## Savage Rhythm Chloe Cox

Declan Donovan is a liar.

He's lying about what happened to his ex. He's lying about the reason he knocked out his lead guitarist and best friend, and then kicked him out of the band. He's lying about going to rehab—he doesn't even drink.

And now he's lying about the way he feels about sweet, submissive Molly Ward. But even that's a lie—Molly isn't all that sweet, and Declan loves it.

He's gotten used to lying. It helps to hide the pain he's sworn never to share with anyone else.

But Molly is on tour with Savage Heart for one reason only: get to the bottom of what happened the night the band broke up and then write a book that will bring them back from the dead. She's determined to get through Declan's lies and get to the truth of the man within, a truth she knows hides deep scars.

Molly Ward knows that if she wants a career that can support her and her sister, she needs to command respect. And she's determined to resist the physical need she feels whenever she's near Declan. Whenever she hears his voice. Whenever he says her name.

Whenever he touches her.

But Declan is the Dom that Molly has always, always fantasized about, and she wants nothing more than to explore her sexually submissive side—with him. Too bad he's exactly the kind of guy that will break her heart. She's been on that rocker ride before, and she can't do it again. Not with what's at stake.

Until she hears him sing...

I have read all of Chloe Cox's book including all of the Club Volare books and out of all of the books from this series this has to be the best of the best!

This book is about rock star Declan Donovan who is a regular at the Club Volare circuit and of course what else... a Dom. While facing some personal issues with a close member of his band and an old girlfriend Declan makes a deal to do a book about his band on tour. Of course the writer of this book is our heroine Molly Ward an up and coming writer who has had to deal with struggles in her own personal life both financial and emotionally.

Of course this wouldn't be a Chloe Cox book without the "contract rules" (and if you follow Chole's books then you immediately what I mean). While on tour Declan and Molly begin a intense relationship that at first revolves around just sex but suddenly becomes more romantic. Declan who is this big rock star just stole my heart with the way he comes off. He has the dom way about him but his heart is sooooo big. You just cannot help but fall in love with him. Molly realizes how good this man can be and herself becomes afraid of what could be between them.

There are secondary characters in this book that also stand out. Adra and Ford from the previous Club Volare books who I cannot wait for these two to get their own book. They need it, and from the band Savage Heart there is Brian, Gage, Erik and of course Declan's best friend/brother Soren who is the band member that Declan has a falling out with.

One of my favorite things in this book is when Declan keeps saying that "he cannot f...ing live without Molly when he realizes how much he loves her and needs her. He's got my vote... for not only being a hot hunky rock star but a deep feeling/romantic man.

This is a great book and if you have read previous books from the series you must read this one. You will absolutely love it.

Really really enjoyed this one. I'm a sucker for the rock star story line. And Chloe Cox did a great job of putting together the rockstar and Dom in a believable, and seriously yummy way. I hadn't given this series a chance, but after this one, I had to read them all. While all of them are good - I think this is probably mg favorite.

I was possessed from the beginning. This book is absolutely captivating. Declan's intensity is beyond words. A past of broken dreams and shattering events these two are meant to make each other whole again. Hired to write a book on the rise and fall of Savage Heart. A behind scenes look into the life of Declan Donovan. Molly Ward gets way more than she bargained for. It only takes one touch, one look, and the way he says her name. Feeling unworthy of the passion that is Declan she attempts to keep him at a distance.

Declan is haunted by a past of failing those that he loves. Feels like he can never have or deserve the love of someone as good as Molly. They come to agreement "no strings attached" because they have a unexplainable connection that can not be over looked. They have to learn to love hems elves and let go of the past to move towards a happy ending.

Declan's intensity in this book is just unexplainable I felt possessed by everything he said. They way he spoke to her and the way he possessed her was earth shattering. Absolutely loved there banter and the way Molly encouraged and secured her "punishments" can not wait for more of them and to read the rest of the Club Volare books.

I could not put this book down. Molly an Declan's story had so many twists and turns I wanted to know what happens next. And sex well.. wow. I liked too how the book Chloe brings in previous characters into her books so you can see what they are up to. Can't wait for Soren's book.

I really loved the story between Declan and Molly. I loved how they fought their love for each other because of things that happened in their past. I was happy that being with each other they started to heal. It was super

hot that they couldn't keep their hands off each other and all Declan had to do was talk (Command) and he could control her and his fans talk about the power of the voice. I loved that Molly became Declan's muse and helped him to write again. Even though he was a Dom he showed her how much he needed her and how he would be there for her no matter what. Declan took on the weight of everyone around him. That was a lot to carry around. He deserved some happiness in his life and Molly was his happiness. He was willing to give her up so that no harm would come to her. Awesome read I wasn't ready for it to end.

