## **The Pirate and the Puritan Cheryl Howe**

Felicity Kendall forced her passionate nature into hiding after a handsome rogue seduced her then sailed away with the profits from her father's shipping company. Afterwards, she embraced the strictness of her mother's faith, molding herself into a rigid spinster before her time. After ruining herself so thoroughly, she can never marry. Her only hope is to escape the strict mores of Boston's Puritan population so she could be of use in her father's enterprises in the Caribbean.

On Barbados, she discovers her father has added a new partner to his venture. Lord Christian Andrews might charm her father, but Felicity sees the scoundrel behind his handsome exterior. She won't allow him to send her away, despite the fact a notorious pirate has targeted her father's ships and murdered his other business partner. Felicity feels it her duty to sneak aboard Lord Christian's ship before he sails away with her father's fortune. What she discovers is a man capable of unleashing her denied lust, though their shared passion might destroy them both.

### J says

Couldn't get past the first few chapters.

---

### Michelle says

#### Good ?

You people should just read this book yourselves and write your own review on this novel yourself and I really enjoyed reading this book very much so. Shelley MA

---

### Christina Almanza says

I really liked it. glad I didn't go by the reviews

---

### **Patti Kelly says**

It just kept going on and on and on without anything happening. I couldn't make myself finish it.

---

### **Laura says**

I was taught to always say something good. It is good that the reissue of this book has a new cover. Read my review at my blog: <http://letague.blogspot.com/2013/11/t...>

---

### **Laura says**

Felicity comes to Barbados to help her father and get away from home where everyone knows her shame. She meets Lord Christian and the excitement begins. From gaol cells to pirate ships, the adventure results in two people loving each other more than themselves. Great story.

---

### **Shammy says**

I really liked this witty and adventurous story.

---

### **Kara says**

Sometimes you just need to read a totally thoughtless book. This one certainly qualifies! Felicity comes to the island. She immediately makes judgements. She does really stupid things. But you don't read books like this expecting really strong plots, or at least I don't. And that's ok! This was a good story with good characters that ended the way it should have. No more, no less.

---

### **Jennette says**

I looked at a few of the other reviews before I began mine. It seems that the readers have a love/hate relationship with this book much like Drew and Felicity. The constant struggle between the two was fun. I wasn't surprised or disappointed. This story was as advertised- nothing more, nothing less.

---

### **Justin says**

I'm going to try a different tactic here and only focus on all the positive things about this book. Cheryl Howe is a very good speller. That is all.

---

### **Angie Peoples says**

I enjoyed this funny and intriguing pirate romance. There was so much action, suspense, murder, secrets, and love that it made this book a quick easy read. I just kept turning the pages and reading as fast as I could. Job well done to the author.

---

### **Paola andFrancesca says**

This novel was free on Amazon in November 2013, and with a title like The Pirate and the Puritan, I was hoping it would be good, campy fun, but it took itself pretty seriously. The heroine wasn't really as much of a puritan as the blurb made it sound, and the pirate naturally had a heart of gold. I'm generally a fan of non-virginal heroines, so the book had that in its favor, but it dealt a little simplistically with the race issues involved in the running of plantations in Barbados at the time. We know our main characters are good people because they're anti-slavery, and the hero has a black best friend, but the book still relegates the actual black characters to the background. The heroine does have to confront her assumptions about race at one point, and credit to the author for not romanticizing life in the Caribbean during the Atlantic slave trade. The best friend Samson and his son still felt a little bit like a plot device for telling us something about the hero and heroine rather than fully-fledged characters in their own right. I don't think I'll go back and re-read this the way I would a romance novel by Loretta Chase or Courtney Milan, but the plot held my attention, and I found myself wanting to know what was going to happen.

---

### **Lorilee says**

very slow, hate the main characters

---

### **Jennifer says**

Well, I gave this a try. You never know if you will find a hidden gem until you try the book.

The heroine stormed into a world she did not know, judged it and found it wanting, and made no attempt to understand the people around her.

I couldn't finish it.

Sorry everyone!
