RYAN'S LOVE - BOOK #1

One of the hardest things I have ever had to do was bury my wife.

The second hardest thing would be watching my twelve-year-old daughter fall to her knees as they lowered her mother into the ground to rest.

A heart-wrenching vision that will forever be etched in my mind.

Claire was my best friend—she had been since we were barely old enough to talk. I always knew, one day, I would marry her. I think I may have even told her that a few times while we were growing up.

Never did I think I would lose her so suddenly.

I knew at that moment...

Our life would never be the same again...

JACKSON'S DESTINY - BOOK #2

Shaken to his core, the loss was excruciating...

Jackson Sawyer was strong, confident, cocky, and arrogant, but when he loved, he loved hard.

The Sawyer family was faced with a tragedy that rocked their foundation. Jackson, however, was hit the hardest. He's the one who can't seem to rise above the grief.

It has overtaken him...

Until he finds Bailey Whitmore. She also has a darkness she just can't shake. Yet she hides it well—tucking her sadness away, and shadowing it with a spunky attitude.

But those demons have a way of showing up when you least expect it...

Love is intense.

Loss is inevitable.

Pain and anger are unavoidable.

Will they find the strength to rebuild their tainted hearts together?

Or will it go against...Jackson's Destiny?

NOAH'S JOURNEY - BOOK #3

The years that were taken can never be repaid.

The memories stolen can never be returned.

But I had to move forward...for him, my son.

Noah had spent years wondering what he could have done differently. Wondering what he'd done wrong to make Stacey leave. The heartache from her absence and the what-ifs of their past eventually turned to anger—and then disgust.

It took years for him to move on, and once he did, his past came thundering back, revealing a secret.

A secret that would forever change his future.

Alena had waited for the chance to have more with Noah. He was an enigma, a man of mystery, yet she wasn't quite ready to give up on him. She knew there was more to him than what he allowed those around him to see. She was drawn to his charm and his calm nature. With an uprooted past of her own, she craved a little stability more than anything. But when things between them finally begin to grow into more, their relationship is tested.

Will it all be too much for Alena to handle?
Or will she decide to stay and be a part of...Noah's Journey?

OLIVIA'S RIDE - BOOK #4

Keeton Pearce hadn't lived a life full of supportive, loving family...

In fact, it was just the opposite.

He had been on his own for so long he had no idea what it felt like to belong. He didn't want to rehash the life he left behind, or even think about it. But the hate from his father followed him, slowly eating away at the life he had begun to build for himself.

Olivia Sawyer had been prepped on how to deal with the advances of those college men she would encounter...

After all, she had been surrounded by three alpha men who made sure she knew just how to handle herself. But when she met Keeton Pearce, all those words of warning flew right out the window.

RYAN'S LOVE:

You could tell right off that Ryan's daughter Olivia is his world, he'd do anything for her, and you could tell Amber was caring, kind and patient, "baby, don't leave. It means a lot that you cared enough to show up here for my little girl." Ryan, he's sweet, kind, sexy, charming, charismatic. He's also not shy and proudly shows his affection, "I'm gonna kiss you now," he assured me. "But just so you know, we have an audience. My entire family is watching." Ryan really was swoon-worthy, "well, that looks real good, baby, but I'm not all that hungry for omelets right now. I'm craving something a little sweeter." He bent his head and skimmed his lips over mine. "I didn't like waking up alone. Why don't you come back to bed with me?" Ryan's brothers can be rowdy men and I can't wait for each of them to get whipped, and led around by their balls because it's going to be interesting. Especially Jackson and Bailey I can't wait for their story it's going to be entertaining, "I can reassure you, baby, I can go all night long, and I don't need a little blue pill to make that possible." I'm really excited for the next book.

JACKSON'S DESTINY:

Jackson is a kind, caring man, don't get me wrong he has the worst cocky side you've ever seen, but he's always kind and caring in his own way, "Jackson chuckled, bringing my dirty thoughts to an abrupt halt. "Darlin', if you wanna touch, all you have to do is ask." I narrowed my eyes at him, trying to appear irritated by his cockiness. But he didn't buy it at all as he took a few steps closer to the bed. "I can unhook this towel and give you a closer look." There are times Jackson really appreciates his woman's imagination, "I was growing hard thinking about her doing just that. "Riding a cowboy sounds like the perfect choice." I pressed my erection against her stomach, and her mouth fell open in a short moan. "In fact, I think you should ride one right now." I loved this book I can't wait for Noah's book hopefully that one comes out quickly.

NOAH'S JOURNEY:

I really liked Noah. Although at times it was touch and go because of his lack of skills (not the bedroom ones those were perfectly), "once again, a husky chuckle filled the room. "Oh, darlin', I plan on doing that and a whole lot more, over and over again," he assured me. I groaned, and he placed a kiss against my shoulder.

“But I promise I’ll give you some time to reboot before I take over again.” I enjoyed this book C.A. always writes heartfelt stories.

OLIVIA'S RIDE:

I loved Keeton, he was so sweet and caring and I just loved his behavior when he was with Liv, “if I go in there and face the firing squad,” Keeton cooed in my ear. “You have to promise to soothe me later.” I couldn’t love Keeton enough, “have I told you lately just how much I love having you here?” he asked as he continued to move against me. “Walking around in these tiny little shorts and tight shirts.”
