## To Have the Doctor's Baby Teresa Southwick

Ryleigh Evans is totally over her ex-husband--no doubt about that. Sure, pediatric specialist Dr. Nick Damian is still as sexy as he is dedicated. And he's the perfect person to father the baby she longs to have. But no matter how much their no-strings bargain makes things burn even hotter between them, Ryleigh refuses to believe this suddenly vulnerable man can ever let her completely into his heart.... Nick Damian, pediatric surgeon extraordinaire, was stunned to see his beloved ex-wife in his office, offering the deal of a lifetime. And it was a deal he would take. Because he'd let Ryleigh slip out of his arms once before. It wasn't a mistake he would make a second time

### **Debbie DiFiore says**

Couple got a divorce because the husband was emotionally an asshole and had issues from his childhood. Two or five years later she gets a job close to him because she wants a baby. Oh hell no! I don't like this trope at all. But he agrees and they have communication problems and the h now knew she had never fallen out of love with him but he's a big lump of no!!! I liked the story and I knew he loved her but he didn't want to. Regarding time apart, she didn't have any other men and he never said. He did talk about being alone but it was totally not clear if he was it wasn't. Just FYI to my gang.

Confused between 3 and 4 stars .There should have been little more angst then it could have been even 5 stars.But I liked both hero and heroine.
