From Reader Review The Price Was High: Fifty Uncollected Stories for online ebook

Tom says

There's no such thing as a bad Fitzgerald story -- just some that aren't as great as others. This collection is not necessarily the junior varsity of Fitzgerald stories. Some of them are among his most interesting works. It is certainly worth delving into this book if you enjoy one of the 20th century's greatest writers and want to explore beyond the most well-known stories.

Nina says

LOVE HIS SHORT STORIES.CAPTURED AND CREATED HIS TIMES

Veronica says

La elegancia en la escritura de Fitzgerald se hace notar haciendo de estos relatos exquisitos y dinámicos, fáciles de leer y ambientados en el Estados Unidos de La Gran Depresion que le da un toque especial, con arquetipos personajes típicos de la época este libro te hace viajar en el tiempo.

Sin duda Francis Scott Fitzgerald es un gran escritor.

Recomiendo este libro para disfrute de su escritura y en caso de que se necesite algo fresco que leer.

Steven says

Collection of incredible short stories from a writer who, in my opinion, is simply the greatest. Nobody writes prose like poetry like Fitzgerald.

Spencer says

When first published in 1979 these 50 short stories had not been collected in any other book. That still holds true today for most of them. This book belongs on the shelves of any FSF aficionado.
