Out of the Ruins

Tina Tran

Out of the Ruins Tina Tran

An achingly raw narrative about what it is like to feel the full spectrum of human emotions. Out of the Ruins is an honest attempt at breaking down the museum inside ourselves that we dedicate to old lovers. It is a rebirth, a healing process, a reclamation of self. It teaches us about the catharsis that comes with finally letting go.

3.5 stars

Vienna Noreen says

So, the blurb.. I used to be a sucker for poetry about the love for your other half or whatever you call it. But, this time, I am more into empowering self love. I thought I would not connect to this book as much as I used to with Lang Leav's poems but I was proven wrong. I love the transition of this! I love that it gave me that Clean vibe of Taylor Swift's song:

The drought was the very worst
When the flowers that we'd grown together died of thirst
Rain came pouring down when I was drowning
That's when I could finally breathe

Jill says

I really enjoyed the poems and quotes. Some of them hit home for me.

Rogene Carter says

A masterpiece of simplicity. Understated but brilliant.

Laura Henderson says

So Im not really into Poems at all. I must say this book is AWESOME!! I read this book and I was thinking about my boyfriend the entire time. It kept my attention and that is hard when it comes to poems. It made me want to laugh;it made me want to cry.

Nashali says

I guess what I'm trying to say is my world had fallen apart and yet I am still here.

KarnagesMistress says

I received this book for free through Goodreads Giveaways.

Jaclyn says

Well-written and definitely relatable for anyone who has ever loved, or even liked someone.

Rachel says

I won this in a goodreads giveaway! Thanks! I really enjoyed this poetry collection! I loved the healing section. The poems are beautiful.

Aria says

----Disclosure that I received this book for free from Goodreads. ---

At first the totality of my review was going to consist of one word: "Meh." That was altered when I began the Healing section on p. 53. It was then I felt the author had finally undergone some interesting change (for the better). That section is where true understanding can be seen starting to manifest in her perspective. This is the part where I wanted to say, "Yes, girl!"

That said, I really didn't understand the inclusion of the bit on p. 66. Seems really out of place.

Also, I really couldn't get why the book didn't end at p. 81. What the last chapter brought in had saved the work from all the lost love angst the rest of the book was drowning in. It seemed like the author had managed to assert some learned lessons and value herself, but then in those last two pages it lost all of that. This is work sounds like a very young person, and if you are full of destructive love angst, then perhaps you will identify with it. I hope the author's future is filled with more of what began in the first pages of the Healing section. That's where the truth is at.

----- I'm not going to leave a rating because nothing I could rate would feel right, being how intensely personal this kind of thing is. -----
