Review for the entire series

I read this whole series for the first time 2 years ago. I flew through it and loved it the first time. It became one of my favorites. I felt like revisiting manga recently so I picked up this series again. I loved it even more. It made me laugh, it made me cry. It is the best slice-of-life manga out there about music. With my forgettable memory, maybe for better or for worse, I did not remember very much of the story so that allowed me to enjoy it as much as before.

I read through all the 23 volumes within 3 days. Even having read this series before, this manga...it makes me feel happy, giddy, and so excited. Nodame and Chiaki felt like real people to me. And i was so depressed when I came to the last volume, having to leave them again. I'm sure I'll be reading this again sometime. These are characters I'd like to visit over and over again for years to come.

Ahhhh, ahhh!! This is my 2nd time reading this series!!! or maybe 3rd time, I totally forgot! But this is still one of the best series that I've read! The music element is the best! Even though this is a romance manga but all of the music parts are the best. I can definitely feel the classical music in it, and this made me want to learn more about classical music! It is very informative and the plot is just fantastic, it does not drag, and each arc is interesting and entertaining in its own way! The characters! Ahh, their development is incredible, especially Nodame and Chiaiki! They are the best! OTP!!! 5 stars! or even 10 stars!

I love this series! It's touching and beautiful and funny and motivating and musical and just plain awesome!

Definitely recommend this series to anyone who likes manga about music or those slow type of romances that gradually creeps up on the characters.

Last volume, and I feel like crying. It was a wonderful josei, full of great moments and lovely characters. Every one of them has a tiny participation in the last 2 volumes, as a way of saying goodbye. We may not have a HEA, but we do have a HFN ending. I hope that, in a near future, the mangaka gives us the privilege of a special chapter. But if she doesn't, it's fine because each one of the chapters was a joy to read.

At least I have the dorama to watch.

I loved this series SO SO MUCH!!! The characters are hilarious (especially Nodame and Mine) and the character development is amazing! I love the way Chiaki gradually fell in love with Nodame and how adorably amazed he was by her! Highly recommend!!

Todo es muy caótico. Hay tensión, no se sabe por donde va a acabar todo... es muy Nodame, menos cómico pero muy divertido. Es un poco más maduro pero a la manera Nodame :).

Al final hace un resumen de lo que pasa con cada uno de los personajes más importantes.