So I did the Happy Dance after reading this book. Found it via the Sunday Wildfire newsletter showcasing books and picked it up at Amazon.

I was looking for something sexy, with a hot alpha male and a woman who was a match for him and I found that with this story. Loved the description early on of Declan as a hot rock god Dom. What girl can't relate to that fantasy?

This was my first from the author, but I thoroughly enjoyed Declan so plan on hitting her backlist now. And in reading the end author's note, I see that Soren will have a story, too, which pleases me to no end. Not gonna lie, that seen between him and Molly had me squirming in my seat. Can't wait to see him find his own match.

There is a strong Dominance/submission theme in this story, very tastefully done. No sharing, no cheating. They have an instant attraction and I love how their story develops.

Only thing that bugged me was the lack of different details about Bethany and Soren. As the story developed, I felt like I was reading over and over how tortured Declan was over some decisions he made, but it didn't feel like the information about that situation was slowly handed out, but rather the same tidbit gnashed on over and over.

By the end, I was like, tell me already!!!! And then it was kinda anticlimactic. But that said, I thoroughly enjoyed the story and will read more from the author.

Hmmmm...so I've been in a rock star mood lately and this one really gave it to me good. This is a great little story about a sweet heroine meeting up with a truly ALPHA hero. His character is classic Alpha. From the hot sex, the MINE MINE MINE mentality and the major possessiveness, this hero has all the symptoms. This book was super hot and steamy with the sex and had a great little story going. It appears that this is #6 of a series, but I saw it as more of a spin off from Ms Cox's previous series. A lot of

those characters come into play. I haven't read the stories previously, but I didn't feel I was missing too much. I even tried to go back and look at the previous ones, but the hero's didn't come across as too Alpha (at least from the reviews) and that is a make/break for me. This one seems more about the rock group than the dom's/owners of the clubs.

So, I would totally recommend this book. I absolutely can not wait till the next one.

If you love a great story with a possessive Alpha, Rock Stars, funny side characters and a great heroine, you'll enjoy this little diddy right here.

So when you have a friend that sends you a text and is so excited about a book and she decides to share it, what do you do? WELL I DROPPED EVERYTHING ELSE I PLANNED TO READ AND READ THIS BOOK!!

I think my friend was in my mind, because this was the perfect book for me to read, just what I was looking for, her excitement is now my excitement!!!!

Declan is exactly the type of character I love, I love Alpha males and then to top it off he is a Dom and then again to top that he is a hot and sexy as hell ROCK STAR, everything I could ask for in a Book Boyfriend. Molly oh Miss Molly, she is the type of heroine in a book that I enjoy she is a strong women with sadness inside, but has a great badass attitude, she is a natural submissive which Declan is drawn too immediately. Molly just needs to learn that her want and needs are ok and can be accepted.

The intensity of the love you could feel growing, the passion, it gets you from the very beginning and does not let up.

Now with that said, the story itself flowed beautifully, and was written well too. Character development is so important to me, because I need to connect with the main characters as well as the supporting ones too, I can't wait for the next book, I just can't wait.

**NOW MY EXCITEMENT IS YOUR EXCITEMENT!!!! GO GET THIS BOOK RIGHT NOW, YOU WILL NOT REGRET IT!!!**

Definitely my favorite in this series and it's all because of Declan Donovan. I love a book that has a character you fall so madly for it literally changes the whole book for you. I truly adored Molly and didn't find her whiny, or bitchy or anything that would irritate me. She's trying to get to the bottom of a story regarding Declan and Soren, the lead singer and lead guitarist for Savage Heart. She's ther to write a tell all book and they know it. Declan wants to play quid pro quo with her and a few other games and Molly's whole character just blossoms. I just found her so delightful.

Declan was just so ... commanding and in a way that was just sinful yet intriguing. He's the ultimate alpha with some bad baggage on him and he's just the all around good guy hero that you can't help but love. And that was the whole point... getting to the bottom of what happened between Declan and Soren and Declan's so much like Captain America that you can't help but fall in love more with the rockstar hero.

