Angel Horses: Divine Messengers of Hope

Allen Anderson , Linda Anderson

Angel Horses: Divine Messengers of Hope Allen Anderson , Linda Anderson

This lovely collection tells of the hope and healing that comes from contact with horses. Whether used to give disabled riders a sense of freedom and mobility, to heal wounds of childhood abuse, to assist with work, or simply as loving companions, horses bond with people in ways that change them for the better. The stories, contributed by people from all over the country and from all walks of life, introduce Cholla, the horse who paints pictures; a veterinarian who was reminded of the importance of compassion by a dying horse and a Native American chief; Star, a horse who saved a teenage girl from suicide; the late-blooming rider who embarrassed a horse and learned an important lesson about respecting the feelings of others even if they have four legs; and many others. Whether running through fields or performing intricate dressage drills, horses carry not only riders but messages of unconditional love and hope."

Ivy says

Amazing book!

analinda orlickas says

Good

cati says

saw this at b and n for 1/2 price and had to get it for mom and me. there were some very sweet stories and then there were some really off-beat/quirky ones. the idea though that horses can calm and communicate if you let them is one i believe in. quick, easy read.

L.B. says

Nifty stories of horses that have saved humans either literally or figuratively.

Tara says

Loved this book. Made me tear up several times.

Casey says

Rekindled my love and fascination for horses. Beautiful, spiritual animals!

Akina says

I absolutely love this book. It has inspired me in many ways and given me many more books to read and more ways to look at life in another being perspective. Great book.

Csssss Wv says

Actually I received a Hardcover of this book as a Christmas gift from my daughter...(she knows that "Straight from the Horses' Heart", by R.T. Fitch is 1 of my very favorites,) as well as its author being a personal HERO...of mine {+ many}!

...just getting started really, although have skipped around 2 see, that I didn't wanna skip, & have begun @ beginning! Yet, to say "page 1" is bit misleading; HC version has fully delicious 10 page "introduction", before its 188 pages.

Great so far...will say more as I continue ;)

Shelley says

Lots of annoying (to me) issues a horse savvy editor should have caught. Horses are measured in hands, a hand being 4 inches. I think that's even stated in the book. Yet they consistently refer to heights as 16.5 (should be 17.1) and 14.5 (should be 15.1). Annoying and petty, but that's one of the reasons for the lower rating.

Spider says

Angel Horses is fantastic! I've really enjoyed all of the Angel Animal series & would definitely recommend them for their touching & inspiring stories. I believe that animals are Souls, just as we humans are, & they can teach us so much if we will just listen. Linda & Allen Anderson also have a website for Angel Animals- very nice, good works!

Kirsten says

This book looks very amazing to read

Ginger says

Whether you own a horse, are thinking about owning one, or just like them in general, you'll enjoy the stories in this book. They're uplifting, comical, and a bit sad. Definitely recommend this for animal lovers!

Amber says

This was a good book. The story that stayed with me the most was the last one (I think) about the woman that could hear the horses' thoughts. I've always thought this kind of thing was bs but this story made me stop and think. Definitely recommend it to horse-lovers.

Arwen~Undomiel says

Naturally, there was some weird stuff in this book, but overall it was good. Lots of tears.

Rocky says

So far i love this book. i know you may want to not read books about horses but this is a really special book, it is like about all these different people who found horses to be their savior.
