Burke's Gamble

William F. Brown

Burke's Gamble William F. Brown

Bob Burke is back! Welcome to 'American Sniper' meets 'The Godfather,' Round #2, or Bob Lee Swagger takes on the New York City mob. It is another suspense action thriller from an author with over 500 Five-Star Kindle ratings on 8 Kindle E-Books. Last year's Burke's War has 4.5 stars on 171 reviews. In it, Bob Burke witnesses a woman being murdered, and ends up butting heads with the Chicago Mob. In Burke's Gamble, one of his old friends is thrown out a fifth story window in an Atlantic City casino run by New York City's infamous Genovese and Lucchese mob families. Someone's going to answer, and payback's going to be a hoot! Slight of build and easy to dismiss, Bob Burke now runs a sophisticated telecommunications company and is often mistakenly called 'the telephone guy.' But as a highly-decorated. West Point 'ring knocker,' and former Army Ranger and Delta Force commander, he spent four tours in Iraq and the rugged mountains of Afghanistan running 'special operations' missions. He and his former sergeants are some of the most lethal killers the US government ever produced, and they don't take kindly to one of their own being murdered. This time, it will not be a simple 'Gumbah' hunt with sniper rifles in a Chicago Forest preserve. The target is a Mafia Don holed up in the penthouse of a large hotel casino complex in Atlantic City, backed up by a dozen of his own gunmen plus, an elite team of foreign Special Operations mercenaries brought in to take down Bob Burke and his men. While there's always a place for a Barrett .50-caliber sniper rifle, this time, in addition to his own Delta Force sergeants, Bob calls on two baby-faced computer Geeks, a three-star Army General, a Chicago police detective, a female Air Force Captain, Bob's new wife, a Russian computer programmer, and one of the world's best pickpockets on an overnight.' pass from Cook County Jail. From stealth helicopters to luxury yachts, and bodies in 55-gallon oil drums, the action is non-stop. This time, Bob and his 's Merry Band of Rascals aren't going to shoot it out with them, they're going to take the Mob's money, all of it!

If you like a good murder mystery suspense thriller, put this fast-moving Bob Burke series Delta Force action adventure novel into your Cart. It is another war and military best seller novel from the author of "Burke's War," 'The Undertaker,' 'Amongst My Enemies,' 'Thursday at Noon,' "Aim True, My Brothers," 'Winner Lose All,' and 'Cold War Trilogy.' Enjoy!

From Reader Review Burke's Gamble for online ebook

Frances Traber says

Very good

Lawrence says

Really good book

Had a hard time putting it down. Like to see the good guys win San do it with style should read book one first.

Clark says

I can always tell when I'm reading a good book because I am disappointed when the story is over and I have to say "Goodbye" to the characters in it. That was the case with this thriller by Bill Brown. It was refreshing to read a thriller that was not about Islamic terrorists and I commend the author for taking a different approach. Can't wait to read Bob Burke #3.

Roy Ringer says

As good as the first book. Really kept my interest. Can't wait to read book 3. Hopefully more will follow.

Mary says

Kept my attention from the first page to the last

Woody James says

U.S. Rangers against the Mafia, with help on both sides. Almost not a fair fight. OK I liked it anyway.

Carolyn G Heidkamp says

Certainly held my attention. Had to wait to find out the twisted truth behind one of Burke's friends and

former comrade in arms. great story. Loved it!!

Robert Browning says

The second book in the Bob Burkes action thriller series with much the same cast as in book one and this time one of their own is killed by being thrown out of a casino window. Again an all action turn of the pages with the build up confrontation at the end with the “good guys” winning the day. Somehow not as enjoyable as the first book as much the same going’s on and build up so didn’t keep my interest the same which was a great shame as i was looking so forward to it after reading “Burkes War” but if you like all action and the bandies getting their just reward then this is still worth a read.

Meg says

This book is an action-thriller from the start. With a seemingly unlikely protagonist (think: Clark Kent), the story starts with an apparent suicide, then adds military tactics, non-stop action and the Mob to the mix. These components are explosive by themselves, but the story goes further and adds Geeks. All of these make the story a very interesting read. I received this book as part of the Goodreads Giveaway program.

Roger says

A second very exciting book, recommend consideration

Bob says

Burke an ex special ops officer is settling into his role as boss of a telecom company in Chicago when he gets a call from an old team mate who is in trouble in Atlantic city. It seems the mate has over extended himself and is now in over his head in debt to the casino and is hoping to borrow enough to get him out of trouble. Burke responds and when he has to go to a local branch bank to cash a cashiers check things happen back at the casino. His mate is dead, having purportedly fallen from the window of the casino tower. Burke doesn't believe that what happened and thus begins a "war" between Burke and fellow special ops friends and the casino boss and the mobs he reports to.

Plenty of action in this one as Burke and company work o resolve and revenge the death (murder).

Jay Williams says

Although many of the basic characters are the same, the style of writing makes this a slightly better book than the first Bob Burke book. The continuing relationship between the current and former members of the ops teams provides a standard of loyalty and support that can be found no where else. This story revolves

around the death of Vinnie Pastorini at a casino in Atlantic City. Before the story is over Delta Force operators from other countries, Mafia gangsters, new and old lovers, a Three-Star General a killer cat and other strange things come into play as Burke and the team seek to do the right thing for their fallen buddy. Twist and turns, betrayals and violence keep the reader glued into the book. The writing is so good that you want to read it again, even though you know how it turns out.

Jeff Benham says

Bob Burke is back. Another thoroughly enjoyable and action packed novel!

Milton Moon Louie says

Burke heads to Atlantic City to deal with the mob and hired mercenaries. B

Joe Vitucci says

There is so much action, and most of it is pretty far-fetched. But I still read all of it and kind of enjoyed it, even though a lot of it is ridiculous. I do plan on reading more of his books.