This book came highly recommended to me by a close friend who knows I love romance/erotica, hot guys,

BDSM and rockstars. Savage Rhythm did not disappoint! I loved it! Declan Donovan is HOT without a doubt. And he's a DOM. And he's a rockstar! Molly is a sub, only she doesn't know it at first. Or she knows it but doesn't recognize it as a characteristic of herself. Quickly she learns just how much she craves the submission and how much she wants Declan's dominating self. The story is a good one. It's got some twists and turns and keeps you thinking, as you try to piece together what it is that's causing Declan to believe he can't offer more than just sexual domination. It's a hot love story between two beautiful and strong individuals, both of whom must confront issues from their past. This story gripped me from the beginning and I could not put it down. I fell in love with Declan, I loved how strong his feelings were for Molly and how much he truly cared. I loved Molly's feisty personality and her overwhelming need to protect her sister from the evils that brought her down. The only weakness I found, and it really is not much of one, is I felt that the ending of the book was a bit rushed. I felt like I wanted to spend a little more time with these characters once they straightened out all their problems, yet the story came to an end. Regardless of that, however, I do recommend this book and strongly suggest you get to know the hot rockstar that is Declan Donovan.

*You'll burn baby. You'll burn. For me.*

So it's really no secret that I love a good BDSM romance. Know why?

While the dynamic between Declan and Molly is that of a D/s, I'd call this book BDSM lite :). It was a sexy romance, but there wasn't heavy BDSM elements like you'd find in say, Cherise Sinclair or Kallypso Masters. That's not to say I didn't enjoy the hell out of it. Because I have definitely found me a new author to read. This was my first book in the series, and I'll definitely be going back to read the rest of them now. I'm hooked!

Declan is the lead singer of Savage Heart. A few months ago, after an incident in Philadelphia that's shrouded in mystery, caused Declan to throw out his best friend and lead guitarist, Sorren, out of the band. It also resulted with a trip to rehab for himself. But things are not ultimately the way that they seem, and only a handful of people know what really happened.

Molly goes on tour with Savage Heart in order to get to the bottom of what happened the night the band broke up and then write a book that will bring them back from the dead.

She is prepared for a lot; groupies, havoc, dealing with being on a tour bus with a bunch of rock stars. What she is not prepared for is the utter magnetism that is Declan and the effect he has on her. Hiding a troubled childhood and a pain from her past, Molly doesn't remember the last time she reacted this way to a man. But in order to build the career she needs to help support herself and her sister, she knows that she cannot give in no matter how sexy Declan's voice or body might be.

Declan knows what he wants when he sees it, he is a Dom after all, and he can see the sexy submissive beneath the bluster. He makes no qualms in making it clear to Molly what will happen, no matter how much

she may fight it.

***You don't get to have me, Declan Donovan. That's not what's going to happen. What's going to happen is that I'm going to get to the bottom of what happened between you and Soren Andersson in Philadelphia, and you're going to respect me. And then I'm going to write the best goddamn book you've ever read. And at the end of it-"***

***"You're going to let me fuck you senseless."***

Now who can deny THAT for too long? Certainly not Molly. Even though an even from her past makes her unsure as to where all this will go, and she's terrified of having her heart broken, she can't stay away from Declan.

The chemistry between the two of them is combustible. But both of them are scared of getting their feelings involved, although for different reasons of their own

***He'd made rules for himself, rules he'd meant to keep. But this wasn't love; this wasn't emotion. This was pure, raw, physical connection.***

Both Declan and Molly hide a troubling and dark pasts. While Molly's story is revealed in bits and pieces, Declan's continues to be shrouded in mystery.

Can Molly get to the heart of the man, without getting her own broken in the process?

I really enjoyed this book. Though there were moments where I wanted to smack Molly, given her history I can understand some of the thoughts and decisions she made. I did feel the ending was a tad bit rushed, especially since there was a lot of buildup toward the big revelation of what truly happened between Soren and Declan. But it looks like we will get a continuation on their story in Soren's book.

If you like steamy BDSM-y romances with a hot tatted up, rock star Dom, definitely give this one a try.

I am thrilled to hear that Soren's story is next. He's mysterious, he's BLONDE, and his name is SOREN. I'm still on a Mistress hangover, so this is definitely music to my ears :)

Book 6 of the Club Volare series by Chloe Cox available on Amazon kindle unlimited Audible  
Declan is a famous rock star singer and is in terrible mix up. The public and friends think he's a alcoholic and drug user but his close friends in Volare know that can't be true. This is when Adra hires a writer to do a bio story on Declan and try to clean up his image.

I really enjoyed this book a lot more then i thought i would. The story develops so well and i love that the relationship starts of so innocent with Molly writing a story about Declan life then it developing into Declan showing her what a real Dom could be like.

so far absolutely fantastic series and great HEA
