### **K.S. says**

#### **Good**

This series was good... But I can't say it was perfect... The back and forth that the leading lady goes through got on my nerves. Although I think the author was trying to make her into a strong and independent kind of character, I had a hard time seeing her as one through a lot of the story. Frankly, I found her annoying. That being said, it was still an enjoyable read and the ending was good.

I stopped reading this series at around 59% and I'm quite impressed I lasted that long to be honest. Gabs is self obsessed and has no interest in how her actions affect others. Whenever she doesn't get her way or someone disagrees with her point of view she is annoyed and acts like a spoilt brat. Edward is much better off without her!!! Gab's actions are much worse in my view than whatever his face was (The guy she actually fancies) even though she likes to make out he's the bastard in her own head. She's childish and needs to grow up so she can take responsibility for her own actions.

#### **Pure Lust Vol. 1**

I was pulled right into this story. This is a 4 part story so be prepared to get all 4 parts. The story has laughs, suspense, secrets, naughty fun, and heartbreak.

This is the first part of Gabriella's story. Gabriella has big dreams of becoming a writer. But right now she needs something to help her pay the rent. Her friend lines her up with an interview that goes a little south. She meets a man named Flynn but when the passion burns with them he becomes a jerk. She then meets Edward who is romantic and sweet. He is totally different then Flynn and the passion between them both is different. She starts a relationship with Edward and it moves super-fast. He wants to get married and she

agrees. Now it's time to meet the family. She's in for some surprises.....

This is the second part of Gabriella's story. Gabriella had been introduced to the family and wow she knew one of the brothers already. Now she is modeling again and getting to know the other brother Cody. But her relationship with Edward is difficult and his mother is mean and demeaning. Can Gabriella deal with all the issues and drama she is surrounds by in order to be with Edward or is she craving something else entirely? If Gabriella is keeping secrets is Edward keeping some also?

This is the third part of Gabriella's story. Gabriella has been keeping secrets. Her fiancé is always working. She is lust after his brother. Does Edward have something going on with his friend? Can Gabriella decide what she wants before the wedding day gets here? What brother does she really want? Will the one she wants forever want her back? If she truly has a choice which one would she pick? Does everyone around her suspect she is struggling with the secrets, lies, and lust?

This is the last part of Gabriella's story. Gabriella has to finally decide what she is truly going to do. Is she getting married? Is she picking another brother? Is she going to be alone? This is the final book in the series so be prepared to be on the edge of your seat. These authors will drag a bunch of emotions out of you so be prepared. All your questions will be answered. Who was keeping secrets, who lied, who wants who. Are you ready for all your answers? Will you see any twists and turns heading your way?

I was able to connect with the characters and the story was a great read.

I highly recommend this book and can't wait for more from these authors.

Love this series

Vol. 1

Another amazing job by M.S. Gabriella & Kendra are roommates and struggling until Kendra gets a model job. Going to a job interview Gabriella was hoping to get the job until Flynn sabotages his intentions. Meeting again at a party Flynn & Gabriella you could feel the sexual tension and he offers her a job. When going for the job Gabby & Flynn give on to the sexual tension. I really liked the connection between Gabriella & Flynn until he became cold. But meeting Edward was her fantasy coming true. The connection they have and how easy they are together I would read their story all the time. But will secrets destroy her happily ever after? I can't wait to read what happens next because I need to know what will happen next

Vol. 2

When coming face to face with Flynn after Edward introduce her to his family. She had to act like she didn't know him. How long can this charade go on? When catching up with Flynn so he want tell Edward she does

something she thought she would never do again, model. Their she meets Cody, Flynn & Edward's brother. She can be herself around them but with Edward she is more closed off. With Edwards mother hating her and belittling her, will Gabriella be able to handle being Edward's wife? I love this story and can't wait to see what will happen next

Vol.3

This series just gets better and better. Gabriella has to stay away from Flynn, but with her needing money it is hard for her to stay away and her feelings and thoughts of Flynn doesn't help. She loves Edward and wants to marry but a night out with Flynn p, that might not happen. With feeling over-whelmed Gabriella needs to get away from NY and a trip home is what she needs. When Gabs gets back, it is back to reality and back to Flynn. With Flynn not wanting to give up on Gabriella he just wants her to himself. Will the pressure be to much and the end has me wanting more.

