## **Erased** Jennifer Rush

*They thought they had escaped. They were wrong.*

After fleeing the Branch with Sam, Cas, and Nick, Anna is learning how to survive in hiding, following Sam's rules: Don't draw attention to yourself. Always carry a weapon. Know your surroundings. Watch your back.

When memories from Anna's old life begin to resurface--and a figure from her childhood reappears--Anna's loyalties are tested. Is it a Branch set-up, or could it be the reunion Anna has hoped for? Ultimately, the answers hinge on one question: What was the real reason her memories were erased in the first place?

Jennifer Rush delivers a thrilling sequel to *Altered* in a novel packed with mysteries, lies, and surprises that are sure to keep readers guessing until the last page is turned.

## From Reader Review Erased for online ebook

### Gökçe says

Amnezi ile ilgili dü?üncelerimin ayn?s? bu kitap içinde geçerli. Konu olarak çok farklı? ve güzel. Sa?lam da bir kurgusu var ama yazar olaylar? çok oldu bittiye getirmi?. Kitap sadece 280 sayfa ve bir sürü olay, aksiyon içeriyor. Asl?nda bu her ne kadar olumlu bir?ey olsa da ya?anan ?eylerin daha detay?na girilmesi laz?md?. Bu kadar yüzeysel geçilmesini beni üzdü. Çünkü dedi?im gibi güzel bir kurgu temelde yat?yor. Bunun d???nda geçmi?e dönü?lerin olmas? ho?uma gitti. Olaylar?n ba?lang?c?n?n bir k?sm?n? ve karakterlerin asl?nda nas?l ki?isel özelliklere sahip oldu?unu biraz daha iyi bir ?ekilde anlam?? oldum. Üçüncü kitapta geçmi?te tam olarak neler oldu?unu, ya?and???n? daha iyi bir ?ekilde görece?iz san?r?m.

So yeah... I cried...

AH I JUST CAN'T EVEN..... ;fldkajsflkasdjfldsakjfasdl;jfas;ldjkfas;dlfjasdlk SO GOOD SO GOOD SO GOOOOOOOOD.

Holy feels... Jennifer Rush sure knows how to hit you right here --> <3

---

### Ali says

I was lucky enough to receive an ARC of Erased, the hotly anticipated sequel to Altered. It did not disappoint!

First, let me start off by saying that I loved Altered. I had been hesitant at first to read it, because the description of the story, in my mind, made it seem like it could either be really good or really cheesy. It was not, in any sense of the word, cheesy. It sucked me in and created a knot of anxiety that rode in my chest throughout the entire reading. When I finished, I was distraught to find that the sequel would not be released for another year!

Thankfully, I didn't have to wait that long to read Erased. I received my ARC yesterday and read it in one sitting because I could not physically put it down. Jenn Rush has this innate talent for writing suspense. I had the same knot of tension riding my chest through this sequel. I wasn't sure how she would manage to continue this story without it feeling artificial or forced, extended simply for the sake of having a second book. But somehow, she pulled it off.

Erased picks up where Altered left off. And instead of a story for a story's sake, it truly feels like you never stopped reading Altered, and moves forward into such a natural progression for the characters. The best part, to me, was that in Erased, we learn more about the Altered characters' backstories. It fills them out, and fills the holes that I'm sure many of us were desperately wanting filled after the first book. Nick, especially, develops such a wonderful depth of character, that he has quickly become my favorite of the boys.

I spent the entire reading gasping out loud, yelling at the characters, cursing decisions that were being made, creating working theories about who I thought was to blame for the current predicament, and being overwhelmed with affection for the characters as they found their way through it all. That, in my opinion, is the mark of a truly great book and a truly great author. I, for one, will be reading anything Jenn Rush publishes going forward. She has proven herself as the type of writer who can evoke tremendous emotional (and physical!) reactions to her work, and those are the writers I want to read.

I highly recommend this book to anyone who read Altered. And if you haven't read Altered yet, what are you waiting for??

---

### **Lara says**

Thankfully, *Altered* didn't follow the 'cliffhanger' trend and end in a ~~extremely emotional and makes you worry for the characters~~ fashion. For this I am happy. Thank you, Ms Rush!

...Still, what I wouldn't do to have this book in my hands *right now*. Something about that ending left me wanting more. Yes, did end up with a kind of 'their safe for now' vibe but there is serious danger behind them. I want to know what happens, damn it! At this rate, 2014 won't come soon enough. \*Goes and cries ~~like a sad, obsessed fan~~ in a corner\*

---

### **madametschenny says**

Eine wirklich gelungene Fortsetzung! Es gab Spannung, überraschende Wendungen und jede Menge Action!

