## Dragon Alliance S.J. West

When Sarah Harker agreed to use her shifting ability to transform into Queen Emma Vankar, she never imagined she would have to lead Vankara in a war against the Fae. After learning the truth behind the cause of the plagues, Sarah and her small contingent return to Iron City to find it besieged by Nuala's troops and her corps of formidable dragons.

The unexpected invasion has left Vankara weak and vulnerable, unable to defend itself without outside assistance. In order to defeat the Fae, Sarah must form alliances that will help her drive them back over the Iron Wall. To counteract the dragons under Nuala's command, Sarah is forced to journey to the place where dragons originated. There she must convince the most ancient of dragons to lend her their help in the war against the Fae. But gaining the dragons' trust won't be an easy task. Sarah will have to delve deep within herself in order to earn their trust, and what she discovers about herself and those around her won't only change her life but also the fate of Vankara.

## **From Reader Review Dragon Alliance for online ebook**

### **Jennifer says**

This second book in the Ankara saga continues the intriguing story of Sarah as she plays the role of Queen and tries to save her country as well as her new family. I enjoy the fact that there is romance and love in this story but it is merely a side story and a complement to the main plot. The characters in this series are very likeable, as with most S.J West characters. Sarah faces even more challenges when she learns more about her true background and family. I really like the inclusion of dragons in this series. I found Aurora to be a sweet and loving character. I love how she always cares for Sarah. Fallon continues to impress me with his noble behaviour and true love for Sarah. This book left me wanting more and wanting to know what exactly the fae want and how Sarah and the gang can save themselves

### **Lisa says**

#### **I'm in love with this series**

What is not to love about this book. Dragons, shape shifters, queens, and of course romance. SJ West has created a world that makes me want to be a part of. I read this book in a day. I couldn't put it down. I can't wait for the next one!

---

### **Marianne says**

#### **We go on with a Queen who is a human shifter**

Gabriel takes Emma to see Dracon the sorcerer. Meeting Dracon seems to make him unhappy. When she gets back to Iron City, the Fae have invaded and Dena is missing. Finally Dena comes home and Emma has to find help to get her country back.....Finally ish the story to find out about the help and the things she learns in the process.

Read and enjoy.

### **Chelsea Laine says**

#### **Loved it!!!! Book 3 Please?**

I've read almost every book by West and can say that this one definitely did not disappoint. I was so glad when she posted the chapters online each month that I read all but 2 of them on the website :)

Dragon Alliance is an amazing read & I am greatly anticipating the third installment, War of Atonement. And since I just found out that the chapters will be published online much like D.A., I hopefully won't be

waiting too long to get my fix.

If you are a fan of the Watcher & Redemption series' but aren't sure whether these books are for you, take a chance and I promise you won't be disappointed.

#### **Amazing story**

The second part of the Vankara series is amazing. A lot of twists that you didn't expect. Sarah continues her adventure as Queen Emma and she is trying to forge an alliance with the dragons who don't trust easily. This story is filled with surprises twists and emotions. You don't want to miss out on this amazing book.

### **Misti Epps says**

I love this series. I think S.J. West has an amazing imagination and the ability to manifest such awesome characters and stories. This story has me captivated.

---

### **Melissa says**

Still enjoyed this book! Cannot wait to see what happens next

---

### **Heather Graves says**

This series has captured me, truly. The characters continue to grow in depth in the second book, and I simply can't wait for the next. Some spelling errors, but the story is good enough that I can look past that.
