Pas awal-awal cerita sih asik dan sangat tertarik. Dari deskripsi tokoh dan narasinya lumayan. Suka dengan karakter Nicos tapi tidak dengan Katrina. Kemudian, pada saat di akhir cerita saya langsung merasa malas dengan ceritanya.

Spoiler

Georgia memberitahu ke Enrique.. kalau tes DNA, Nicos tidak terbukti sebagai ayah dari anaknya. Lalu Enrique membocorkan rahasia itu ke media sebagai ancaman untuk Katrina karena tidak mau memberikan dia uang. Saat membaca itu, saya cuma bisa mengerutkan kening dan "yaelaaah~ gitu aja?! Ancaman apaan tuh? dan memangnya ada yah maling yang mengaku dengan senang hati -Georgia-?!" Lalu, Katrina langsung minta maaf ke Nicos karena selama 9bulan lebih sudah tidak mempercayai Nicos, terus main cinta2an lagi dan akhirnya end dengan happily ever after.. and I think, thanks to Enrique yang sudah membersihkan nama Nicos dengan isi berita itu yang mengumumkan bahwa mereka sudah rujuk kembali..
zzzzzzzz

Intinya, sayang sekali. Kenapa Ending dan permasalahan ceritanya hanya seperti ini.

Wow, this book shocked me. I expect so much better from Helen Bianchin. This was just absolutely horrible. The heroine went beyond TSTL....If I were the Hero I would have just walked away... actually more like run away.... thanking my lucky stars that I wasn't tied to someone like that for the rest of my life!

The story line goes...they meet, quickly fall in love, happily married for three months, when the "ex" mistress walks in saying she has just conceived his child. Obviously hubby passionately denies it, but our heroine refuses to believe him and trashes everything by walking out the door. Now did she ever hear of DNA testing???????? In the meantime her father dies and mandates through his Will that in order for her to inherit his firm, she needs to reconcile with her husband for one year. Because her Dad (smart man) knows that the husband is innocent and that they still love each other.

The whole book is about their tumultuous reconciliation and how she continues to discredit the hero. Every three pages was a sexual scene with heroine remorse and self recriminations for falling into bed.

For the life of me, I can't figure out why the H would even want her.

Do not read.....

En esta historia muy buena por cierto,pero...hmm se muy bien que aunque volvieron a editar el libro en el 2007.Bianchin lo escribió en el 2002.Pero ciertamente habrá una reconciliacion en una Harlequin que no sea porque tengan que reclamar una herencia.Ya esa historia esta trillada.Aunque la historia sea buena,los personajes bien definidos como que es mas de lo mismo en cuanto a el porque los personajes se reconcilian.

Pero la historia no esta nada mal,tiene sus buenos momentos.Es muy hot,tienen buenas escenas.La separación de los protagonistas surge cuando una modelo ex pareja de Nicos dice estar embarazada de el.Al el no poder probar su inocencia Katrina lo deja y su papa en el testamento la obliga a volver con el al menos

durante un año si es que quiere quedarse con su empresa. En la convivencia no pueden apartar las manos de encima del otro y como siempre al menos en las historias siempre triunfa el amor. Ojala y así fuera en la vida real. Pero mientras tanto al menos nos dedicamos a leer fantasía.
