Julianne Macneil says

i read this book as part of an arc program. This is a book from the Halloween Honeyes series and is about the romance between Lexi and Brett. Lexi is a member of the sorority that is doing a haunted house for charity and her room is a zombie dancer. When Lexi learns her father has lost everything in his recent divorce, she knows she has to earn money to stay in school. Another sorority sister suggests Lexi go to the next town over to try stripping. Lexi goes and on her first night there, she sees Brett. Brett was her professor the year before and he is shocked to see Lexi. Brett is a marketing professor who was recently divorced and still owns a marketing company with his ex-wife. Brett hasn't really gotten over his divorce and he makes a deal with Lexi to help her stay in school. Brett needs a date for a charity function with his marketing company that will make his ex jealous and he wants Lexi to pose as his girlfriend. Brett tells Lexi he will pay her tuition and help her. Lexi agrees and they go to the function. Brett realizes it didn't work and he tells Lexi to leave. Lexi overhears things and sets out to make Brett realize what a catch he is. I really liked this story and thought Brett was a good guy. I think he needed to know he was still wanted and Lexi helped him. I think Lexi and Brett were great together and had great chemistry. I think Brett finally realized his ex-wife was not for him and she didn't love him like he deserved. Good one.

OMG this book put a smile on my face! Lexi is thrown for a loop when her father can no longer pay her

college tuition. She is used to her dad paying for everything. Taking her sorority sister's advice, she becomes a dancer at gentleman's club. She goes to work one town away to avoid anyone finding out about her job. Unfortunately her first night as a topless dancer, her former professor Brett shows up looking to blow off steam. Lexi had a crush on him last year when she was in his class. Seeing his former student dance, he is mesmerized. Lexi begs him not to tell anyone her secret. Brett agrees if she will go with him to a charity fundraiser attended by his ex-wife. After an incredibly seductive dance, things quickly escalate between Brett and Lexi. How will they handle the teacher/student issue and the drama his ex-wife decides to bring to this new relationship? Absolutely loved this book. Cannot wait to read more by Kelli Callahan!

4.5 Stars

First things first; I love the cover to this book. It catches my every time I open my kindle app. His dirty dancer is one of the books in the Halloween honeys novella series. I am not a hundred percent sure but I think this may be the first, if not the second book I have ever read of Kelli Callahan's. I found her writing style easy to follow, her characters likeable and the storyline enjoyable. I devoured this story within half an hour and wasn't once bored. This story is short, fast paced and hot. I loved Lexi. I liked that she didn't let her money issue get her down. She could have just given up and left college but she didn't. She pulled her big girl panties up and got a job as a stripper. During her first dance routine at the strip club, she locks eyes with a professor from her college. A professor that she had a crush on. Whilst down about the failure of his marriage and his recent divorce Brett takes his friends advice and visits a strip club. What he doesn't expect is to lock eyes with a student from the college. Determined to get answers on why Lexi is stripping, Brett steps in and tries to help her. Seeing an opportunity, Brett makes a deal with Lexi. He wants her to be his date at a charity event to make his ex wife jealous. What Lexi and Brett don't expect is to fall in lust and then love. The chemistry and passion between Lexi and Brett is through the roof a lot of the scenes in this story are kindle and pantie melting hot.

The storyline for this book is easy to read and it is an enjoyably hot short story. I cannot wait to read more books from this series, the ones already released and the ones yet to be released.

I volunteered to read this ARC for an honest review. I enjoyed this story about Brett and Lexi. He's a divorced professor who teaches marketing. She a college student that finds out her dad is bankrupt and needs to find a job so she can stay in school. A sorority sister suggests dancing at a gentlemen's club or becoming a escort. Figuring the better option is to go with it dancer that she has ballet background, Lexi gets the job and hopes she does anybody she knows. Unfortunately her first day there she sees one of her old professors. Brett decides to offer Lexi a proposal, to accompany him to a charity event as his date and he will pay for her tuition for next semester. While at the charity event Lexi overhears Brett's ex-wife Melinda discussing her affair that she had while married to Brett. The two have crazy chemistry and it is fun watching their relationship develop. Great quick read.