Vol.4

I couldn't wait to see how this series was going to end, and I loved how it ended. With Gabriella struggling with her feelings and Flynn not wanting to give up on her. She needs to make a decision on who she wants Edward or Flynn. With the pressure of the wedding getting to her and her soon to be mother in law being a nasty #bitch how much can Gabriella take? An accident will change everything for everyone. An amazing series and can't wait until the next book from M.S and Cassie

**Loved the story**

I really did love this story. Unfortunately though I almost gave up on finishing it. The middle just dragged on and on. Then the ending when it was really good was fast. I hate rushed endings especially when the middle is so boring. Usually read these box sets in a day it took me a week.

**Awesome Read**

The storyline was great , really loved Edward in the beginning of his relationship with Gabriella, but he

didn't have a backbone in my opinion, he allowed his mother speak to her like she was dirt. I knew at some point Flynn and Gabriella would get together because their chemistry was hot. I hope in the future the Author may write their story afterwards, because it was not a lot on them. It was more about Edward, Gabriella, and Kendra, how can Edward and Kendra get involve while she's in a coma now that's low. But I had a suspension that was going to happen they communicated too much. Flynn and Gabriella didn't communicate more than them, that's why they need their own story hope you seriously think about it. I really feel like I was cheated out of Flynn and Gabriella story.

Pure Lust is not at all what the title indicates and gets to the heart of whether you can be happy with the dream you thought you always wanted or do you need to find someone who helps you to become a better you. volume 4 wraps up a little too neatly, but overall a great interesting read.

#### **The worst female lead!**

I wish I had never picked up this book! I bought it because the whole series came together, but it's still time in my life I won't get back. Let me say, 80% of the characters are written well. The male leads, supporting characters are all well done, but the lead, the one you're supposed to root and hope for...ugh no! I understand a love triangle and being attracted to the bad boy. Wrestling with that in your head, .but 75% of the book is spent whiny, complaining, indecisive. Even though the answer is clear to the reader very very early on. There's never been a character I wanted to slap and yell stop complaining , quite so much. And the resolution? All wrapped up in a pretty little bow in the last 20% of the book....yeah right!

### **MiniMe says**

As a voracious reader, I have subject matter hard limits. Other than those limits, I approach stories with an open mind and willingness to allow the characters and their stories to transport me wherever they take me. When I met Kendra and Gabriella, I settled in to enjoy the ride since I thought both women were easy to relate to. Then along came sexy Flynn, followed closely by rich, powerful, romantic Edward and the story began to go sideways for me. I found myself shifting from liking Gabriella to being annoyed by her and eventually not liking her at all. Ditto Kendra. At the end of this series, I had decided Kendra, Edward, Gabriella and Flynn all deserved each other, but the author's idea of their HEA didn't mesh with what I thought should have happened to these folks who didn't share an ounce of honor among them. Call me judgmental, but cheating and lying, sneaking and threatening are not qualities I like in my H/h even if all seemingly ends well-- wrapped up in a neat package with a pretty pink bow. I've enjoyed other books by Parker, so Pure Lust caught me off guard. I guess I expected something different based on the title, book blurb and all the 4 and 5 star reviews.

### **Brekycia Jackson says**

I hardly ever write a review but the end of the book was a shocker. I know my best friend is the most wonderful person I know and she wouldn't dare do anything that will cause any rift between us. I'm not saying that I. The book it did but it was unrealistic when it comes to true friends them still be friends? Even if she didn't love him at the time. all in all it was good except that part.

### **LaGina says**

What an action packed read. This book had me reading till I ran out of pages and then I was sad. It's spread over 4 columns and need to be read in order. I don't like my books split up like this because it seems like you have to wait so long for the next one to come out. I was so happy that I had all four of them ready and waiting for me to devour in one sitting. My rating is for all four columns.

### **Jill Garrison says**

#### **Ehhhh, okay but the characters annoyed me**

While it was an okay read the story was rather boring predictable and left me not minding to set the book down. Several typos and proof reading issues left me distracted by the poor editing.

#### **PURE LUST by M S PARKER**

This is a review for the Complete Box Set. I realize that I have a tendency to rave about 5 Star books. But...this is not a 5 Star book. This book is so far ahead that I have only read one other book that I would classify in said grouping. This is a HOT 100 STAR BOOK.

It started out smooth and put together just like a Designer LBD and LouBoutin F-Me black heels. Gabriella Blaine, what a name, and Flynn McCready meet at an interview and she flips him off when he costs her a job opportunity. From there, they meet again and sparks fly but his rude attitude pisses her off. She moves on and meets Edward at a party and they begin dating. That's all you are getting from me. You absolutely must read this book. It's filled with insecurities, angst and realizing that money doesn't matter when Love is not really at the table.
