Aaaaaaaaahhhhhhhh! I can't say anything because everything's a spoiler!!!

Yeah yeah, I know I can hide my review, but what's the fun of writing it then? One thing about this set, books 7, 8, and 9, is that they are written as a trilogy and may as well be one solid book, for each "ends" clearly leading into the next chapter, er, book. Enjoy!

This was probably one of the most tense-filled parts. I definitely found it hard to put down once I started reading it.

I was glad to see Elani and Peliqua again. I hope that Hochi has finally shaken off his misery and that he'll actually spend some time with Gerdi - who remains firmly one of my favourite characters.

Aurin, Ryushi and Calica is quite a strange love triangle. I have one more part to read - and then it'll be all over. In a way, it's kind of sad.
