For Cam

Soraya Naomi

For Cam Soraya Naomi

He may be cocky and charismatic, but Mafia man Adriano Montesi is also madly in love with Camilla Guillermo.

Adriano's a man on a mission, yet Cam's magnetic pull toward him doesn't waver while he's busy building a new empire. Although, as their connection deepens, it does bring conflicting emotions to the surface. Emotions that seep into Adriano's psyche while he works to become one of the most powerful men in Chicago.

Camilla's life has been turned upside down ever since she joined the Chicago Syndicate and was reunited with Adriano. Finally, she has a family that she can depend on and the one man she's always wanted but who she could never claim.

But love within the Mafia is more than complicated; it's explosive.

And now that Adriano and Cam are both members of the Chicago Syndicate, not only has everything changed, but their new roles are accompanied with new rules, new players, and new deadly enemies that must be dealt with while they're still cleaning up the dirt of their past.

A Romantic Suspense in dual point of view.

***For Cam* can be read as standalone, but it's advised to read book 3 *For Adriano* before book 4. Book 1 and 2 center around another couple.**

*All other books in the series are standalones.

Novel Grounds Semi Annual Literary Awards 2014 winner of Best Breakout Novel *For Fallon* (Chicago Syndicate, #1).

Olga therebelreader says

This book makes you go through the gambit of emotions. It can be read as a stand alone without any difficulty; some of the previous storyline characters play secondary roles but any important information from the prior stories is imparted where necessary.

The premise follows Adriano and Cam's building relationship into a world of murder and mayhem. Adriano is the *Capo crimine* of the Chicago Syndicate, in other words the Boss! Camilla (Cam) is the daughter of the Syndicate's former boss, and a *Capo*. She is to be treated in respect and be well protected.

The author did such a great job developing Adriano's character. He becomes one of the most powerful Mafia bosses in Chicago and I can say that he is perfect amounts of bad and eventually sweet. Adriano might be the devil but he is a charming one for sure... Cam is strong and does not let herself get walked over for anything! The sex scenes between them are very well written and no matter how many there are in this book, I didn't roll my eyes once!!

Adriano's ties with other mobsters still disturb his world and his own way of handling problems don't always run the straight and narrow. His ways will surely get under your skin, but also will he totally get into your heart! New enemies and deadly threats are going to challenge his relationship with Cam. In order to improve their relationship, they'll have to learn about themselves, to be honest with each other and find a better way to communicate.

This book had me on the edge of my seat! The drama, suspense, the love and sex are just few of the things that make this book awesome as hell and worth reading.

Michelle Brace (Wicked Babes Blog Reviews) says

Another great book in Soraya's Chicago Syndicate series. I fell in love with this series and the characters from the very first book and I seriously look forward to the next. Soraya does a great job writing these stories and getting you hooked on the book. For Cam had a bunch of twists and action. The characters were amazing and I love how much they care about each other. We all want a love like they have.

Adriano fell in love with Camilla three years ago. At the time he thought it was just lust but he became obsessed with her. She is his "reverse kryptonite" as one of the characters call her. She is his weakness yet she is what makes him super strong. He will do anything to protect her and keeping her safe in this book will prove to be a challenge. It seems like fate is against them being happy together but they are going to let fate

get in the way of their love. In the words of Adriano "A saint changes for love. A sinner kills to hold on to love. And I'm not a saint."

You have to check out this amazing series. Although you don't have to read the others before to enjoy the book I think you should at least read *For Adriano* so you can get the full story of their relationship. You won't be disappointed in reading this series. I can't wait to read the next one and will be eagerly waiting for its release.

I received an ARC in exchange for an honest review.

This is the fourth book I read from this series and it's another win for me! This author keeps me on edge during reading and even though I had a few busy days I had a hard time putting this book aside.

In the first 2 books I didn't really like Adriano but in 'For Adriano' he made me fall in love with him. In 'For Cam' they both have to adjust to their new positions within the mafia. How do you work together professionally when you're also involved romantically? Adriano acts overprotective and his position of boss is changing him. Both have a hard time adapting to the new situation. He still has his hot, dirty mouth and even this strict mafia boss showed his romantic side at the end of the book which I really loved.

There were lots of dangerous situations, devastating decisions to make, lots of lost time and a heart-breaking situation which had me crying a lot. I loved it from the beginning till the end!

I was glad to find out that there will be another book in this series. In 'For Cam' you find out who the Logan is for her next book 'For Logan'. I really liked 'this person' and am looking forward to his book!

