John Green's "Dakota Days" read like a really cracky but heartbreaking fanfic. I think that's the best I can sum it up.

I read this book at the behest of a friend. I'm not into the Beatles or John Lennon. Reading this book pretty much aggravated the crap out of me because both John Lennon and Yoko Ono come off as pretty cuckoo for cocoa puffs. The writing itself is easy to read. Since this was written by a former employee of the couple who I'm sure was looking to make some easy money, who knows how much of it is genuine. I'm sure at least some of it was exaggerated for dramatic effect.

The man, the myth....mostly about the man John Lennon.

## **Fred E. Parker says**

This book lets you see the man behind the curtain. So many people idolize this guy but we see that he is a mere human like the rest of us - yet not any less remarkable for what he accomplished in a life cut short by a yet another mentally ill person with all-too-easy access to a gun. The whole idea that someone has a "right" to a weapon that can murder another human being is ridiculous.

This gave me a headache. I suppose I could say that it was an interesting read because it works with a completely different angle than most Beatles/John Lennon biographies I've read (And I have read many, trust me), and because this is supposed to come from an "insider" I suppose I should give it some credit. In a way, I do - I mean, it does mirror a lot of thoughts that people surrounding John and Yoko have voiced, especially

during the Dakota days, but boy.. I swear that a lot of the times this just sounded like a bad, and horrible fanfic.

That being said, if you are a John Lennon fanboy, (one who can endure a couple of painful anecdotes and portrayals of John) you may want to check up this book.

### **Leland says**

I found this book tacky and hard not to put down in indignation. Written in sincere and gentle manner, it is written from the perspective of a Tarot card reader who found himself in John and Yoko's favor for a time in the last five years of John's life.
