After a three long years of being in a toxic relationship Valencia Blackwell is finding her strength. She is enjoying life and everything it has to offer with no worries. When she runs into someone unexpected, temptation rises leaving her a little hot & bothered.

Royal Delgado, is an uprising boss in the new black Hollywood better known as Atlanta. Being a man of few words but always ready for action gives you a reputation one that Royal embraces. When Valencia stumbles into his life that same reputation starts to crumble as he becomes a new man. Unforeseen circumstances brings them together & you know what they say; what God brings together no man can tear apart.

Loso is the right hand to Royal, it's very unlikely you see one without the other. They live by the code what belongs to one belongs to the other except when it comes to drama. Loso's personal life isn't as picture perfect as he puts on. When an enemy becomes his lover he finds himself stuck in a tangled web.

Being in love with a boss comes with unmarked territory. But when the boss of all bosses approaches you, you might have no choice but to let him be what you've been missing.

Enjoyed this book

I enjoyed this book through and through. It's messed up how it ended just when Royal felt like he loved Valencia here comes the bullshit. I hope Bianca and Loso can figure out what's next for them. These couples are really taking me on a ride, can't wait for part 2

Lisa Dukes says

What a ending

What a great book I pray Royal haven't killed Valencia it all a misunderstanding she haven't done anything wrong I think it's Ron on that snake trip and Loso and Bianca they about to have some trying time I guess the only ones good terms are Dutch and Shenea I can't wait for part two keep up the great work

Amir really irked my soul I was so glad when Royal whooped his ass. I was over here like "Yea kick him in the head"lol. I really enjoyed this book and I'm so ready for part 2! V kinda got on my nerves in the beginning but I'm so glad she finally saw the light lmao. I really hope that was an old picture Royal saw because I know V wouldn't do anything like that!

Surprise

Shawty Let Me Be What You've Been Missing by Cherice Harris and Myia White is a good read. This is my first time reading from those authors. They did a good job.

This book caught me attention and the characters are crazy. I felt bad for V because she has been through in her lives. Royal is a good dude but he's a something else. Amir is getting my nerves. Lamar and B made a cute couple.

I can't wait to read part 2 of Shawty Let Me Be What You've Been Missing.

Good Read

This author is not very good at telling stories...

Seems like off the bat the author expects for you to know what they're thinking, where they're going with the story and what to expect when something happens. The errors didn't help one bit because it seemed like every time the characters started talking to each other it didn't make sense. Like, "...You must be crazy if I'm going to deal with that shit.," (Kindle Location 1696). And, "...And how they he even know him anyway?," (Kindle Location 1721); I can keep going but, even the mess with them going to Cali, I thought she didn't want to take it there with him? What was the deal with her going at him like that if she was so messed up? Overall the author wasn't telling the story to the point that it could be understood and make sense.

This book started out the a bang and continued to the very end and what a ending...OMG!!! Very well written and great storyline with some grammar errors that in no way take away for the story and the plot was everything. Really satisfied with the writing of this book and made the characters come alive. The character development show growth with more room to grow with all the characters and would love to see more on their backgrounds and relationships. This book gave us everything lies, secrets, deceit, betrayal and the drama and suspense was what kept me glued to the very end and I still wanted more, Every page was intense. Overall, a very well written story and I can't wait for PT.2. Really Awesome job Myia White and Cherice Harris..

Amir just don't care got Melissa coming to the house. Tiana leaving her underwear in the car. Valencia needs to leave Amir. Royal ain't playing. Rhonda is up the creek without a paddle. Brandon was wrong he probably didn't mean to shoot Renisha. Loso and Dutch. Can't wait to see what happens in Part Two

RENDIA FOSTER says

Shawty let me be what you've been missing

This book was good it held my attention from the very first page. Valencia and Royal are cute together. That ending was crazy and I was Royal would let get explain . Loso and Bianca I swear I didn't see none of that coming. I'm definitely starting part 2 right now.

STRAIGHT ?????

This book was a Certified BANGER it was like a breath of fresh air. Royal is the MAN he is everything a Man of a caliber should be. Amir is a weak little boy and deserved everything he got and has coming to him. I hate how he did V but I'm glad she allowed Amir to show her different. So much happen in this book and it's hard to speak on it without giving up spoilers so I am just going to say DON'T sleep on this BANGER. You will regret it!!!

Shaunphoo says

SHATTT!

This was sooo good! Yes I love Royal, Loso, and Dutch. Get rid of Amir sorry self, I hope Royal find out that Valencia isn't a snake and she is okay if he shot her. Bianca is stuck in some mess she likes Loso but her brother may be responsible for he daughter death which I don't believe.

Nadia Adams says

Damn Valencia !!!!

Royal didn't even give her a chance to explain, hopefully he didn't kill her because he's going to feel really stupid. Now B got the FEDS looking at her for dealing with Loso, now since she's from the Bluff and Brandon is her brother I wonder exactly how this is going to play out... can't wait to find out

LOUISA WOODS says

Spectacular Writing

I am so satisfied with the great writing of this book. You two really made the characters come alive. I could hear the sound of Royal's voice in that last few pages , I felt everything as if I were there. It has so many things going on that I am left angry , sad , suspicious, grateful , and fearful for the crew...yes this is a book that I highly recommend...

Pamela Johnston Ward says

A great collabo

This book is a great collabo. These ladies definitely bought their a-game. I have read books by both of these ladies, and I have never been disappointed, so of course these two together can only bring that heat. The twists and turns had me turning the pages like a mad woman needing to know what was going to happen next. Drama filled just the way I like it. Just as it started to get really good, BOOM! they dropped a cliffhanger on me. Well, on to part 2. #UIP
