**Once Upon a Night at Sea** Barbara Longley

**A spilled latte. A broken nose. Marin and Jason are bracing themselves for anything—except finding love on the high seas.**

Things don't start off on the right foot between Marin and Jason. After all, spilling caramel latte all over the hottest guy she's ever laid eyes on isn't the best way to make a good first impression. And, based on his brusque reaction, Jason isn't quite Marin's type, anyway. But when Marin wins the trip of a lifetime—a weeklong Caribbean cruise aboard the spectacular Emerald Princess—she's shocked to find the sinfully handsome guy she'd doused in coffee back home occupying the stateroom next door. Even more shocking? Cruising on the high seas just might turn the tide of romance their way.

## Pearl Angeli says

This one is a sweet and quirky short read-- and particularly funny, too. It's about two main characters namely **Marin** and **Jason** who went into a free cruise along with other individuals on the *Emerald Princess* cruise ship. Much of the book centers around the characters' getting to know each other stage until their friendship turned into a certain attraction which eventually became something more than that. This is an **Adult** romance short story but it has some YA feels which I find really cute. It could have been a 4-star-rated story (for me) if it hadn't been written short and with lots of clichés. But the author's writing is beautiful and enjoyable so it's an overall fun read nevertheless. :)

## Mary McCormick says

This is a very good short story. It was enjoyable and full of laughs throughout with Marin and Jason starting with a mishap with a Salted caramel latte, a broken nose and ending with mismatched sandals and a cruise ship with exotic locations. Very enjoyable short read. Would recommend.

#### **Good but short read**

I liked the overall book, but idler that this book spent too much time advertising cruises and the places you can go... The story was still sweet but I felt it lacked depth. Overall though, an okay read.

This was a cute, short story! I have been on quite a few Princess Cruises, so it was fun to read about Jason and Marin visiting the restaurants on the ship that we have been to.

I will definitely be looking for more stories by Barbara Longley!

“Cruises and romance go together like peanut butter and jelly.” She twined her fingers with his as the elevator came to a stop on their deck. He guided her across a tiled section of flooring, around an orange warning cone. “Like crackers and cheese,” he agreed, looking once again like a happy idiot. “Like you and me.”

#### **Quite The Lovely Read**

This was an enjoyable, happy, short read. Jason's and Marin's story is quick, to the point and well developed. Being so short, I thought, oh gosh, how is Barbara Longley ever going to draw me in, keep me turning the pages, get me to know both Jason and Marin and "buy" their story in so few pages? Well never fear for Ms Longley's talent and creativity were in abundant supply and she just flat out nailed it!

If you are looking for a quick read that has enough humorous antics to have you smiling, laughing, saying "awww" as well as feeling uplifted, then Once Upon a Night at Sea is the read for you! It may even make you think about going on a cruise, too. Happy reading!

3.5 "Pretty good for a cruise advertisement" stars!

Meet cute. A bit of humor. Sweet clean read. It is written to advertise Princess Cruises and does a great job of giving you a sense of exactly what the cruise would be like. I personally got a bit bored with all the descriptions, but then, I have zero interest in howler monkeys and cashew wine.

Perfect for those who love a sweet, clean, light romance with lots of descriptions of ruins, Honduras, cruise ships etc.

### **Heike says**

I expected it more funny from the blurb. Interior designer meets guy in a parking lot and douses him with her coffee, next time she meets him she breaks his nose, she is quite prone to accidents.

That was pretty much the top of the action for the rest of the book, after that it gets very clean, cheesy, and boring.

Beautiful short romance story. I always dream about get a holiday by cruise. A variety of places to eat, someone cleaning your room everyday, a gym, a spa, pools. What more could you want? This book tell the story about man and woman who met in coincidence by the coffee accident and end up with take cruise together. I get to know about the beauty of Roatan Island which part of the Mesoamerican barrier reef in the world, favorite spot for divers and snorkelers. A romance in a sea, a short moment but long last memories. They said Cruise and romance go together like peanut butter and jelly, maybe its true.
