**Melissa says**

**Great Story**

Another great story in this series. Edwina (Eddy) needed a way out of Boston before her Aunt married her off to a no good gambler. Being a mail order bride to Joshua was the answer to dilemma. The problem falls on the fact that he didn't place the ad and doesn't want a wife. It was fun to read their story.

---

**Lori says**

**Excellent**

I really enjoyed this book! Laughed n cried sign of an excellent author!! Will be looking for more of her books!

---

**Terri Nelson says**

edwina was a fun lady to get to know! To see the Tom Boy come out in her character was done real well. A lot of twists in the story, some funny while others were down right scary. She was very brave during the time in the canyon and was able to touch the life of Lizzie along with those she had grown so close to. I love how an unlikely 'midwife' saved the day in more ways than one. And through advesary, true love prevailed!

---

**Kathy says**

This was a compelling read full of surprises and adventure. It offered up so much more than I expected.

---

**Donna says**

Good book.

---

**Marlene Waldner says**

**I'm addicted to this series.**

Enjoying every author, every story about mail order bride. Their various adventures and challenges as these

delightfully strong women forge their destiny as brides.

---

### **Donna Rogers says**

#### **Great read!!!**

I wished there was more stars because this book is worth at least 10.. my favorite book of the series so far.  
Margaret Tanner as set the bar high...  
Loved it!!!  
5 down 45 to go...

---

### **Julie Jobe says**

While some of the the reviewers of this novella found the meddlesome sister, Amy, to be a funny character, I did not. She was downright hateful in her attitude when she accused Josh of always being selfish and she never seemed to really admit that she had no right to manipulate Josh or Edwina by writing letters under Josh's name. If anyone behaved wrongly in the situation, it was Amy. She was deceptive and acted as though she really did no wrong by behaving so. She accused Josh's former intended of being a manipulative social climber.

Amy may not be a social climber, but she was just as manipulative. No woman should goad a man into a relationship by trying to manipulate him and make him jealous. That's a dangerous game to play and it's messing with multiple people's emotions. I did not like Amy or how she treated her brother at all nor was I impressed with Edwina's haughty attitude when she first arrived or her deceptive behavior at the beginning. To me, neither of them were any better than the so called "manipulative social climber" that left Josh. I was not impressed with this book or any of the characters in it. I was also put off by the behavior and vulgarity of the Nesbitt clan as well as the references to both married men in the book having frequented a saloon before marriage for the purpose of using a prostitute. That is not a quality I find admirable in a man. I thought that the books in this series were going to be sweet and clean and this book just did not come across that way.

### **Jeene Hobbs says**

#### **Another groom who didn't intend to marry**

I like Josh and Eddy, I just didn't like their story much. The descriptions of land and life were very good. And Eddy certainly finds herself in a dangerous situation. I am looking forward to the variety of stories in this series.

---

### **Robin Malek says**

#### **Edwina has a definite drama**

I wasn't sure if I was going to get through the story with so much drama. Wow! I was worried that Eddy was not going to make it through to an HEA. Wow! Action packed!

---

### **Betty smith says**

Another wonderful book on this series. I have also found a new author I love to read.

---

### **Diana Gable says**

#### **Scary bits and nice bits.**

Its interesting how many different stories they have about the mail order brides.  
This particular story has a few harrowing moments in store for Edwina.  
Couldn't put it down for long between chapters.

---

### **Dana Dobias says**

#### **Typical Romance with Peril Added**

This is a typical mail order bride romance, but has a twist that reveals a subculture that doesn't follow conventional rules of American culture. It's a good story.

### **Jennifer Guffey says**

Edwina: Bride of Connecticut (American Mail-Order Bride #5)  
By: Margaret Tanner  
5/5 stars

Edwina aka Eddy, was desperate to leave Boston as her aunt disliked her immensely and was trying to force her to marry a young man, from a well-to-do Boston family, who was absolutely not who she wanted to be with. But Eddy's aunt was threatening to throw her out of the house if she didn't accept the proposal. With no other options, she decided the best course of action would be to become a mail-order bride.

Josh is used to his sister meddling in his life, especially since they are the only blood family left alive. But after being deceived by a woman, he is content to remain a bachelor for the rest of his life. But he soon learns that his sister corresponded to get him a mail-order bride. He's a gentleman, so he doesn't send her back immediately, but he's going to show her just how tough of a life he lives up in the mountains.

I really liked that Eddy was not intimidated and this was the type of life she preferred. I liked that she had useful skills that she learned as a young girl with her dad and continued practicing with her uncle until she left. I also like the drama and how she was able to take care of herself, but was able to see through Josh's

toughness and actually fell in love with him.

As near as I could tell, Eddy had no connection to the Brow Textile Mill like many of the other books in this series. Not that that is a requirement, just a notation.

### **Leanne ~ Tales From The Heart says**

I had the pleasure of receiving this ARC for review. Thank you Susan Horsnell for introducing me to another fabulous Aussie author. I look forward to discovering more of her stories.

This story is part of a collaboration between 45 authors to write 50 stories in this Mail Order bride collection. This potential bride raised in Tennessee (reminded me a bit of a Calamity Jane) and currently living in Boston is off to marry a man she's never met in Connecticut. In an era of railroad, horse and carriage and remote places where men outnumber women, is a time in history that may sound romantic but was hard work.

I loved the connection between the characters, the reluctance from the man who had previously been hurt both physically then emotionally. They overcame obstacles thrown in their way (no spoilers you can read it yourself to find out what) The story was seamless, I felt part of the story, almost smelled the surroundings and cheered them on for their HEA.
