Good Cop, Bad Girl

Paige Tyler

Good Cop, Bad Girl Paige Tyler

When a hunky guy shows up at Julie Hanson's apartment to tell her the police received a complaint about the noise from her birthday party, she assumes he's a male stripper her girlfriends hired. Upon discovering the gorgeous Kirk Chandler really is a police officer, she's completely mortified, especially since she teased him about giving her a birthday spanking. Kirk appears at her door for a second time later that night, bearing gifts and asking if she got her birthday spanking. Julie not only gets her bottom nicely warmed, but is treated to a night of pleasure that qualifies as the best birthday present any girl could ask for.

ShoSho says

Surprisingly good for such a short story!

Miz Love says

Julie spends her birthday thinking no one remembered. Later, all her friends show up with gifts and they have themselves a little party. A cop shows up, asking that they turn the noise level down because there had been a complaint from the neighbours. Julie mistakenly thinks the cop is a stripper and acts accordingly. You do not want to miss this scene. You start to realise he's a real cop at the same time as Julie, and it is funny.

Kirk, the cop, is a good boy and waits until he's off shift before he visits Julie again. He wants to give her a birthday gift, and what he has in mind matches one of the presents her friend bought for her. A paddle. Kirk spanks Julie, and they spend the night discovering one another.

Sheesh, this guy was seriously into his role. (One of the funniest lines I've read—one of the funniest scenes. Julie getting the wrong idea...something I would have done too.)

Sexy, hot, and funny at the start, Good Cop, Bad Girl is a good little read if you enjoy spanking and fun

Jasmine says

Not bad but not good either, quite unbelievable and unimaginative. Unfortunately the cover does nothing for me either. A little bit disappointing actually.

Elle says

It's a bit difficult to rate this book because I was looking for exactly this type of read, found it, read it and was happy. It's difficult to rate this against other stories so I think I will focus completely on how it was in terms of what I was looking for. A little analogy for clarification purposes: I won't be comparing a spatula to a stove, I'll compare the spatula to other spatulas.

Considered in this manner, this book deserves a high rating. The characters were charming. The sex was a bit risqué. The premise (though a bit ridiculous in a humorous way) didn't play out in an outrageous way. The story fit comfortably into its page count, which isn't always the case with the short stories.

Sure, this story is fluffy, but I'm not sure what you'd expect when reading a short "exotica" novel over your mid-afternoon break (or that was just in my case perhaps).

Something that I feel like needs to be stated as being a bit exceptional: I read this quite a while ago. I read it in one sitting and walked away meaning to write down a review right away, but I forgot. It really speaks well of the story that I am able to remember it well enough to feel comfortable reviewing it so many days after reading it. I don't take notes, and generally the stories are read and promptly forgotten. But this was, while perhaps not incredibly memorable, is easy to recall.

I just checked Paige Tyler's goodreads page and there seem to be other stories that will interest me on it. I will be taking a closer look and perhaps pick out something to read during lunch today.

Cover & Title - 4 out of 5

What does every naughty girl want for their birthday? A vibe, chocolate body paint & a heart shaped paddle.. throw in a cop with some handcuffs and now that sounds like a fun night :) In this book we get to read some nifty ideas, i have stored them anyway in my head for future use.

I enjoyed this sexy spanktastic short read & I would recommend it.

Rebecca Rose says

It's Julie Hanson's surprise birthday party and Officer Kirk Chandler just showed up at her door with a noise complaint. She thinks he's a stripper her friends have hired and propositions him to give her a birthday spanking. When his radio talks, letting him know where he's needed next, Julie is dumb struck by her mistake.

Julie doesn't expect to see him again, but Kirk shows up at her door with a gift and an offer to give her a much deserved spanking.

So, what happens when a Good Cop, Bad Girl get together? Why a paddling good time!

Warning: M/F explicit erotic sex in all sorts of fun positions with spankings.

I figured I'd get the WARNING out of the way first. LOL This short story was a long delicious sex scene with mutual attraction. I liked that it wasn't written as a raunchy sex fest between two strangers with no hope at a future together. He took his time kissing her first, and that means a lot to anyone who's new to erotic reads. It also established me as a Paige Tyler reader.

Looking for a short read that packs a sexual punch? Good Cop, Bad Girl will fill your fantasy about those hunky men in blue!

Congratulations Paige Tyler on Five Blue Stars! It got my mind wandering to naughty things. :)

3.5 stars!

Cheryl (Gwyneiira's Book Blog) says

A short smutty read :3

We get spanking, edible chocolate body paint, a rubber duck vibe, a very hot cop and a pair of handcuffs. Put them together and we get one very hot, steamy night ;

The characters were charming though I wished it was much more smutty for an erotica since it didn't really make my toe curl much. There's more fluff than I had expected.
