## Evil to the Max Jasmine Haynes

Thirty-something, down-on-her-luck accountant Max Starr has the unfortunate gift of being psychic, a newly-discovered wrinkle in her already messed-up life. Her husband, Cameron, is dead, killed in a botched 7-11 robbery two years ago. In her grief, Max has cut herself off from friends, moved out of her San Francisco home in favor of a studio apartment, and dumped her flourishing career as a CPA to do temp work.

Now Max has developed an annoying penchant for attracting the spirits of murdered women. Okay, they possess her. And to exorcize them, Max must unmask their killers. But how?! By stepping into the void their deaths created, taking their jobs, befriending the loved ones they left behind. Max goes wherever she has to go and does whatever she has to do, with a lot of help from the ghost of her late husband Cameron and hunky and very enticing Detective Witt Long.

In Evil to the Max, Book 2 in the Max Starr series, when Max tells the detective she's had a second vision of a murder, Witt knows he's in for another crazy adventure. The police aren't going to solve Tiffany Lloyd's murder without Max divulging what she saw in the vision, but that will only move her straight to the top of the suspect list. For the second time in less than a month. So Max goes on the hunt for the murderer herself, dragging a reluctant Witt along with her. First things first, she gets a job in the salon where Tiffany used to work. And the deeper she ventures into the dead woman's life, the more she sees that nothing is as it seems and everyone has something to hide. As she stirs up a hornet's nest, Max soon begins to fear she might be the next victim.

Even scarier, Witt makes it clear he wants her. Badly. Just how long can she resist him? When it comes to Witt and her very sexy visions about him, she suspects that resistance is futile.

Previously published in 2003 from LiquidSilverBooks.

This book contains super sexy material.

“Evil To The Max” is a contemporary romance/mystery with both psychic and ghostly paranormal elements and is approximately 85000 words.

This book contains the following bonus material:

## **From Reader Review Evil to the Max for online ebook**

### **Rene Lewis Mahood says**

Loved this book. I especially enjoy the character progression between Max and Witt. Max is no stranger to sex and one night stands but she is reserved with Witt. Her fear and confusion of how he makes her feel makes the book so much better. Soapy books today have the main characters hopping into bed and declaring undying love within the first chapter or two. Getting into book two and wondering whether Witt will even get a first kiss just ups the excitement of what it will be like if it happens. This book also suggests that Witt may have some secrets he's afraid to share. And to think when I started book 1 that it might not be worth it to read more. How wrong I was. Downloading Desperate to the Max now. I have to know what happens next.

### **Dicey Grenor says**

I carried this book everywhere with me from the moment I started it until I finished. Yes, that means I couldn't...or wouldn't put it down. Sexy. Engaging plot. Excellently dysfunctional lead character. And one heck of a mystery unfolds. It's even better than book 1.

### **Mel says**

#### **Again another great book two in this series**

I actually enjoyed the storyline, again great development within the characters. I really like Witt he has something very likeable. But Max is not sure why she is so moved by him.  
Again fantastic plots with twist, I really like this series and style.

---

### **Charlie N. says**

Really though? Ok ok ok I get it Max has some serious issues but for the love of god can the woman please start dealing with them so that her and the Detective can get things started.

Another thing a tad bit annoyed that everything is from Max perspective, I would love to get some insight on the detective and what he thinks of Max sheesh. I mean I know he wants her, but I would love to hear his reactions to some of the things she does from his perspective and not just her describing it.

I really hope the next book picks up with their relationship, if she doesn't want him I'll take him lol

### **gert says**

LOVE this series! just enough 'other' to make it interesting, but the story-line moves along just fine with and without it.

imperfect heroine with a touch of psychic, her back story is heart breaking but she's got enough issues that sympathy isn't the strongest vibe as a reader.

looking forward to number 3.

---

### **Lisa says**

I'm really liking this series. Max is so messed up (understandable with her background) and not always very likeable, but she's also one of the more interesting book characters I've come across.

---

### **Epicbookaddict says**

I loved this series. The sex with the ghost husband was a bit hard to swallow (no pun intended) at first but becomes so much a part of the heroines flawed character. Loved Loved Loved it. More please!

### **Melindeeloo says**

I am having a hard time saying that I liked this - The murder that the psychic leading lady Max 'sees' and works to solve is tied up with the victim's sensuality (which is all about power) but because there are sex scenes linked with the victim's murder and others that lead to the murderers, the smex in here is 'squicky' and I found Evil to the Max uncomfortable at times even though the story held my interest in a train wreck fascination sort of way.

This time around we still continue to see more of why Max is so messed up - her sensuality is every bit as unhealthy as the victim's - and I am almost getting a feeling that what she learns about the victim's issues in each story ends up being sort of a therapy for Max as she begins to face how screwed up her past has made her - denial has been her modus operandi. Even as I am torn about continuing the series, I am dying to know what Witt has in him that he thinks only someone who is messed up can accept.

### **Rosemary Gunn says**

I am emotionally wrung out ... what an incredible book! Can't wait for Desperate. Beautiful series, Jas!

---

### **Carrie says**

Ready for the next one. A little repetitive, but ready for more Witt!

---

**Shell Williams says****Fantastic**

Wow this series just keeps getting better with each book if you haven't meet Max, Cameron & Witt you need to read book one and then the rest I am so reading book 3 now I can't wait.
