## **Love Attack, Volume 1** Shizuru Seino

Chiemi Yusa's high-school record is far from perfect. She's already been suspended twice for fighting, and she's not even half-way through her first year! In danger of getting expelled for starting yet another brawl, her teacher approaches her with an unexpected offer: get her classmate Akifumi "Deranged Devil" Hirata, the nastiest fighter in the whole school, to clean up his act, and her record will officially be cleared. Reluctantly she accepts, and immediately goes on the attack. But as she's waiting for him to retaliate, she discovers that he has more in store for her than just a fight! From the creator of Girl Got Game and Heaven!! comes a rollicking brawl of a good time as the roughest guy and girl in school get themselves into trouble--and find themselves in love.

## Jennifer (Schenni's Book Nook) says

Story: 4/5

The story is really hilarious! It's original and refreshing and it was a welcome change from the typical shojo mangas (although I enjoy those as well). The only thing I have to say is that for my tastes the main characters got together too quickly - I would have enjoyed a longer "chase".

Characters: 3/5

I loved Hirata. He was adorable in a very... badass kind of way! He's got suprising depth and is the perfect example for not judging a book by it's cover!

On the other hand Chiemi, the heroine, was a bit disappointing. At first I was happy to read about a more straight-forward girl who wasn't afraid to speak her mind, a trait missing in a lot of shojo heroines.

Unfortunately the author/artist fell back on another typical heroine-type: the stupid girl. She got annoying pretty fast.

We didn't learn a lot about the secondary characters, but in any case they are very entertaining!

Style: 5/5

It's simple and fresh. Perfectly suitable for the story! Some of the close-ups were actually quite gorgeous, while some of the funnier scenes were ridiculously exaggerated, but somehow exactly right.

Have you ever heard someone say "Love can be a real battle field"? Well, "[Love Attack](#)" takes that phase to the extreme in a hilarious way. With the kick but characters the story comes to life. The hint of comedy puts this story in a crazy spin of amazement. The setting just sets the whole story up for laughs.

To start things off the characters give the story a splash of life. The characters in this story are wild and make plans on a drop of a dime. The main two character are very crazy and voilent. The girl fight for justice, while sometime her "justice" goes to far. The boy is the head of a gang, while his heart is so sweet.

Next is the comedy which is the body of the whole story that makes the moves. This start will keep you laughing to the cows come home and after that too. Somethings that that the characters will say will make bust a gut in laughing. It is filled with crazy, funny violence that makes you just want to keep reading. Just when you think the story can't get any funnier it does, like a punch in the face.

Last but not least is the setting, which is the heart of this story. The setting makes the story come to life and makes it very interesting. Thee setting of this story is a playful high school that lets the students to do anything. The setting of this story is the school the main characters go to, which the story filled of puppy love.

To wrap things up this story is a new, young, fun, vibrant, twist on life. The characters, comedy, and setting makes the story comes to life with fun amazement. Read "[Love Attack](#)" and see how real the phase "Love can be a real battle field" really is.

I definitely recommend this manga series c: Briefly saying: I just liked it a lot because it was super funny, I was cracking up the entire time while reading, and the premise of it is really cute and simply. Between Chiemi and Hirata, their love story is super cute and whimsical and because of each one's timidness for the other, I'm smitten with them.

The art work is pretty well done, no one's hands or necks are too long and no one looks anatomically incorrect- and also how the artist portrays all the funny scenes of the characters is also done successfully so.

Applauseeeee ^^

I enjoyed reading this and I shall continue reading this series!

Happy readings folks

I loved this it had me laughing. This story is about Chiemi Yusa who is always getting in trouble for fighting. Her teacher gives her an option that if she can get her classmate Akifumi Hirata to come to school and clean up his act she will wipe Chiemi records clean. She accepts and immediately goes after Hirata with a flying kick to get him to stop fighting. There were many things that made me laugh. I loved Hirata little brother when Hirata was carrying him home from school.

Today I have an action romantic comedy for you. A big stress on the action word! It's a completed series, however, on mangafox there are only 2 more chapters left to be uploaded. I've been waiting for them for more than 6 months, when I found it just recently completely translated and uploaded on the a Russian website. The ending is somehow not ending, and I got why, because there is a sequel, which I cannot find anywhere. However, there's a bonus as to what happened, as the author made a spin off about Chiemi's and Akifumi's kid. So everything ended pretty well.

But let me get back to the story itself. I laughed too much while reading. I mean it; every page cracks you up so much your tummy will hurt. Mine hurt so much; I had to take some painkillers, kidding. The story is fun and if in other similar mangas, either a boy or a girl is a delinquent, here both of those are delinquent. Just look at this page:

X photo

See, they're a truly lovey-dovey couple. Both Akifumi and Chiemi are amazing characters. You get to see their development, and trust me, and both need to develop as people. They need to overcome many difficulties on their way to a perfect relationship. There will be misunderstanding, lots of the,, many rivals for both sides and even a couple of break ups. I already spoiled the ending, so if you want to know how they overcome their differences and their problems start reading right away. You'll get to see lots of fights and some amazing confessions. I mean it, Akifumi is fantastic making confessions and kissing Chiemi.

