**MASON** Ivy Carter

**Mason (Billionaire Bastards, Book One) is a full-length standalone romance with a guaranteed HEA**

My gorgeous new boss has a secret.

A secret so dark, so twisted, that he never even speaks of it.

But it's always there, simmering below his perfectly constructed façade, and it makes him want to do things to me.

Punish me.

Make me strip.

Spank my bare flesh and tie me up.

I know it's the demons from his past that make him do these things, but I also know that I love the way it feels. Love the way *he* makes me feel when we're together.

I crave more of it, more of him. More of his lips on my skin, his hands on my hips, his body pressed against mine.

I can't help but think that beneath all his darkness, something deep and real is happening between us. I can't help but wish that maybe he would open up, let me in, let me know what, exactly, is tormenting his soul.

But I know it's impossible. He's a gorgeous, cold-hearted billionaire bastard, and that's all he'll ever be...

## **Jeannette says**

### **ACR Reader**

I received an ARC copy in exchange for an honest review so here goes:

Once I started reading I couldn't put it down. Olivia Landers was fresh out of college with a plan. To work as a day trader for the best firm in NY. Her interview did go as she hoped but she was offered a job she felt she was overqualified for so she declined the offer. Then her phone rings and it's bad news from the other firm she applied to so she was forced to go back to Daylight Trading to try to get back the personal assistant job she was offered.

Fortunately for her it was still available but with she had to play by the boss's rules. Her billionaire boss Mason is a sexy beast with his own dark secrets. I was getting upset at Mason for being a dick and mad at Olivia for not having enough backbone but I loved the two of them together. I enjoyed the sex scenes but I would have loved to know about her job with Venture...watch her kick ass as a day trader. Everyone is not going to feel the way I do about this book so I encourage you to read it for yourself. It was an enjoyable read. I hope to read about the two other billionaire bastards.

## **jh payne says**

### **Loved it**

I really enjoyed this book. They connected from the very beginning. Now I'm gonna sit back and wait in book 2. Hurry plz

---

## **Angela says**

I really enjoyed this book! I love the plot lines and seeing the characters interact. I was in complete astonishment at one point! Super sexy and loved Mason's Alpha side! Can't wait to read Lucas!

---

## **Denise says**

This was so good, I wanted to read more. Could not put down.

---

## **Stephanie Downey says**

### **I'm not sure about this book**

I am not sure about this book. Mason was such a hard ass and then goes from hard ass to lover and would do anything for Liv. The Olivia is going to walk about and he totally changes his attitude not sure how to take this one.. not sure if I will read the other books in series.

---

### **diana fields says**

#### **What just happened**

I just read this and not only was it a book I had previously read, it had nothing to do with the title, Mason was NO WHERE to be found.

---

### **Angelina says**

DNF 27%

---

### **brytnnee says**

#### **Good read**

Just needs some grammar, and spelling mistakes fixed. Other than that, it's a good book to read. Can't wait to read more.

---

### **Joy Lowery says**

#### **His sexy assistant!**

Mason is an asshole billionaire! Olivia is recent graduate in finance. Having problems getting a job as a stock analyst she accept a job with Mason's company as his personal assistant. But his punishments can be severe!

---

### **Tanisha says**

There was just so many things I didn't liked in this book that it's difficult to mention all.

There is literally no character building or plot here.

Its like a very very bad porn with just no story.

At some points it was going good but it seriously lacked depth. This book needed more pages to build better story and character depth. It had potential but lacked in execution. There were things which lacked explanation and more pages were required here.

---

## **Maria11 says**

**Ok**

This was ok. It wrapped up quick without any real explanation. Mason's startled awakening at the end really seemed rushed and out of character. I think if we had a POV from Mason it would have helped. This stopped at 67% and there was a bonus book. Again if the author would focus on a complete thought out book it would have been so much better.

Lots of sex. Too much spanking

---

## **pamela d bryant says**

**Great!**

I chose this rating because this was a pretty good book. The characters were very interesting. Now when I started reading I thought Mason was strange and very rude. He was in a very dark place and something was brewing in his head. Now I believe Olivia was determined to try to get her job with him in that fortune 500 company. She was determine. But she was always second-guessing herself, just like Mason said. Mason has some business partners that really didn't like Olivia as well so I really didn't like that either. But she had a determining spirit. She had gotten fed up with his rudeness so she did what she had to do. I'm gonna leave it right there because you all need to read the book to find out what happened. Great read. I recommend this book for all romance readers.

---

## **Serenity says**

Just another billionaire and an average girl story with not very charming characters.

I feel like there is many things left unexplained like why hero's two friends have been warning about making another mistake and how mcs realized their feelings for each other. After a few sex, people don't decide to marry someone all of a sudden.

It just doesn't make sense and wasn't really smooth I am afraid

---

## **Mauaqui says**

**Bull Market**

Olivia has wanted to be the best junior trader ever and she tries to find employment with Daylight Holdings, Mason Wood's company. An unfortunate fiasco in the elevator puts her at a disadvantage with Mason. She is offered another position, personal assistant, private and public. Extreme ups and downs mark this relationship. Olivia has truths to face and determination to succeed, at whatever costs, with Mason.

---

## **Chris C - A Midlife Wife says**

Nice and steamy- just the way I like it!

This was a hot little number. Short and sweet with a little bit of erotica to make it exciting and spicy. More of a novella length, this book is well written and it's not overloaded with extraneous details.

Plenty of hot scenes and delicious descriptions, Mason is very hot and cold and pulled a few surprises. Yummmm A nice HEA left it open for maybe a sequel down the line? One can only hope.

This copy I received also had an additional story attached that was also very good. I will review that separately.