Camilla Guillermo's life has been turned upside down ever since she joined the *Chicago Syndicate* and was reunited with Adriano Montesi, the cocky and charismatic Mafia man who captured her heart two years ago. Finally, she has a family that she can depend on and the one man she's always wanted but who was never truly hers before. Love within the Mafia is more than complicated; it's explosive.

Before *For Cam* I would have told you *For Fallon* was my favorite... and then we learn more about Adriano and Cam's relationship! It's explosive, gut wrenching, amazing, loving, and so much more. I was shocked at the feels of this book! Oh my! It was fast paced, extremely emotional, and unputdownable. Yes, that's not really a word unless you're a book nerd like me. But the power to be so drawn in that you stay up until the wee hours of the morning just to find out what happened, and then stare at the ceiling because you just can't believe it, and you need more... that's an unputdownable book! It's superfly and wonderful. I've been so drawn into the *Chicago Syndicate* and can't wait for Logan's book.

Oh, the web we weave and how that web includes work, life and our hearts. Often I wonder what will happen when those with hard hearts have them unlocked. After reading about Luca and Adriano, I've come to believe that there is hope for those with hard hearts. Love will change them in the best way! ~ Heather, 4.5 Almost Perfect stars!

Angelina says

I saw there's a box set now. The couples stories have been bundled in:

Fallon & Luca - <https://amzn.com/B01GBXO1JU> (book 1 and 2)

Adriano & Cam - <https://amzn.com/B01GBU2XSY> (book 3 and 4)

I'd say that Adriano & Cam (book 3 and 4) are a little darker than the first two books. You can also skip book 1 and 2 and dive into book 3.

-

After For Adriano (#3), I was skeptical if this author could continue the upward progression in her books. I enjoyed the first and second book that revolve around another couple, but I was engrossed by Adriano in his book, For Adriano. It was a top notch sensual mix of Mafia love interwoven with an intriguing plotline. But Soraya Naomi didn't fail and For Cam is - in my humble opinion - the best book of this series!

I'd say every book can be read as a standalone since the set-up is quite unique and clever, and you can jump in at every book. Written in multiple pov, the chapters flow perfectly. This series is plotdriven but is always supported by developed characters as well (not too developed so that it takes away from the edge-of-my-seat plotline).

The main characters are fierce and loyal to a fault. It was simply amazing to see Adriano evolve without losing his devilish ways. And Cam is an awesome heroine, who doesn't let her alpha male boyfriend push her around. This makes for some steamy and angsty scenes. The chase scenes are riveting and eerie sometimes, but I couldn't stop reading. The, at times, lyrical writing style make the emotions and feelings just jump off the page. I especially think this series stands out from other Indie Romances because of the intensity and intriguing dialogue, which I read some readers found formal, but I think it adds so much depth to the plotline and characters. I would definitely not enjoy these intelligent, smart killers if they talked/acted like teenagers.

It kept me guessing throughout. It made me cry. It made me tingly. The series gets more suspenseful with every book, and I loved the storyline - I even checked if it would be possible (the "major twist"), and it is possible apparently!!! It's very creative. Although I don't care if it's plausible because it was something I've never read before and thought it added so much to the suspense and tenderness of Adriano's character. I'd prefer the intense and over-the-top storyline to continue in book 5; that's what Mafia Romance is all about! I don't want realism, I want escapism!

I especially enjoy the long epilogues this author writes a la KA. After all the emotions I went through, I needed that epilogue!!!

It reads like a movie or a TV-show. This would be a great TV-series, by the way. The plotlines are perfect for TV - it's so exciting and unpredictable.

Sammy- Just Let Me Read says

Adriano and Camilla are back for more sexiness and action in the fourth installment of the Chicago Syndicate series. The story picks up where For Adriano left off, with everyone is trying to fit in to their new roles within the organization. Things in the Syndicate are never easy, and Adriano and Cam find themselves battling enemies at every turn while trying to build a future together.

Cam has grown so much since her story began, and she takes her role in the organization seriously. She is far from a damsel in distress and holds her own among the big players. She and Adriano have obstacles that they need to overcome, as both of them struggle to fit into their positions as leader and Capo of the Syndicate. Adriano is still as sexy, possessive, and dominating as ever, and he does whatever it takes to protect what is his. They quickly find that working together while in a relationship is a challenge, and outside threats have them fighting for their relationship, their family, and their lives.

This book, like the others in the series, is told in dual POV. I loved seeing this through the eyes of both characters as they navigated their relationship and the empire that they were trying to run together. I loved the dynamic between the two of them. Their relationship is an extremely passionate one. They love each other fiercely, and are completely possessive of each other. When they fight, they fight hard, and their love was tested more than once in this book. There are times when jealousy gets in their way, but they are both loyal and devoted to each other, despite the outside interference. And when these two got together in the bedroom- woah. Their chemistry was so hot and their interactions were so intense. Sex between them only got hotter and hotter as their love for each other grew.