---

### **Irmak says**

Kitabın 280 sayfa olduğunu üzüctüdü çünkü bu kitapta ilk kitaba nazaran daha çok olay vardı? Ve çok hizl? oldu her şey. Sadece daha uzun olmasın? isterdim.

Bu kitapta Anna'nın benim çocuklarım diyip durmasın?na o kadar sınır oldum ki. Nereden senin çocuklarının oluyorlarm?? acaba diye diye tokatlayasın geldi.

Geçmişe dönü?ler sayesinde bir çok şey açı?kl?a kavu?tu. Ve Nick. Önceki kitapta en çok Cas'i sevdim diye dü?ünüyordum ama bu kitab? da okuduktan sonra en çok sevdi?im ki?inin Nick oldu?una karar verdim. ?imdi gelde üçüncü kitab? bekle :')

## Jen (The Starry-Eyed Revue) says

**Rating:** 1/2

**\*\*There will probably be minor spoilers for the first book...I can't help myself. I have to talk about it. :)\*\***

So, I liked *Altered* when I read it earlier this year...A LOT. Like, even more than I thought I was going to. So I pretty much already knew that the sequel was a must-read and that it was probably going to be just as intense. *And, boy, was it!*

But before I get to that, a little side-note. I read *Altered* before I'd ever even heard of the *Elementals* series by Brigid Kemmerer, and though the premises are very different, the group dynamic is very similar and just as entertaining:

### ***Elementals***

- has twin brothers named Nick and Gabriel
- oldest brother Michael is the no-nonsense head of the family
- Becca discovers she's also an Elemental

### ***Altered***

- has altered boy named Nick who has previously used Gabriel as an alias
- Sam, the boy who's been in the Altered program the longest, is also a no-nonsense kind of leader
- Anna was also in the Altered program with the boys

*- both series include an outsider who gains acceptance, only to betray the group*

So many similarities from two totally different stories! So, if you've been debating one series or the other, well...*just read them both!* They are both awesome and I can't recommend them enough. Both are completely addictive and insanely readable.

*Okay, now that that's out of the way...*

As I said before, *Erased* is **intense**. I couldn't put the book down. And when I absolutely *had* to stop reading, I rushed back to it with super-human quickness. Simply put, I was utterly compelled to continue reading, as Anna, Sam, Nick, and Cas searched for the answers to their past and discovered more than they ever bargained for when it came to their futures.

*Erased* finds the characters two months after the events of *Altered*, on the run and hiding out. They're all kind of on auto-pilot, doing what they need to do to survive and not much else. The flashbacks are getting worse, and it's difficult for any of them to discern what's real and what's not anymore. But they're sticking it out, staying together to evade the Branch as long as they possibly can.

Except, it soon becomes clear that their "safety in numbers" theory isn't going to cut it anymore, and Anna is forced to head out with only the ill-tempered Nick by her side. These two have never been the best of friends, the animosity between them crackling like lightning. I liked this little interlude, and not just because we get to see Nick and Anna as badasses, working together in tandem to take down some Branch agents that are on their trail. No, I enjoyed this turn of events much more because it shows a softer side of Nick and

through a series of flashbacks, we learn more of each of these characters' history. At one time, they might not have hated each other.

Stop looking at me like that. There's no love triangle...not *really*, anyway. It's only my ardent wish that Nick was a viable suitor for Anna. Sam's great and all, but he just seems like a shell of a person at times. But these kids *have* been through an awful lot, so I'll chalk his behavior up to that. Especially since he is unfailingly faithful to dear Anna.

I love the team dynamic, with Sam as the leader. Except, because of some weird bonding experiment done as part of the Altered program, Anna's actually the head of the group. They are *her* boys, and she is theirs to protect. It makes for some interesting situations and some rather funny tests on their part as they try to determine just how far that bond goes.

Exhilarating and fast-paced doesn't begin to describe this novel, but that's a good jumping off point. As with the first book, I found bits of the plot to be on the predictable side, but again, it didn't keep me from enjoying the story *as quickly as I could*, especially with some of the awesome twists thrown into the mix. And though there's more story to tell, and their pasts are anything but clear, this second installment leaves the reader with at least some semblance of closure. And yet, *this* reader can't wait to get her hands on the next book. =)

*Thanks to Little, Brown BFYR and Around the World ARC Tours for providing a copy for review!*

This review can be found at The Starry-Eyed Revue closer to the release date.

### **Ezgi Tülü says**

Az önce dönüp baktım *acaba ilk kitapla ilgili ne söylemiyim?* diye fakat hiçbir şey söylemememi im. Kitap hakkında nasılsımı hissettim imi az çok hatırlıyorum gerçi ve ikinci kitabın birinci kitaptan bu açıdan pek bir fark yoktu.

