### **Very Hot**

As a sapiosexual I truly enjoyed this short story. It was sensual and steamy. The words utilized to tempt the mind before pleasure were my passion (poetry). I just wish it was a full story!

## **Wilki J says**

Before Trey can win Keisha's heart, he has to make her orally his..but this spin on oral is way more profound than one may think.

It was a fast short read. I enjoyed the interaction with the characters. I felt the plot though short could have had better development by adding more scenes...or something extra besides a sex scene taking up most of the plot.

### **More of a plot**

Not enough development of the plot. I felt like she barely talked about the relationship Keisha had with her man and why it was no longer good. I think I was just expecting more.

**Orally H O T T**

My only complaint is that this steamy piece was orally short. Trey is a 29 years old sexual chocolate who happens to be a stock broker. Keisha is a romance writer who is in a dead end relationship but he proposed so she stayed. Trey has been longing to make her his but she tries to fight the attraction until her Fiancé was caught in a lie. She went to Trey for comfort and she got that and more....so much more.
