**Flight** Fawn Bailey

**Delve deeper into the mafia world of Gilded Cage, where dominant alpha males take what they want and never look back...**

My name is Ryker Marino. There's only one thing you need to know about me. *I hate my f\*cking brother.* His bride, Ophelia, should have been mine from the start. I can give her what she needs. I can make her submit. And I am the one that will finally break her.

The curse of the younger brother follows me everywhere I go. I'm compared to Max every damn minute of my life. But not anymore. Not for much longer.

You were taught to root for the good guy. You never wanted to fall for the bad boy. I'm here to prove you wrong. I'm here to make your filthy dreams come true.

## From Reader Review Flight for online ebook

### **Mona williams says**

wow this one is really dark! two brothers trying to win the love of one woman. who will win? you have to read to find out what happens. a few surprises in this book too. a must read for sure!

---

### **Donna says**

I volunteered to read an Advanced Reader Copy of this book and to submit an honest review.

To Ophelia, Kain is Her Master, Her Kain, her One and Only. This is what she lives for until one night when Kain went way to far in sexually punishing her until he broke her spiritually and emotionally. Ophelia pushed him that night to punish her more and more, even agreeing to not use the "safe" word.

The end result was Ophelia practically becoming a vegetable and screaming whenever Kain came near her. When Kain realised he had to send Ophelia away in order for her to heal, he sent her to stay with his half brother Ryker.

Ryker had always loved Ophelia and wanted her for himself; however, she had been promised to Max. After the death of her family, Kain kidnapped her and kept her for himself. Now that she was with Ryker, he vowed that not only would he help her heal, he would make her love him instead of Kain.

Kain and Ryker had the same mafia leading Father whom they despised and wanted to see dead for all the horrific things he done to them and others.

Ophelia is caught within the triangle of three men as even their Father wanted to have her just to take her away from Ryker and Kain. at any cost.

Flight is a very dark sinister and sexual book that is also an excellent read that takes the reader further into the lives of the characters. Another great book by Fawn Bailey.

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

---

### **Amy Miller says**

Kain & Ophelia are back together, yet only for a brief time. Ophelia wants Kain to punish her, but when he goes to far will he lose her. Ryker is now trying to help Kain with Ophelia only he is conflicted with wanting her and her friend Ginger. The story was everything. Intense with the boys father Michael coming at them both, kidnapping, dishonesty, and confliction between all parties. It was even nice to have a little glimpse of Thorne, Rose, and Amber in this story. Just when you think the story has finally ended and Kain and Ophelia can have the life they long for, Kain drops a bombshell on her. I look forward to see what happens next!

---

### **Dawn Higgins says**

Holy Fuuuucking Moly, this series is deliciously dark but addictive, and just gets better and better.

If I loved Kain in the last book he was a lot more scary in this story, as he took that one step too far by breaking his doll and pushing her past her limits, even though she had learnt to love her master. He was gutted by his actions and in his haste to bring her back to him he recruits Ryker his half brother to help, even knowing that Ryker loved Ophelia in the past but Kain is desperate to bring his doll back to him.

Ryker is torn as he wants Ophelia to pick him when she gets better not Kain again. But he is torn as the young nurse that Kain has sent with Ophelia is also untouchable in their bargain that they made. This book was gripping, dark, raw, depraved, hot as hell but with sad and heart-wrenching moments, there were so many emotions I went through reading this book. It was a page turner at its very best, it was hard to put this down once I had started.

I loved how Ryker and Kain both came to rely on each other in the end, the ending I never saw coming but was a brilliant way to end this so that I now need the next book to see how it's all going to unfold.

---

### **Bethany says**

This is the second story in the Gilded Cage series and must be read after Wings. It's as dark if not darker than the first. Ryker, Kain and Ophelia take you through every possible emotion. The story is still engaging, there are so many plot twists and things happening that you keep the pages turning no matter what you're actually supposed to be doing. It's dark and depraved, it's sad and heart-wrenching. I've read Feather, and Wings which I loved, and have been looking forward to this book. You do need to have read Feather and Wings to understand this.

---

### **Karen says**

I've really been enjoying this series and this addition did not disappoint. Bring on the finale!

---

### **RoseyLovesBooks says**

Russian mafia princess Ophelia Sokolov turned submissive is back with her master Kain Archer after being rescued from a forced marriage to Italian mob prince Max Marino. Ophelia realises she would be so lost without the handsome Kain and that he's the only thing she wants. Except that Ophelia craves pain and when Kain finally relents and gives her what she wants, he breaks her. Nothing Kain does helps Ophelia so as a last resort he calls his half-brother Ryker Marino, who Ophelia has loved for most of her life, for help. Ryker tells Kain he'll only agree on one condition "Once she's all better. She gets to decide who she wants to be with. And if she says me, you're not going to fight it. You're just going to let her be mine." Italian mob prince Ryker wonders whether he and Ophelia, the love of his life and the girl he's been lustful after since they

were children, will ever be able to rebuild what they had before Kain came along. Kain and Ryker's father Michael Marino wants to end Kain and Ophelia and he's hot on their trail. Will Ophelia and Kain get their HEA? Note: this story ends on a cliffhanger

Fawn Bailey delivers a dark, twisted and suspenseful story that will keep you on your toes. I can't wait to read Nightbird, Book 3 of the Gilded Cage series.