Bazı noktalarda **karakterler etrafta boz boz turuyormu gibi** hissettim ve olan biten de düzgünce açıklamamışım bana sorarsanız. İlk kitabınasılsımı bittiini pek hatırlıyorum ama *Bellek'e başladığtan* sonra kitabı içine girmekte hiç sorun yaşımadım (sanırmam ilk kitabın bir raktan devam etmiyordu ama emin olamıyorum).

**Akçiyd ve oldukça hızlı okunuyordu.** (Bknz, kitabı *dört buçuk saatte* bitirdim.) Ama bunun dışında bir özel bir ilgim yoktu, eğer ilk kitabı okumamı olsaydım (ve *Bellek* elimde olmasaydı?) tahminen alıncaya bir kitabı deyledi. **Ha, okurken elendim ve beendiymi yerleri de vardı fakat çok daha iyi kitaplar var.**

Not: Az önce "Yazar acaba üçüncü kitapta ne anlatm?" diye düşündürdüm çünkü *Bellek* bir seri sonu gibiydi, meğersem gerçekten de öyleymi ve üçüncü kitabı Nick'in a-zA-Z'dan anlatılsın mı?

---

## **Isis says**

*Update March 10th, 2013:*

Can I just say that the cover of the book looks epic! Though I was waiting to see how Anna would look like. Maybe Anna and Sam together?  
A whatever this one looks pretty mouthwatering too!

---

If I may speak for every single one that read book one,

**it was awesome. Just mind-blowing, crazy-jumping, fan-girling awesome.**

When I was first in the story I was really annoyed with the hopeless act Anna performed. That was until she kicked-ass and said what she thought, not what she was supposed to say. I really like a strong character with confidence.

So let me wrap up how I felt while I was reading the book.

Of course, *page 1 began like this:*

Then, while Sam finally remembered that Anna was another human being, and not also that but also a GIRL, I felt relieved. Finally Anna could get over the 'please-notice-me' act (really, I loooooved the book but I just need to say that haha).

thank god. yes. love them. ship them.

**THEN** I saw when book two is supposed to be coming out.

I mean *come on.....* Januari 2014? I CAN'T POSSIBLY WAIT THAT LONG.

Well I guess I will just go cry in my room for another year..

---

## **Zeynep says**

K?sa oldu?u için hemencecik okuyup bitirdim ama bu sefer de tad? dama??mda kald? biraz.

---

### **Esther says**

Amazing! Like the first book.

Something that I really liked was the "relationship" between Nick and Anna. That was surprising. And thank god for no love triangle.

Something about that ending left me wanting more.

---

### **Steffi says**

Hide or Erased is the second book of the Altered series by Jennifer Rush

After loving Altered so much I was actually disappointed with Erased.

First of all, the story was too short. Too short. The German edition has only about 272 pages and this is maybe the shortest book I own. Because of this, the story was too fast and I couldn't enjoy all the mysteries and action scenes. On top, I feel like this book could have been more detailed and better written. We get to know some new characters and they ... let's say it was obvious to know their real intentions.

Secondly, the characters. Anna gets more self-confident and can fight for her own but oh my ... she does so many stupid mistakes. Very stupid mistakes. Some things/secrets are so obvious from the beginning and our dear Anna doesn't think twice. Besides, there aren't many scenes with Sam or Cas, but, fortunately, many scenes with Nick. Nick has been probably the most mysterious characters from the series. Erased gives us many clues and answers about Anna's and Nick's past and honestly ... I prefer Anna and Nick. I loved their dynamic!

All in all I have enjoyed Hide/Erased, but it wasn't as good as Altered.

4 stars

---

### **Mags~CVAddikt~ says**

So there is a Nick teaser

Nicks is making origami paper cranes ...

But then, I remembered this scene from altered, when Anna and Sam went to her old house ...

*"I pulled the box out, flipped the saffron lid open. Inside lay an origami paper crane. A knotted beaded necklace, and a picture, the edge crisp and torn, the photo itself folded into a crescent."*

Soooooo????

Love triangle???????

Well ... No love triangle ... see comments below :P

\*\*\*\*\*MORE TEASERS\*\*\*\*\*

AAAAAAAAAAAAANDDDDDDDd a Nick teaser

Gotta love the guy ...

---

**Nadia says**

[I was sure there would be a love triangle with Anna having a childhood friendship with Nick, but there wasn't. (hide spoiler)]

---

**Taschima says**

Cannot contain my happiness!
