## **The Big White Lie: The Deep Cover Operation That Exposed the CIA Sabotage of the Drug War**

Michael Levine , Laura Kavanau-Levine

The Big White Lie, by New York Times best-selling author and former DEA undercover agent, Michael Levine, is a fly-on-the-wall look at the top-secret deep cover operation that ripped the lid off CIA sabotage of the War on Drugs. The New York Times described the book as a “hair-raising” non-fiction book that “moves with the speed of a first-rate thriller.” Publishers Weekly gave it a starred review calling it a “shocking exposé.” Follow Levine, called “America’s top undercover agent” by 60 Minutes, into the world of ruthless drug barons, kill-crazy assassins, secret police and corrupt government officials. The trail leads to the breathtakingly beautiful woman whom Pablo Escobar called “The Queen of Cocaine” – Sonia Atala. Levine, posing as Sonia’s lover, barely escapes the operation with his life but not before learning that America’s true enemies in the War on Drugs are not found in the jungles of South America but in the basements and back rooms of CIA headquarters.

Operation Hun begins when Sonia Atala, deemed too powerful by the male dominated-cocaine aristocracy, is targeted for death. She strikes a secret deal: in return for protection, she will give DEA its first look into the inner workings of the organizations controlling the gusher of cocaine pouring into the US. Levine, posing as Sonia’s half-Sicilian, half-Puerto Rican Mafioso lover and business partner, is now targeted by her enemies. Supplied with a mansion, a fleet of luxury cars, an undercover Mafia crew, and a planeload of cocaine as props, he lures them to his luxurious home to settle their differences on hidden DEA video. It should have been enough evidence to indict those in control of the flow of cocaine into the US. But nothing was as it seemed. Levine discovers that Sonia has a secret: she is manipulating DEA with the help of covert and powerful forces in the US government to selectively destroy her enemies while leaving the cocaine pipeline intact.

Read The Big White Lie and experience the darkest secrets of America’s War on Drugs for yourself—from one who has lived it. RECENT NEWS: During a March 3, 2011 world press conference, the President of Bolivia, Evo Morales, raised a copy The Big White Lie (La Guerra Falsa—the Spanish Translation) in front of news cameras proclaiming the book as one of the reasons he had banned DEA from his country. The photo of President Morales with the book in hand rocketed around the world. When interviewed, Levine said that if President Morales had really understood the book he would have banished CIA from his country and welcomed DEA as heroes. Now that the book is republished as an e-book, readers can decide the truth for themselves.

# **From Reader Review The Big White Lie: The Deep Cover Operation That Exposed the CIA Sabotage of the Drug War for online ebook**

**Bjkwjk says**

**Whiny narrative**

its very convenient that as part of the narrative, the evidence that would be the proof for the authors claims, was all destroyed. Not trying to suggest that the author isnt truthful; but its very convenient. Even worse, the author comes across as a whiny disgruntled employee, rather than someone with an important message to convey.

**Sherri Stotler says**

**Great Read!**

This is a great read. The cover up by the government is unreal. Once I started reading I couldn't put it down.

---

**Arthur Stevenson says**

Enjoyed the book and all of the goings on. Fairly realistic description of the view from Michael's World

---

**Boris Miranda says**

Final algo moralista, aunque con grandes revelaciones. Algunos detalles son refutados por la viuda del rey de la cocaína de Bolivia en otro libro editado en 2012.

---

**Victor J. Triolo says**

**GREAT BOOK !**

GREAT BOOK, MUST READ FOR ONES SELF. A TRUE STORY OF SELF SACRIFICE TO DO "THE RIGHT THING" , AGAIN ALL THE ODDS , AND SOME .

---

**jared ackerman says**

## **Stunning eye opener**

It's weird to know beyond the shadow of a doubt that the drug war is the biggest scam ever pulled on the American people.

To see it in writing with proof from a former agent just solidifies what everyone already knows.