---

### **April Symes says**

This is book 2 in a trilogy and it follows a free prequel which must be read in exact order so you can understand and follow the story. Now that Kain has his girl back, he pushes her way beyond her limits and turns to Ryker to try to save her. Book 2 has the reader taken on a boundary pushing journey. We have 2 brothers fighting for the love of one woman... Ophelia & Kain are happy and Ophelia needs Kain to push her limits but instead something goes horribly wrong and now Kain may lose her forever. Because of what happened , he turned to his hated half brother Ryker to help fix his "Dolly" but did he instead give him a way to take her from him- for good ? Who ultimately will win ? Another dark read with an ending that I didn't expect. Cant wait for book 3.

My rating: 4.8 stars \*\*\*\*\*

---

### **Book-Lovin-Momma says**

Ryker and Kain had a difficult relationship, and having Ryker try to get through to Ophelia only made things even more complicated. This was a story that went beyond what I expected, and I was sucked into their darkness. This was a fantastic read, and I had a tough time deciding if I liked Ryker or Kain more. It was such a sinfully good book!

---

### **ScarletFix says**

While the first book played with my emotions and loyalty, this second one blew me away.

These books are dark, so no matter what, you're not gonna find the perfect cookie cutter men here, but these men really are on a whole other level. Technically they're not good, but Fawn manages to write them in a way where you can't help but sympathise. You want to smother them and tuck away the heroine somewhere safe, but at the same time you're rooting for the heroine to get her happily dark ever after with her alpha hero.

The story is still engaging, there are so many plot twists and things happening that you keep the pages turning no matter what you're actually supposed to be doing. And even if you think in the end that they can have their good ending, you get a curveball into the next upcoming book. Because as we all know, cliffhangers are Fawn's specialty.

It's dark and depraved, it's sad and heart-wrenching and if you can't handle a little darkness, then this might not be the book for you. But if you can, then I suggest reading when you have enough time to yourself because you will not be able to put it down!

---

### **Sharon says**

This is book 2 in a trilogy and it follows a free prequel which must be read to understand the story. I was a bit on the fence with the prequel as it was a bit complex and I didn't understand or connect with the characters. Now that Kain has his girl back, he pushes her beyond her limits and turns to Ryker to try to save her. We are taken on a boundary pushing journey. I really wanted to love this story, but there were quite a few inconsistencies or confusing elements. Because, I am a person who has to know how this ends, I will read the final book, but based on how things are in this one, it won't be a favorite read. It's truly sad, as the basic book had so much promise, but it could have used better editing for flow and character development.

Hero 4 | Heroine 4 | Plot 3 | Writing Style 3 | Steam 4 | Romance 3 | Angst-Suspense 4 | Darkness 4 | Humor 1 | Secondary Characters 4 | Drama-Conflict 4 | Mystery 4 | Twists 4 | Action 4 | Pacing Steady | Dual POV | MF | Dark | Mafia | Twists and Turns | Part of a series | Overall 3.5 Stars

### **Erika Medina says**

This is the second story in the Gilded Cage series and must be read after Wings. It's as dark if not darker than the first.

After being forced into an arranged marriage Ophelia is finally back with her master, Kain. Ophelia has realized that she needs Kain's punishment to feel complete. After weeks of begging Kain to push her limits, Ophelia gets her wish but with tragic results. The punishment was worse than she expected.

Kain was gutted by his actions and in his haste to bring her back to him he recruits Ryker, his half brother to help, even knowing that Ryker loved Ophelia in the past. Kain is desperate to bring his dolly back to him. Hoping he hasn't lost her forever. Ryker is torn between helping Kain or not. He still wants Ophelia back with him. He will do anything to help her. I loved how Ryker and Kain both came to rely on each other in the end. There are so many plot twists within the story. And the ending...wow what a twist!! Love Fawn's stories!! They're not for everyone since they're very dark. If you are sensitive to certain situations then this book is not for you.

I received an arc of this book and chose to give my honest opinion.

---

### **Ana Rita says**

It's no secret that I love this author. If doesn't matter the pen name she uses I will always be eager to get more and more. Fawn Bailey is one of them. Her books are intense and dark with do much danger but also love in between. Some scenes might shock you but will also give you some hot flashes... Trust me.

Flight is her latest release and keep telling us the stories of Ophelia and Kain and Ryker.

But I need to tell you something. Have you read the first two books from this series? If you haven't you must because these books are not standalones so you will not be able to understand this series without those.

Ophelia and Kain are living together, finding the things they love in each other and trying to be happy but as you know danger is lurking in the shadows. When the person you trust the most breaks you, how can you heal? How can you get back in one piece?

Ryker thought that family was supposed to protect and love you till death do us part but when your own father kills his son...

If I thought that the first two books were intense... Hell this one is so dark.

The plot is superb, very well written, super engaging, dark and raw. I was thinking one thing but then this author had other ideas and things changed.

We will get some of the answers we were seeking but new ones will appear and guess what? You'll have to wait for the next book.

Darkness, crime, betrayal, madness are very present as well as love, friendship, hope and...

Fawn... What can I say? No new words so I'll stick with what I've said before. You rock and despite this books might shock some people I loved every page. Can't wait for the next one.

I voluntarily reviewed an Advance Reader Copy of this book.

### **Veronica LaRoche says**

Holy Shit. This series gets better and better. Ophelia & Kain are happy and Ophelia needs Kain to push her limits but something goes terribly wrong and now he may lose her forever. I love seeing Ryker back and now the brothers need to work together. Another amazing read and the ending wow, I need the next book ASAP.
