## **Responsible Grace** Randy L. Maddox

Of special focus in this reflective overview of Wesley's theological convictions is highlighting the practical-theological dynamics of Wesley's work and suggesting possible implications for contemporary attempts to recover theology as a practical discipline. Another distinctive focus of this work is a systematic consideration of the integration of theological emphases traditionally divergent in Eastern and Western Christianity. The author also closely examines the consistency of Wesley's thought throughout his career.

## **Matt Friedman says**

Very impressive and comprehensive scholarship on Wesley's theology, bringing together much of the previous recent scholarship on the connections between Wesley's theology and that of the Eastern Fathers of the early Church. Highly recommended for anyone who would want to get their heads wrapped around the contours of Wesley's theology and its practical applications for today.

---

## **Cathy Wilcox says**

An excellent resource for Methodist Doctrine and Polity.

---

## **Christopher says**

Must for folks preparing for the Board of Ordained Ministry

---

## **Craig Toth says**

Maddox helps readers learn how much John Wesley's understanding of the Bible intersects with theological ideas held by the Early Church Fathers. A good correction to many contemporary Evangelical presuppositions.