As with the other books in this series, Soraya Naomi writes a story with the perfect blend of action, suspense, angst, and romance. The challenges that Adriano and Cam face in this story are both thrilling and heartbreaking. There were several points where I had no idea what was going to happen in their story. This author is so talented at throwing twists and turns that keep the reader guessing. Just when you think you know what is coming, she hits you with another twist that will have you on the edge of your seat watching to see how things will play out.

I love this entire cast of characters, and was pleased that we got to see a lot of Luca and Fallon in this story, including a couple chapters in their POV. I was so thrilled to learn that there will be a fifth book, because I seriously cannot get enough of this series. Another five star book in this amazing series!

--Reviewed for Just Let Me Read

Debra says

4 Stars!

For Cam is the fourth installment in the Chicago Syndicate series by author Soraya Naomi and it was once

again a winner for me. This book can be read as a standalone, even though there are plenty of continuous elements in the storyline from the previous three books.

Adriano is the new capo crimine (mafia boss) of the Chicago Syndicate and Cam (daughter of the former mafia boss) is now an official capo. The new dynamic in their relationship isn't always easy for them, but along the way they're able to find a balance between work and their private life.

As for the rest of the storyline, there were a lot of unexpected turns of events that kept me on the edge of my seat the entire time I was reading this book. It was a true pageturner filled with action, love, lust and a sufficient amount of drama.

Throughout the series I have really come to like Adriano and Cam as a couple. Even though Adriano sometimes handled things in a way I didn't always like, in the end he won me over completely and I especially liked the way their relationship developed throughout the story.

All in all, I would highly recommend everyone to read this book and especially those who are fan of mafia stories of the romantic suspense genre.

Courtney says

I do not even know how to begin this review. It's been days since I finished this book and I still can't put into words everything that I want to say about this book. I highly recommend reading this series in order. This book can be read as a standalone but in order to get the most out of this book, it's best to read everything in order.

For Cam is the fourth book in the Syndicate series by Soraya Naomi and each book just gets better and better. This book has everything - tension, suspense, angst, steamy scenes, gut-wrenching parts - this is TRUE ITALIAN MAFIA!!

"A saint changes for love. A sinner kills to hold on to love. And I'm not a saint."

Cam is Adriano's girlfriend and she is one fierce woman. Adriano is now Capo Crimine and Cam is his Capo. But it's much harder to protect the ones you love when they themselves are always going to put into danger being part of the mafia. And Adriano ends up learning this a very hard way.

"Il mio angelo. Sei diavolo."

There is so much action and suspense in this novel, I absolutely loved it! It propelled the story forward and kept you ankle deep in everything. There is a lot going on, but Soraya does such a great job of never confusing anything and always keeping things moving at the same, perfect pace. I will warn you - Soraya does not hold back on what the hell the Mafia do to enemies. I can't tell you how many times my jaw just dropped to the floor. It's one of the many reasons I love reading her books!

These characters are written with such creativity and same with their empire. You can picture everything and it feels like you are right there - right in the middle of it all. I can't say enough about how well written this book is. I am blown away by the perfect blend of everything. The passion, not just between Cam and Adriano, but within the Mafia family and the blood families. The aggravation and how unrelenting Adriano becomes during those high-tension situations - you feel it all!

My review won't come close to telling you how unbelievably amazing this book is. I have to say, it is probably my favorite in this series. If you want, suspense, action, hot & steamy scenes all wrapped into the perfect package - this book is for you.

Dee Montoya says

****4 Stars****

(ARC kindly provided by author in exchange for an honest review)

Cam and Adriano are so perfect together. They are each others weakness as well as each others strength. Reading their story was so entertaining and so hot, making this book the perfect winter read...

"When we're apart, neither of us is whole. But together, we blossom. Our bond has proven to be unbreakable by any force."

In this book Adriano and Cam are both trying to deal with their new identities; him as the new Mafia Boss and Cam as the daughter of the former Capo. The crime life is full of danger and threats for the both of them so they look for solace in each other's arms. When they are between the sheets their love ignites , and keeps all the darkness away.

Cam is a very strong female character and I loved her for it. She was born to play the role next to her man as Capo, even if she had to defy him a few times. Her passionate personality drives Adriano crazy with love and sometimes with frustration, but no other woman can compare to his Cam. She owns him, heart and soul.

