Under the Mistletoe Lexi Buchanan

Gabe has been brought up with Bree since he was three years old when his parents died. Now he's twenty six and in love with Bree and has been for the past seven years. She's coming home for the holidays and has him so tied in knots he can't think straight.

Bree avoided going home for the holidays last year because she didn't think she'd be able to handle being around Gabe, the man she's in love with, who she thinks she can never be with. Or can she?

To begin with both Gabe and Bree sneak around together and eventually Bree's mother finds out and accepts them as a couple, but announcing it to her father causes heartache with the bombshell he drops.

Join Gabe and Bree in a 'hot' Christmas story where love conquers all.... And were Bree discovers Gabe knows just how to use a red ribbon....

Warning – Sexual explicit content. This story is a complete rewrite and reedited version of Home for the Holidays.

I gave this book 5 stars!!

This book wasn't what I thought it was going to be. There is a love between Bree and Gage and as soon as these two get into a room you can feel the sexual chemistry. But there is one problem, everyone sees Gage as Bree's brother. Gage came to live with Bree after his parents died in a car wreck when he was a young boy. She has loved him for years but been afraid of what the town, her parents and real siblings would say. She hasn't been home in 2 years because she can't face Gage and not act on her feelings for him.

Gage has been in love with Bree for most of his life. He tries to deny it by going out with someone else while Bree is at home, but quickly realizes that he doesn't want Bree to date anyone else but him.

What happens when these two finally get together and tell their parents? Will their world as they know it come crashing down or will Bree and Gage be able to have HEA?

This book is such a heart warming, fun filled Christmas book. The main and secondary characters make you feel the realism of the story.

This book is at the top of my must read Christmas books.

Lexi, you have once again bring us a story with twist and turns and some WTF moments but in the end it was just beautifully written and I know I will be wait on your next book.

Had a really hard time with this book. Picked it up for free on Amazon and just struggled. I wanted to like it because of the story line but just couldn't finish it.

Natalie Townson says

Deck the balls with bows and holly fa la la la la la la la tis the season to be horny fa la la la la la la la ohhhhhhhh boy this book is scorching hot it's bound to make your jingle balls jangle

The moment Gabe and Bree are in the same room the sexual tension jumps from the pages, you can feel how much they want each other I was practically drooling in my panties, I just wanted them to get it on.

The story if filled with twists and turns and plenty of wtf moments at one point I was like ohhhhhhhh nooooo please no I just wanted a HEA and well you will just have to see what the outcome is.

I give this book a panty melting, knicker dripping, tied in a perfect red bow 5 Stars

phewww its hot as helll

Cammie says

lacks a lot of deeper character insigths or something..really short and sweet though...and a bit steamy.

Cheri says

Gabe and Bree are too cute together. Both have been in love with each other for years but to afraid to admit it. Bree comes home for the holidays and to decide what she really wants. After some sneaking around together, their family finds out. Of course a little drama and a lot to work out. They finally get their HEA. Can't wait to read the next one.

Katrina Todd says

I thought that the book was cute. The characters and the story line was cute. I think there needs to be more to

these characters. When reading the back of the book (the about author and the authors other books) didn't see that there would be more. Hoping that there will be a story on Emma and the doc.
