Just As I Am

Kim Vogel Sawyer

Just As I Am Kim Vogel Sawyer

In this romantic 19th century-set short fiction follow-up to What Once Was Lost, while setting the stage for Sawyer's next novel, Echoes of Mercy, a young woman must let go of past rejections to find hope in the meaningful future God wants for her.

Daisy Forrester has been raised in Brambleville, Kansas at Dunnigan's Orphan Asylum by Levi and Christina Jonnson. As she has watched younger, more appealing orphans come and go on to new families, Daisy has spent years becoming a valued helper for Ma and Pa Jonnson, as the orphans call them. However, she is coming up on her sixteenth birthday, and it will soon be time for her to make her own way in the world. Nervous about leaving the farm, she turns to the one connection she has out in the world--Robby, a friend who left the asylum before her and is now employed in Sinclair, Kansas at Dinsmore's World Famous Chocolate Factory.

Daisy heads for the safe harbor that is his friendship, but the outside world doesn't offer the friendly welcome that Daisy dreams of and Robby faces unique challenges of his own in the form of an eager co-worker bent on sending Daisy back to Brambleville. Can Daisy look beyond her own insecurities to embrace a young man with great affection for her, and a God who calls her 'beloved'--just as she is?

Karen Fredhoff says

Good book

As all Kim Vogul sawyers books always are - this was great but unfortunately too short. I wanted to hear more of the story

Hannah says

it had me wishing for more of their story.

Zelma says

Another great short story by Kim. The only downfall is I wish it was a full length novel. :D
Daisy is heart broken that her best friend Robbie had to leave the orphanage because he was too old. He left to work in Dinsmore's World Famous chocolate factory. Daisy missed him so she left early to work at the factory too and be close to him. There is always a little mystery to Kim's stories and leave you wanting to read more. This book will not disappoint.

Hannah says

A delightful and well-written novella...I loved Daisy and Robby both! The setting is easy to imagine and the dialogue is pitch-perfect for the times, which made it easy to imagine the story as I read. Daisy's hope of being wanted undergirds a lot of the story, and I must admit that I deeply appreciated the thought of the smell of a chocolate factory!!

Squeaky clean; Daisy and Robby believe in God; Daisy needs to come to a personal faith.
