**That's All Me: Benji and Juri** Cion Lee , Nicole Jackson (Editor)

In the eyes of the Martelle family, Juri is a good girl who can do no wrong. She embraces that image to the fullest for her family. But of course, what her family doesn't know won't hurt them. She's truly a young girl who's declared to live it up her freshmen year of college. Breeze through it with no worries. But the universes always have other plans in store. Love has this funny way of creeping up on you, unexpectedly. Even sometimes from the unlikeliest places. Meanwhile, they see their family friend, Benjiman Kingston, as a hard head. Benji and Juri's paths crossing was something no one could foresee, but sometimes the heart wants what the hearts, even if breaks other hearts in the process.

## **From Reader Review That's All Me: Benji and Juri for online ebook**

### **Book junkie&#x1f48b; says**

???????????

This book was so good, Juri and Benji know they worked my nerves ???? well mostly Juri. Dominque was annoying, she was a mess and messy right along with everyone She associated with. Arie and Armani was super fake and I wish that Juri would've listened to Benji when he kept telling her not to mess with them. I loved how close knit Juri family was. I would like to read about her brother and Daisie. It broke my heart what happened to Baylor?that was so sad. It's so much more I can say, but just read this book. It's very long but also good. ?????

---

### **Shakeria Sharie says**

Everything!!! But now I want to know why Jigga dumped Daisia.

---

### **Monieka Williams says**

#### **Loved it.**

I just wanted to say I loved both books. My boyfriend is from New Orleans so best believe I kept asking him questions on what this and that meant lmao. I enjoyed it Benji is everything ?? I wanted to beat Jigga's ass by the end of this book though smh. Supper happy Juri grew tf up because she was getting on my nerves!! Nothing less you've gained a new reader ?

---

### **LaTravian says**

#### **Thoroughly Enjoyed**

Another great read! My only concern is on my kindle app it's says there are 8608 pages but the book stopped on page 8568. I don't know if I missed anything from the end because the story ended kind of abruptly. Other than that I thoroughly enjoyed and can't wait for future books!

---

### **Champagne Johnson says**

#### **She did that**

For this to only be her second book she got hellaaa authors beat who's been in the game for yearssss ! You go go keep pushing out heat with Nicole Jackson by your side you can't go wrong.

---

## **Arionna Stanley says**

### **Growth**

Cion excellent sophomore debut. I can see the growth in this book. A lot people except a Nicole Jackson book due to your affiliation together but I enjoy your distinctiveness personally. I will be purchasing to support your journey. A bit on constructive feedback is for you to increase your online presence separate from read a lot be a little more active and engaging with your audience. I know this is a hobby but you have the talent to prosper. Once again great job.

---

## **Ella Shannon says**

### **Young and in love**

Very good read, and full-length enjoyment. I can't remember when I read a good long book! This story was refreshing and fun yet sad at times but kept you on edge. Juri finally grew up and stopped being so naive. Dominique just throw the whole baby mommas away. I didn't see that death coming at all but after finishing the book it was necessary. Benji is the real mvp, even though he a hoe. Loved it to the very end.

---

## **Donta says**

### **Cion Great Job!!!!**

I really enjoyed this story. You have grown as an author and I really enjoyed this book. Benji was laid back but crazy and Ms. Juri was mature but had childish ways. All in all she was trying to handle situations but had snakes in her camp.

I was so hurt about what happen to Baylor cause your momma trifling. Keep up the good work. ??

---

## **Truly Neshia says**

### **Yesssss**

I loved everything about this book . I felt so many emotions while reading this . Not only was it long I feel very satisfied and impressed with their story . The growth was everything !

---

## **Shaunphoo says**

### **Soon freaking good!**

Oh I love this story! I hope we get an update on Juri and Benji also the other couples. I love Benji and Juri connection they went through the ringer but finally got it together.

---

### **Shanice says**

#### **Great drama!**

Great story and full of craziness and fake love and and the definition of family coming together to support one another and help build each other up. I loved this story! I truly love Mimi&Keem just as much as Juri&Benji! Great job????

---

### **Nicky says**

#### **Loved it!!!**

This was my 1st read from this author and I loved it. Juri was really working my nerves at some points because she was just so hard headed and I thought she would never learn but Benji was exactly what she needed to help get herself together. I'm looking forward to reading future books from this author.

‘You make me feel...You make me feel so gone...’

Benjamin Kingston grew up across the street from the infamous Martelle Crew, matter of fact, they consider each other family. He's knee deep in the streets with them, he's heavy in this game called life and he's not worried about it...his mind is on his money and his money is on his mind. Benji stumbles upon babygirl, Juri Martelle, considered innocent by her family, in a less than favorable position and her behavior away from home is anything but flawless or filtered. Juri is in college, away from the chastening eyes of her family, and she's living life like it's golden...she knows her worth and ain't messed up with a lil bump and grind...all the while guarding her heart from busta's that move like her brothers and cousins. Benji finds himself saving Juri from one too many catastrophic scenarios, and now he's becoming a secret keeper...in more ways than one. Juri is bold, fearless and seemingly clueless to the sheer danger she continues to place herself in...girls just wanna have fun, right?

So what happens when Benji as a young man, notices that babygirl ain't a baby anymore, she wearing the jello pudding outta dem shorts? What happens when BabyGirl wants to know if he feels what she's feeling and she ain't messed up about show and tell...let the cards fall where they may? Can they trust each other

with their time, their bodies, their secrets and even their hearts? What does it mean when there are other ties that bind, families that may be torn up in this process, relationships that may become irreparable...is their acting on their attraction worth the cost that they will have to pay? Upon counting the cost, can they indulge and leave unscathed? Is Benji breaking the code? Compromise vs consequences are looming ahead and there's a caution light flashing...who's at fault...love or lust? The author piggybacks off of book #1. The execution of infiltrating some of the scenes is a bit choppy, but because of reading them in order, I understood. I am enjoying these characters and their personal storylines. 4.38

### **Nette Fields says**

#### **All me**

These two was to crazy  
Man can't never take when u do a them. But when u both wrong and misunderstanding.  
Social media be damn!  
Rip baby girl  
Every a\*\* whooping Dom got she deserved, lucky  
Disloyal hoes keep them close buy don't tell them everything.  
Now where do the family go from here....
