Sandy says

The great Barlow baby race

Libby comes back home following a disastrous marriage and loss of a stepson, only to be picked up at the airport by her old love Jess, who was under the impression that she'd been having an affair with his brother who was married to her cousin. Confusing? You bet. Rest assured everything eventually. .. but not easily ... is straightened out and everyone ends up happy.

Another great story by Linda Lael Miller.

Jennie says

Another great story by Linda Lael Miller.

Ashli Montgomery says

I always enjoy Linda Lael Miller's books, but this is not my favorite of her stories. It was just "okay" as it was missing the character intrigue that she usually develops.

Adriana Fogaça says

Ardente Como o Verão

2012

Até então a achava que nunca tinha lido uma estória tão cheia de confusões. Mas agora estou liberta deste estigma. Nunca vi dois casais arrumarem tanta confusão juntos.

O casal principal é ótimo e tão cabeça dura, que em alguns momentos fique muito brava com os dois. Tinham tanto prazer em discutir como tinham em fazer amor.

O segundo casal não ficou muito atrás, arrumaram confusões pra si mesmo, como para os outros, mas o final tudo se resolveu de forma gloriosa.

Definitivamente adoro romances de cowboy.

ADORO!!!!

RECOMENDADÍSSIMO!!!!

Marsha Lessig says

Did it again

Another feel good book and happy ending .. I recommend Me. Miller for your next ascertain contemporary romance, I did!

Emily says

There was little to no structure to this story. The "conflict" was basically non-existent and none of the men are desirable. Stacey was an aggressive stalker who completely disregarded the feelings of all the women in his life. Aaron is a straight up sociopath who basically doesn't play into the book at all. And then there's the hero, Jess. He flips hot and cold on a pin and never seems to believe the woman he allegedly loves. I get that the point being attempted was that he's bringing Libby out of her shell but a lot of the early sex scenes came across as very aggressive and non-consensual. Overall this was not great.

vera says

Great

I really enjoyed this book it had me reading and not being able to put the book down. I loved how it had me wanting to finish it and see how Libby would end up. I would recommend this book to anyone who likes to read love stories.

Joanne says

Libby returns to the ranch where she grew up to heal when her step-son dies and her divorce to her uncaring husband. She meets up with Jess Barlowe her old time flame. Will the flames rekindle?

Kelly Fountain says

Pretty great older book. Enjoyed the characters , although there is a lot of angst between Libby and Jess. It was frustrating at times with the lack of trust shown. Idk how I feel about the lies that Stacey told about Libby as well. She was a very forgiving "character". I don't think I could have been that easy to forgive and forget. Overall, good read and I would recommend.

Michelle says

Jess and Libby. She comes back to the ranch to lick her wounds following a disastrous marriage. Jess accuses her of having an affair with his brother, Stacey, mostly because that is what Stacey is telling everyone. Stacey was married and wanted to leave his wife for Libby. Didn't understand that at all, Stacey needed therapy. Then there was Stacey's wife, who had psychological issues of her own! There continued to be trust issues between the two main characters, with lots of immature yelling. Then, in addition, Libby's breasts were mentioned on just about every page. Jess definitely had a fetish. Meh.

Cynthia says

Not her best work.

Emily Higgins says

Libby Kincaid returns to the ranch where her father is foreman after the end of her marriage. The ranch is owned by Jess Barlowe's family. Jess thinks that Libby is trying to break up his older brother's marriage. Libby must convince Jess that she has eyes only for him.

Marina says

A 2 in 1 authors book. Ms. Miller is her usual wonderful self. The story by Carla Cassidy "To Wed and Protect" was good too. I give it 4 stars. Also, I believe it is part of a series and I do plan to get the other books in that series!

Jodi says

Pretty obvious this is an older book of hers but I still really enjoyed it. There was a lot of conflict between Libby and Jess and Libby and Cathy because of lies that Stacey (Jess's brother and Cathy's husband) was spreading. That part of the storyline was annoying to me but I really enjoyed Libby as a character and really liked her relationship with her father. Characters aren't as well developed as they are in her more recent books.

Sharon says

So many issues...

I understand this book was written long ago. It probably shouldn't have been re-released. The characters are fickle as hell but give up a minute later. The story takes place in about a week's time.

There is also an issue with the formatting. There is no space between scenes so most transitions don't make sense.
