## From Reader Review Laura's New Life for online ebook

### Wendy says

I was very glad with the way that the story came out in the final book! It was nice that some loose ends were tied up but that Laura did end up with the right guy. I loved that she was able to start her life new again in New York and she was able to get her happily ever after with her guy. I couldn't put the book down and was very satisfied with the development of the story! It was fantastic!

Loved this story from beginning to the end. Loved the characters and how they evolved and moved one love is always great to read about

### Jane says

*The Ice Cream Shop Boy #3* now called *Laura's New Life* was the end of this three part series. Laura tied up all the loose ends with Shawn and moved on to New York and a new life. The series had enough ups and downs to keep it interesting as Laura discovers her sexuality and finds a mature love. The ending was perfect for this short series. I enjoyed this short three part series and look forward to reading more from Mimi Strong.

### Alex Owens says

Great ending to a steamy, tasty series! I was already a fan of Mimi's, but now I just want to devour all of her books on the spot! Each book in this collection was the perfect bite of sweet and spicy... and together they left me more than satisfied.

(Or possibly I'm just hungry, if all the bad food puns in this review are any indication!)

Meh,

This 'erotic' contemporary romance is available for free on kindle.

It is the third in a group of three short stories, and full disclosure- I didn't read the first two. Maybe I would have enjoyed it more if I had.

Unfortunately this kind of book really isn't my cup of tea. I just didn't like the style of writing. The best way I can think of to describe it is that it felt like the author occasionally had her finger on fast-forward. IMO if a scene is so unnecessary that the author can fast-forward through it, then I don't understand why it's part of the book at all. Worst of all, I didn't find the majority of the erotic scenes very sexy (probably because of the fast-forward issue!).

I downloaded and read this short last night because I had read an excerpt from "The Kissing Coach," another book by Mimi Strong, which seemed intriguing and I wanted to decide if it was worth purchasing. I saw that "The Ice Cream Shop Boy #3" was available for free so I decided that I would give this one a try, to decide if I liked the author's style. I'm so disappointed. But I guess the good news is that I was able to answer my question! If you've read both and think I might enjoy "The Kissing Coach" more please do let me know!

A nice little ending to Laura's adventures with two very different men. She gets to close out one relationship and cement another. This is, of course, after she rescues her dog. Because how could she choose between her men if her dog was missing? \*thumbs up\*

This book was the perfect end to a perfect series. These books are short but sweet. They have drama, they have love, and most of all heart break. I am so glad that Laura's life worked out the way it did and that she finally found true love. The way that she was proposed to was absolutely sweet. I love how he had that all set up.

Mimi Strong did it again and wrote an absolutely amazing book.

Oh I just love these books. I am so glad that Laura finally found happiness. I was just a tad disappointed that the book seemed to end so quickly. I would of loved to have just a little but more for this couple...but that's

me being greedy. :-)

#### **Good finish**

That was a nice finish to a great series. To much "oral care" for my taste but a good story. All in all go read this series. Happy reading

LOVED!!!!

### **Christine says**

I liked Laura and Zach's story. It was a quick, fun read and left me wanting more. Laura is a bit finicky at times, but the pace of the story helps keep the character from entering the prolonged whiny phase that's common in romance novels. If you're looking for a short, feel-good series to read on a rainy day, this is definitely worth checking out.

### **Amanda says**

Book 3 of 3 in this Series that follows Laura's rediscovery of herself after being left at the alter. She find love with two different Ice Cream shop owners and the pain of being torn between two lovers.

### **Gloria Herrera for As You Wish Reviews says**

Loved it! MUST read the series! A one-night-stand for a jilted bride turns into a new beginning. Shawn and Laura discover a middle ground during their one night together and connect. Then comes Zach! Older and wiser, Laura falls for him. I will never think of salty caramel ice cream the same way again! Read the series. It is a lovely (and HOT) story of discovering sexuality, maturing desires, and ultimate joy!

Nice wrap up to the series!  
Everyone comes back into Laura's life and closure is given to all of them!  
But I will not tell you who if either of them she chooses.  
Hot, Steamy, spit or swallow?
