After being left with the decision of whose life he was going to save, Boss finds himself suddenly stuck between his past and his future. Making the wrong choice could leave his life in shambles and in a complete whirlwind. Not resting until his brother Hendrix is six feet under for all the turmoil he's caused, Boss turns into the very person he vowed not to be ever again.

While trying to keep his right-hand man on track, Han is faced with his own problems. The biggest one of them all being Boss's sister, Freedom. Just when he thought he was over her, Freedom stepped back on the scene, leaving him shook and confused. Old demons come back to haunt Han, taking him back to a dark place, and if he's not careful, he may never be able to escape it.

Turk is back on the scene, and suddenly, he has a new walk and talk. Realizing what he's been missing in his life, he wants nothing more than to have his family back and will stop at nothing to make that happen. Even if it means going head up with the man the streets know as Boss.

In the second installment, everything that these couples were trying to build, could possibly crumble and fall to pieces. One wrong decision and they could lose it all.

## **Must Read**

Boss and Hann made me so mad in this book! Both of them had their ways but sometimes those ways caused them to make stupid decisions or say the wrong things out their mouths. Boss needed to get his act together because Giana is going to end up being his biggest downfall. I don't trust anything about that chick. Hann on the other hand had some issues that he needed to resolve. Once those issues are resolved he will be back on track. I don't too much trust Turk. Yes he made some valid claims, but I still feel like he can't be fully trusted. Choyce went through some things but at the end of the days she still managed to accomplish the goals she set out for herself. Poor Freedom! For so long she had been playing this game with Hann and now they may be at their breaking point! I'm anxious to see how book 3 plays out because I have some questions due to that ending!!

## **When does part 3 release?**

I was so excited to see this one published since I was really waiting on it. I'm really glad Hendrix came to s realization regarding Freedom, let's just hope she wants to hear it. Boss gonna mess around and lose everything important to him dealing behind Gianna. And Lord Choyce and her baby daddy, SMDH. Here's to hoping that we don't have the same wait for part 3

Boss and Choyce can't seem to catch a break!! Boss is going to mess around a lose it all, making the wrong decision. Who Shot Boss??? Turelle, coming back to be father of the year is suspect and Choyce just wants everybody to be happy...Wrong move. Gianna doesn't give a heck about Boss and Giselle... he will see. Hanns finally has his breakthrough...but is it to late for him and Freedom?? Cant wait to see what Happens Next!!

Very good book I can say this has picked up right from where part 1 did. Boss really need to get himself together before he lose everything. I think if he fixes the issues and stay away from Gianna everything will work out for him n Choyce. I just hope everyone can get that happy ending and not let anybody stop them from getting it. Definitely can't wait til part 3..

This book picked up right where the last installment left off and didn't miss a beat. The action and drama keep building and building and I couldn't put this book down. A must read...definitely. Still loving the storyline and the pace moved so smoothly. More twist and turns to keep me wondering what's next and then throw in the suspense and puts a nice spin on things. This book keeps you wanting more and more and it's still not enough. After that ending...Really, ending like that can't wait to see how this all unfolds. Great job Charmanie Saquea.

I'm glad that book picked up where part 1 left off at. I'm glad that Turk is actually making an effort to be in Mani's life but if he's only doing it to get back with Choyce imma be pissed. I don't understand why Boss kept Gianna with him. He should've just let Hendrix take of her since he "doesn't care" about her. I can't wait to see what happens in the next part. I hope Boss is okay.

### **Wow**

I loved how it started right where the last ended. I hope Boss get his act together or else he's gonna lose Choyce. Han & Freedom is finna go crazy now that Boss got shot & it's gonna be hell to pay. between Turk & Gianna.  
Can't wait to read part 3 to c the outcome

### **OMG this was a great read**

I really loved Boss and Choyce character she definitely a independent women who was trying to make it a single mother. Choyce was trying to move on from Boss but she keep getting pulled back in. Regardless of his trifling baby mother Gianna who hasn't been a mother to her child Giselle who she had with Boss. Gianna

she up to something is she really pregnant by Boss are is it a ploy to trap him. What about Choyce and Boss she still wants to be with Boss but obstacles keep getting in the way. Now all of the sudden Turk (aka) Turelle wants to get to know his daughter Zamani and also wants Choyce back after three years of being absent from his daughter life. Freedom didn't trust Gianna because she had played her brother by sleeping with Hendrix caused a rift between the brothers since childhood feud and couldn't stand each other. Freedom and Johann had a secret relationship that Boss didn't know about. Johann and Freedom relationship was complicated. I was proud of Choyce getting her college degree and getting her own business for kids day spa. Boss whole attitude changed after his mom died the beast came out he became colder and listening to Gianna and thinking about getting rid of his brother. Turelle warns Boss about trying to get back with Choyce he told him she was off limits to him are it was going to be some problems. Freedom she went back to Louisiana to go back to school because she loved Johann and he blamed her for Jasmine and his daughter death. Johann also suffered from Post traumatic Stress Disorder after serving in the military he was medicine for it. He finally realize he was part of the problem with Freedom he was guilty but Jasmine and his daughter was not his are Freedom fault for their death he was wrong for cheating on her. Choyce and Gianna had words at the mall over Boss she using her daughter to get back in with him but he loves Choyce. At the end who shot Boston when Choyce confront Boss about Gianna being pregnant with his baby something wrong with that picture.

#### **That ending though**

I bet all the tea in China that Turk had something to do with him being popped. Choyce should have never sleepy with him, she should have Matt him out to see his daughter. Boss is going to make him post and so if Han. I hope Freedom and Han can get it right and just be together. I can't wait til the next book drops!

#### **Siobhan**

Nooooo why did it end like that and who the hell shot Boss like that.. i hope he is okay i can't take I?t i need part 3 fast. I?t could be Turk or Gianna i don't know but i love me some Chocye.. I? hope Han is better after talking to the therapist and that he tell Boss what's been going on with him and his sister can't wait for part 3

#### **Yassss**

Well written, entertaining and down right feisty. This book have all my favorite stuff I seem while I pick up a urban tale ,,jealous exes, crackhead mama's, kingpin and strippers but the Storyline is creAtive and sassy I love the characters and hate the villains so glad dirty cop got it as well as abusive dad but the Ptsd was a good flinch this book is can I can't wAit part 3 OUT FREAKING STANDING

---

**markita grimes says****Good**

I enjoyed this book but not Charmaine best work. Maybe I was just upset because Choyce and Boss wasn't even together and Han and Freedom didn't really even have any scenes together. I hope my couples get it together in part 3. Good read even though I'm in my feelings right now.

**marcie l booker says****Okay ....**

It was kind of hard to get into the story . I forget the characters since the first book was released last year . This story was was kinda boring and unfortunately it didn't seem to have a solid plot. I just couldn't get into it .

I only liked Freedom and we didn't really get to hear from her . I hope in part three she gets a bigger role in the book. I really think Jo and Freedom could have their own story line .

I love this author's work but I would rather wait for Put Me Back Together Again 3 .

**Jacqline says****I love this series**

I just loved boss and choyce!!!!I've been waiting for part 2 to come out and I've been on pins and needles while reading it.I hate that choyce and boss ended up sleeping with their exes because I just know something bad is gonna come from It but I cannot wait for part 3
