## **Wedlocked?! Pamela Toth**

Years ago steely attorney Cole Cassidy had been forced to give up the only woman he d ever loved Annie Jones. Now she was his last hope; he desperately needed Annie to play his beloved wife. Shockingly, she agreed to the masquerade but why? Did the sultry beauty yearn to reignite their long-ago love? Or was the invitation in her eyes a ploy to destroy Cole in the name of sweet revenge? Cole vowed that he would not lose Annie again. This undercover bride would be his for real...wedlocked in desire forever!

## From Reader Review Wedlocked?! for online ebook

### Staci says

The synopsis for this book is a bit misleading: Cole does not need Annie to play his wife; while working together on Cole's mother's case, Annie discovers a way to spy a suspect that requires her to be a part of a married couple and Cole demands to play the husband. This book is evidently part of a series and it's allusions to other character's stories, rather than whetting one's interest and just distracting. Also the history between the two characters, how they were once in love and why they split up, ultimately is just not that interesting either.

### Dina says

Título em português: **Casado?!**

Tradução: *Michele Gerhardt*

Sinopse: *O brilhante advogado Cole Cassidy assume a defesa de sua mãe, Lily, quando ela é acusada de ter assassinado a rica texana Sophia Fortune. Cole está convencido de que a mãe caíra em uma armadilha. Nos dias que se seguem ao escândalo, Cole tem outro choque: a detetive particular contratada pela família Fortune para investigar o crime é Anne Jones, uma ex-policia com quem ele vivera um grande romance seis anos antes.*

### Tonileg says

Nothing is more bitter then old regrets. So Cole Cassidy (Fortune?) knows all about bitterness from past mistakes, especially how he treated his first love, Annie Jones.

Now, Lilly Cassidy is being framed for Sophia's murder so Cole (the only son and eldest child of Lily) is jumping into action to save his mother. He will do anything to solve the mystery of who actually killed Sophia, even join up with Annie on a stake out.

I liked how smart Lily was about her children (except Maria, but evil is god at hiding, even from mothers).

PI Annie Jones is a nice good person which makes the fact that she forgives the actions of Cole understandable, but I'm not sure that I would ever trust ever again someone that abandoned me once.

A second chances Western contemporary romance with one sexy scene when people find each other again as adults because children make some many painful mistakes and regrets. The murder of Sophia is being detected by Annie and Cole so they can find a way to free his mother Lily and she can finally marry Ryan Fortune. I am frustrated that through out the story the family thinks about calling/visiting Marie in Leather Bucket, but never do, because that would solve the original kidnapping mystery with one visit!!! ACK! I am emotionally invested with the community and they need to get smarter!