Are you up for this awesomeness? I hope you are, if not you're missing an amazing story. Get lost in the fun and action that this story offers you. You'll love all of the characters and the situations that the characters find themselves in. enjoy it to its fullest and don't forget to share your thoughts below. Stay tuned for more reviews as well as promos. Don't miss your next favourite book or manga! Happy reading!

XOXO

What can I say, I love Shizuru Seino! Her series Heaven!! was a little weird, but I love Girl Got Game and this one is off to a great start too. Must have more!

Love Attack has an atypical heroine - she's a violent punk who's always starting fights. When a teacher tells her she's about to be expelled, she offers a deal - straighten up the school's worst fighter, Akifumi Hirata, and get your record wiped clean! Chiemi is the only one who's tough enough to deal with Hirata - nicknamed the Deranged Devil - but what happens when he decides he likes a girl with a killer roundhouse kick?

This first volume made me laugh my butt off. Recommended!

Halfway into the book, the story and main characters were interesting but it seemed like the characters got together a little early. And it's only the first volume. Anyway, still liked it though. Reminds me of another

manga called Oresama Teacher. Good start.

### **Jenny says**

The female protagonist of this book is deviant from the norm. She is tough and not really girly. So far this book is really funny. Sometimes the artwork can be a little bit exaggerated, but overall they look hilarious. I feel like this book has more funny moments than romance. I own a couple of volumes of this series. One of the bad things about buying the books is that the books get thinner and thinner as the manga goes on. I would definitely recommend this book if you liked Tail of the Moon (which is also comedy and romance as well as action).

### **Evee says**

This is my type of manga. (Or one of my favorite types) It's light and fluffy and it's made me laugh way more than once. The ship is hilarious but not very complicated at all. They seriously got together in the first volume after all. I can't help but love this though, as the comedic properties it has defeats it all. Have I ever mentioned I'm a sucker for comedy? So even though it's not the most complex ship with all the hardships like I usually like... it's got the comedy that I've always been looking for in those complex ships. So yes, I really do love this one... far more than I thought I would actually.

**Actual rating, 3.5 stars for Love Attack vol. 1**

#### **Plotline**

Oh my god this manga is right up my alley! Where else can you find two protagonists with anger management issues, who both like to solve things with their fists more so than talking, who fall in love with each other????

Chiemi's teacher threatens to have her expelled from school for fighting. However, the teacher knows that she is starting fights because she is trying to force people to stop bully and harassing other people. She beating the crap out of them like a vigilante....sigh so awesome. the teacher's solution? Well if Chiemi can get Hirata to attend class semi-regularly, she will wipe her record clean. Cue Chiemi trying to fix problems with her fists!

Thing is, Hirata likes her brawling ways and asks her to go out with him...

## **Library Status**

Unfortunately this manga is a little older and it's nothing spectacular so I'm probably not going to order it for my library. As much as I like it...

## **In Conclusion**

Love Attack is a funny, kind of unrealistic comedy romance duo that is a nice fluffy read. Also reminds you not to judge all books by their covers. You really don't know about people (I mean books) until you talk to (I mean read) them. Cute fluff manga read.

## **Kate (Reading Through Infinity) says**

3.5 stars.

Someone on twitter recommended this to me and I can see why. It's absolutely hilarious.

The first volume centres on Chiemi, a high school student who is in danger of being expelled due to her violent tendencies and fluctuating grades. As an ultimatum, her teacher states that she can remain in school if she can reform fellow student Hirata Akifune, a delinquent and frequent non-attender.

The first book mainly involves Chiemi leaping out of windows to stop Hirata from doing things that will jeopardise his school career and it's laugh-out-loud funny. As the two get to know each other romantic interests begin to develop and eventually, after much fumbling, drama and hilarious shenanigans, the two decide to date.

Although a slightly older manga now, whose values about relationships are somewhat outdated and old-fashioned, I enjoyed reading this for the sheer comedy value. The drama is petty but strangely engaging and the main characters are really likeable. I'll definitely be continuing with this series, just to see what antics Chiemi and Hirata get up to next.

## **Sailor Moon says**

Omfg I fucking love this book. It was just so freaking hilarious I was in pain NOT KIDDING MY STOMACH HURT SO BAD FROM SOO MUCH LAUGHTER. I remember it like it was yesterday. It was a sunday and I found it from looking through the authors list of mangas they made (because I was reading one of their mangas) then I stumbled upon this MASTERPIECE. And read it the wholeeeee day. Literally. Not only was the heroine strong which is what I was looking for but funny as hell.

Omg I was dying, and hirata being sweet put up with her. Gosh I got mad when she kept getting mad at hirata like for real. And when you think hes finally gonna snap and kill her he surprises you and does the opposite.

The romance was great but the comedy was just..... wow. Just so out of this world maybe from the land of comedy.

The art was great. The facial expressions were the ones that made me lol so hard. Especially when hirata got mad and turned into satan because of his jealousy like Oh my god, I couldnt breathe. The side coupling was

good too. It was a breather to see another couple brewing that were actually normal.

Chiemi and hirata are one of the best couples Ive read. Like god.

This manga is in my top favs. Maybe even number one. If you want hilarious moments this is the book for you