I loved this sweet and steamy story. I liked that she could make him a man again. That she was the one to get his personality back.

It took me a half of the story to see their chemistry. It was not that obvious in the first part of the story. But luckily it changed.

I like the mix of drama, jealousy, steamy, emotional ups and downs, family issues and want.

Recommendable for others.

Things haven't gone quite the way Lexi thought her life would go. She is in college but not for long. Her dad has lost his business and his money. If she wants to stay in school she will have to get a job. So in disguise, she performs topless and is stunned to spot a former professor in the audience. Brett is shocked to see Lexi in a place like that. He was only there to relax. His divorce has left him feeling terribly low. When forced to go to a function where his ex will be there with her new boyfriend, he offers Lexi money to go as his date. Lexi had a crush on Brett when he was her professor and that attraction is still there and Brett feels it too.

Suddenly they are dating and feelings are growing. Will they be able to overcome all the forces trying to keep them apart?

His Dirty Dancer was a refreshing take on a college girl resorting to stripping in order to attend college. Lexi is a typical college girl and she has had some experience with dating. She is a little freaked at taking her clothes off but she is more worried about being recognized. When she finds out the situation with Brett and his ex she wants to help him see what an amazing guy he is. Things progressed and their relationship felt like it was meant to be. This is a sexy and sweet Halloween tale and a great way to spend an autumn afternoon!

Needing money to stay in school, our heroine tries performing at a strip club, but is recognized by one of her professors on her very first dance.

This is a really awesome romance story. I call our heroine the aggressor because she does take the lead in making things happen, but the attraction is mutual and both parties definitely benefit from the union. There are some shenanigans with the ex-wife in the background to provide that sense of conflict, but our couple manages to work through it and get a very nice HEA.

The story is very well written, the characters are solid and believable, and the multiple sex scenes are hot. A very enjoyable read.

Highly recommended.

Lexi is the daughter of a very wealthy man, who had just told her he had lost everything in his divorce so she would have to drop out of college as he just didn't have the money to support her any more. Lexi is devastated and comes up with a plan to earn money to fund her place at college. So after a lot of soul searching She becomes an exotic dancer, she travels far enough that she believes no one who knows her will be there. But on her first dance she locks eyes with sexy Professor Hill. She had a crush on him last year when she was in one of his classes. After her dance she wants to quickly leave but is told that she has been asked for a lap dance and the boss said you always got to keep the customers happy. Professor Hill can not believe his eyes when he sees Lexi on the stage, but lord was she hot. He had to talk to her so asked for the lap dance.

Everything is not as it seems as Brett has a plan, he is willing to pay her whole year of college for her help. things quickly start to heat up but can they be happy or will the ex wife come between them????

This was a great quick read. Lexi's father loses his money and she has to come up with tuition for next semester. She decides to try stripping a few towns over so no one from her college will recognize her. Brett is in the audience at her first dance and recognizes her as one of his prior students. He proposes a solution to her problem that would also make his ex jealous at their company charity event. They hook up after the event and eventually get their HEA.

Good simple little romance

The story is simple, but well written with a heroine with a strong character: she has a problem and she tries to solve it while remaining herself and respecting herself. The story is enjoyable to read and allows for a good time in less than two hours.

Lexi wants to continue her studies, but her father lost his business because of his divorce.

Without any money, Lexi has to find a way to pay the tuition for college and she turns to striptease, but on her first night, she is recognized by one of these former teachers, Brett. He wanted to change his mind since his divorce and he offers to Lexi to be his date to the evening of charity of his ex-wife to make her jealous and in exchange, he will pay for Lexi's tuition and she will no longer have to continue the striptease.

However, during this evening, Brett realizes that his plan is silly because he has no more attraction to his wife, but also, Lexi understands that his ex was cheating on him, well before their divorce. Also, to avenge her, she charms him by provocatively dancing, then they kiss and their relationship begins between the secrets on campus and the jealousy of Brett's ex-wife.
