifully written love story. Gavin is definitely bae in this book. He may have had his faults but when it came to the love of his life Samiyah, he would fight tooth and nail just to get another chance and make things right. I was happy that Samiyah finally came to her senses and stopped fighting the love she had for Gavin even if it meant losing her bestfriend. This book is definitely about never giving up on your true love, if its meant to be embrace it and move forward. Great job Chelsea. Highly recommend reading this book

---

## **SweetDee says**

### **All time bae!!!**

I just love me some Gavin! This seasoned man knew he made a mistake and went after what he wanted. In this short novella it had the perfect amount of drama. Ebony was 50 shades of cray. Being greedy got her that quick boot to the door. Loved how Ashley didn't trip too much about Samiyah being with her uncle. When you find love you better grab ahold of it and after all that stubbornness and insecurities Samiyah finally got it together and got her man. Such a great journey for these two. I say it all the time lol, but I hope we see more of them in the future.