Adriano knows he needs to be ruthless in order to be the best boss he can be. He and Luca are running the new underground club and all the events with the previous owner have set in motion a very dangerous war where no one is safe and the two best friends, Adriano and Luca are willing to do everything to protect their loved ones.

Chapter after chapter Soraya Naomi delivers an action packed story where you barely have time to breathe. So many twists and turns, nothing about this novel was predictable. The writing style was so beautiful ,each

word was bleeding intense emotion into the pages of this book, making you feel as if you were center stage to everything that was going on inside the story.

Most of all, I really loved the epilogue, because I'm not going to lie, there were a few times times that I had my doubts about whether Cam and Adriano were going to make it. The author really kept me guessing , but then she gifted the reader with a really beautiful ending that was the perfect seal for this very fervent couple.

I'm not usually one to love these Mafia themed books but Soraya Naomi has turned me into a big fan of the Chicago Syndicate series. Definitely a must read for those looking for both thrill and hot romance in a story.

Tracy says

I loved this book! The writing flow is spot on and the story is perfect! I really enjoyed following the journey of Camilla (Cam) and Adriano and the love they share is totally mind blowing, electric and explosive!!! Cam's father James was the Mafia boss and only agreed for Cam to be in a relationship with Adriano if he took on the roll of boss so that he can provide unlimited protection for Cam.

Adriano accepts the role and becomes the Mafia boss of the syndicate in Chicago. But with the extra responsibilities of the job and a syndicate that is growing, the pressure begins to show.

Im not going into great detail because i don't want to ruin the story for others so i will just say that there are an astounding amount of twists and turns and for a while things take on a very grim outlook.

Will Adriano be able to keep business and pleasure seperate?

When things go wrong, will their love pull them through?

Will Cam and Adriano ever be able to live their HEA?

Reviewed by Tracy@LadiesOfLoveBookBlogAndGraphics

Katie Theobald says

This series is getting better with each novel. With each new installment the series and the syndicate goes from strength to strength, with the new dramas and difficulties for the member's of the syndicate to overcome.

This being the conclusion to Adriano and Camilla's story it was mainly focused on the couple. The balance of trying to juggle their relationship with Adriano's new role in the syndicate, including a vindictive ex with an ulterior motive, wanting more than a beneficial business transaction.

There were so many twists, turns and obstacles for Adriano and Cam to overcome, I was hooked from start to end and had a few “WOW” “OMG” and moments where I was in total shock at what was happening. It proved the theory that it's not what you know but who you know that makes the difference, and Adriano benefits having friends in very high places.

I'm loving all the regular characters and getting to know others more in depth, as well as loving the blossoming friendship between Cam and Fallon, they are a good influence on each other and balance each

other out well, not forgetting Cam's wild and unruly little sister Rosalia. Looking forward to more about her antics.

Looking forward to a very much anticipated Chicago Syndicate #5 hopefully not too far in the future.

Anna says

I love this series !!!!!

Melissa Mendoza says

“Then he bites the soft spot where my neck meets my shoulder as he clutches the curve of my hips and @ss, sliding around to my stomach and down to cup me between my legs. He groans against my skin as I tilt my head to give him better access and throw my arm back to grip the hair at his nape.”

5 mafioso stars!! I love a good mafia book and this book was it for me!! Intense, sexy and beyond thrilling!

I'm not going to give too much away with my review, but I'm going to say that I was sucked in from page one and didn't come out until the end!! It's sexy, intense, thrilling and off the charts hot!! This book and series is so worth the time and the read!!! Grab it now!!

Farah *Professor Dean's Beauty* says

The stories have been bundled in:

Fallon & Luca - <https://amzn.com/B01GBXO1JU> (book 1 and 2)

Adriano & Cam - <https://amzn.com/B01GBU2XSY> (book 3 and 4)

Another amazing addition to the Chicago Syndicate series. A page-turner from beginning to end, I enjoyed the surprise element of the storyline. I felt something was going to happen while reading, and several major things happen that make this an outstanding read. Her writing has come so far, and this story flowed so well. The plot is somewhat intricate, but really cool, and not predictable with twists and turns you may see coming, but I didn't - especially one major twist!

Both characters are obsessed with each other, but their Mafia world makes it challenging to live together, which results in a thrilling romantic suspense. With another long epilogue, like in For Luca, that made my heart melt.

A small gif impression of what I went through:

I'm excited to start.

Then angst builds...

And builds, with very sweet, sexy scenes!

Then I'm screaming and turning pages like crazy.

Then I'm shocked, crying, laughing!

With twists and turns you may see coming, but I didn't - especially one major twist!

The end.
